The most remarkable climbing rose that has ever been introduced. It is of Japanese origin, perfectly hardy, and the most rapid growing, free-flowering variety we have ever seen. Flowers are a beautiful rich crimson color and produced in great clusters throughout the entire season.

This is a rose that will please everyone and is highly recommended by the leading authorities in both America and Europe. Price 20c each, 3 for 50c, postpaid.

A beautiful creamy white climbing rose that is a grand companion for the Crimson Rambler. The plant is a strong, vigorous grower, hardy in all sections of this country, and undoubtedly the most valuable while variety that can be secured. The flowers are of a good size, a delicate creamy white and borne profusely the entire summer. Price 20c each, 3 for 50c, postpaid.

THE ABOVE TWO ROSES FOR ONLY 35 CTS., POSTPAID.
An enormous yield of Sweet Peas the past season enables us to offer them at the lowest prices. We desire to call particular attention to our Giant and Gold Medal mixtures which are undoubtedly the most superb collection of colors ever produced.

**Grace May** — The largest, sweetest and most free flowering of all the white varieties. Pkt: 10c, oz: 20c, ½ lb: 50c, lb: 1 50.

**Fire Fly** — Large flowers of a bright crimson scarlet. Pkt: 50c, oz: 10c, ½ lb: 25c, lb: 50c.

**Stanley** — Rich deep maroon. The darkest of all. Pkt: 10c, oz: 15c, ½ lb: 35c, lb: $1 25.

**Blanche Ferry** — A popular pink and white. Blooms profusely. Pkt: 5c, oz: 10c, ½ lb: 20c, lb: 75c.

**Primrose** — Splendid form, color primrose yellow, very attractive. Pkt: 5c, oz: 10c, ½ lb: 25c, lb: 75c.

**Blue Bell** — Mammoth blue flowers shading to purple. A great favorite. Pkt: 5c, oz: 10c, ½ lb: 35c, lb: $1 00.

**Minnie Keepers** — A lovely variety of a delicate lavender shade. Pkt: 5c, oz: 10c, ½ lb: 20c, lb: 75c.

**Blushing Beauty** — Extra large flowers of a delicate rose color. Pkt: 5c, oz: 10c, ½ lb: 25c, lb: 75c.

**Lady Penzance** — Bright pink, beautifully laced with rose. Pkt: 5c, oz: 10c, ½ lb: 25c, lb: 75c.

**Gaiety** — White with rich crimson stripes. The showiest of them all. Pkt: 5c, oz: 10c, 1-4 lb: 35c, lb: $1 00.

**Venus** — The only salmon colored variety we have ever seen. No one should fail to secure it. Pkt: 5c, oz: 10c, 1-4 lb: 25c, lb: 50c.

**Monarch** — Handsome bronzy crimson with purplish blue wings; pkt 5c, oz: 10, 1-4 lb: 30c, lb: $1 00.

**Emily Henderson** — The well known white so extensively advertised of late; pkt 5c, oz: 10c, 1-4 lb: 25c, lb: 75c.

**Any Sevenpackets, 25c**; fifteen packets for 50c. Your choice of above varieties. Three ounces (your selection) 45c, or 7 ounces for 50c.

**Good Mixed** — This is a splendid mixture of choice varieties and is equal in every respect to the mixtures sent out by many firms as their "Finest." Pkt: 5c, 1-4 lb: 15c, lb: 50c.

**Giant Mixed** — Here we offer a selection saved from the largest and most perfect flowers. It is an assortment of the choicest named kinds and something that we are confident will please your friends by the mammoth size of flowers and great variety of coloring; pkt 10c, oz: 15c, 1-4 lb: 40c, lb: $1 00.

**Gold Medal Mixture** — An assortment, that for coloring, size and fragrance is unsurpassed. It includes only the choicest novelties of late introduction. Many of the blossoms measure from one and a half to two inches in diameter and range in color from the deepest crimson and maroon to pure white, while some are striped and veined in the most charming manner. Our friends who desire something extra fine will be delighted with our Gold Medal Mixture. Pkt: 10c, oz: 20c, 1-4 lb: 45c, lb: $1 25.

**Philad., Pa.** — Your Sweet Peas are the finest I have ever raised. The Grace May is especially charming. John Wannahaker.

**Marshall, Ill.** — Your Sweet Peas are just lovely. Ella Hybaker.

**Louisville, Ky.** — The Sweet Peas and Pansies secured from you are the finest I have ever seen. D. J. Brands.

The Best Seeds at Reasonable Prices. 

This has always been our endeavor, and we are happy to say that no other house in America can supply the best seeds at prices any lower than our own. The fact that we are extensive growers gives us the inside prices and saves our patrons the middle man's profit.

Our Experience

Proves to us that the educated, sensible seed buyers of to-day prefer good seeds and good sized, well filled packets at reasonable prices rather than poor seeds at a high price from an expensive catalogue.

May's Seeds Postpaid.

At the prices quoted in our Catalogue we prepay postage on all seeds ordered by packet, ounce, quarter pound, pound, pint or quart. On seeds in larger quantities, or offered by express and freight, purchaser pays the charges.

You Save Money. . . No Heavy Expenses.

You can readily see by our prices on many varieties that we can save you money. Our expenses are comparatively light, owing to the fact that we do not (as many seed firms are doing) spend $30,000 or $40,000 per year in advertising. This money has, of course, got to come from the customer, and those buying from such firms are not only paying a high price for seeds, but an extra expense for heavy advertising. Our patrons save us this by giving the names of those of their neighbors who buy seeds, and we are always glad to reciprocate by adding extras to their order for the trouble.

We Want the Names of Buyers.

of any of their friends whom they know to be buyers of anything in our line.

We Are Seed Growers.

follows the sowing of seeds that are purchased from commission dealers throughout the country, seeds which in many cases have been under the counter for years and are worse than worthless to a gardener or farmer.

The Best is None too Good for Our Patrons.

And we realize this as much as any of our largest market gardeners, and we know there is not a firm in the world who are more particular regarding the purity of their seeds than we are, but still like all other seedsmen we do not give any warranty, express or implied, and if the purchaser does not accept them on these conditions they must be returned at once. We cannot warrant, them as too much depends on the season, soil and care given them, and every person of judgment can test this as well as ourselves. We always test the seeds as soon as received from our growers, so that nothing can possibly be sent out that is not thoroughly first-class in every particular.

Give Northern Grown Seeds a Trial This Year.

That's all we ask. The thousands of customers we supply with our Northern Grown Seeds every year, and our constantly increasing trade, certainly shows they are increasing in popularity every season, and will in time be sown in preference to any others by every wide-awake gardener and farmer. To those who have never tried our Northern Grown Seeds we only ask that you give them a fair trial this year and we know you will wonder why you did not use them before. Remember a trial is all we ask; our seeds will do the rest, and you will thank us for urging you to try them.
THANKS to our many kind patrons who have assisted us greatly by recommending May's Northern Grown Seeds to their friends, our business has increased so rapidly that we now have thousands of acres of land planted to our seeds. We now offer these seeds to others who wish to plant them on their own land. We have now increased our stock so that we can supply any quantity desired.

Big Discount on Seeds in Packets.

Purchasers remitting $1.00 may select seeds in pkts. amounting to $1.30

$1.00 3.00 5.00

$2.00 5.00 8.00

$3.00 7.00 10.00

On all amounts above $5.00, 30c. additional for each dollar's worth.

Our facilities for handling the immense business with which we are favored are unequalled. Our Northern Grown Seeds are acknowledged to be superior to all others, being earlier, harder, and more productive. Small Fruits—We desire to call particular attention to this class of seed, where time is limited space we have been obliged to list only a very few of the choicest varieties. Seed Potatoes—We are probably the largest growers of Seed Potatoes in the Northwest, and list a few of the best varieties. Our Plants, Roses, etc., have, owing to their size and strength, rapidly advanced in popularity, and as growers of plants we are second to none. Our mode of packing plants for safe transportation is unequalled. We have spent considerable time in experimenting with long shipments, and guarantee the safe arrival in good condition of every plant we ship, no matter to what part of the world they are sent. We test all our seeds as soon as received from our growers, before an ounce of it is accepted, thus ascertaining the germinating qualities of the seed. The Trial Grounds are situated but a short distance from our warehouses, where we test the true strength of the type as well as germination. Freight rates are very low from this point. St. Paul being the largest railroad center in the Northwest, gives us a great advantage.

We grow our seeds and do not rely on the open market as do a great many so-called seedsmen. In close proximity to St. Paul we have extensive farms devoted to the raising of nearly all kinds of seed. Of course, some varieties do better in other sections, such seeds we have grown for us by special growers.

Your order, no matter how large or small, will always receive our prompt and careful attention. Postoffice Money Orders may be obtained at nearly all postoffices at a small cost. This is a good way to send money. Drafts on St. Paul, New York or Chicago can be obtained at any bank and are perfectly safe. Express Money Orders can be had at the offices of American, United States, Adams, Northern Pacific, Wells, Fargo & Co., Great Northern, or any other express company. Registering Letters costs 10 cents, and money should be sent this way in case it cannot be sent by any of the above methods. Postage stamps accepted for sums less than $1.00. When remittances are not made according to these directions, we disclaim all responsibility. Don't forget your name, postoffice and state. Order Early—To those ordering seed in bulk we advise sending your orders as early in the season as possible; by so doing they can have their seeds shipped by fast freight and thus save the express charges. It will pay our friends to remember this. Personal Checks—Do not send personal checks as we are obliged to pay for collecting same and will therefore have to deduct this charge from your order. Express and Freight—Many of our customers do not stop to consider the difference between express and freight charges, and frequently order their seed by express when it could be sent by fast freight just as well, and at a much less expense. The express rates are from three to ten times as high as the freight. Please remember this and give directions accordingly.

GOOD BOOKS GIVEN AWAY.

These books are not given up for our own special benefit, recommending only such things as we sell, but are standard publications of great value. They are written by authorities on the subjects of which they treat.

The American Family Cook Book. Given free with a $1.00 order.
The Practical Guide to Floriculture. Given free with a $1.00 order.
The Practical Horse and Cattle Doctor. Given free with a $1.50 order.
The Practical Poultry Grows. Given free with a $1.50 order.
The Practical Fruit Grower. Given free with a $2.50 order.
The Ladies' Model Fancy Work Manual. Given free with a $1.00 order.
Insect Foes. Given free with a $2.00 order.
Onions: How to Raise Them Profitably. Given free with a $2.50 order.
Ensilage and the Silo. Given free with a $3.00 order.
Fisher's Grain Tables. Given free with a $2.50 order.
Canning and Preserving Fruits and Vegetables, and Preparing Fruit Pastes and Syrups. Given free with a $2.50 order.
Potatoes: The New Potato Culture. Given free with a $4.00 order.
Money Crops: How to Grow and How to Sell Them. Given free with a $2.50 order.
A Fortune in Two Acres. Given free with a $2.50 order.
May's Giant Vegetables Going to the Fair.

Some Open Letters.

Gordon, Wis.—From your seeds I raised Red Wethersfield Onions weighing 1½ pounds each, they took the prize at the county fair. Had cabbages from your stocks weighing 35 pounds each after trimmed, and could only get three into a kerosene barrel. My tomatoes measured over six inches in diameter, and I got premiums on Hubbard Squash as well as every thing else I had at the fair. Enclosed find $7.00 for the enclosed order for seeds.

Hudson, Wis.—From your onion seed this season I raised over 1,000 bushels of Red Wethersfield per acre, and over 500 bushels of White Globe per acre. This is 40 per cent heavier than I've ever had from any other seedstock, and I take pleasure in recommending May's Onion Seeds to every grower.

Pleasantville, Ia.—Your seeds are all they are represented. Early Surprise is a surprise sure, and Hundred Weight is the largest cabbage I ever had.

Arkansas City, Kan.—I think Northern Grown Seeds are the seeds for this section. SALT LAKE CITY, Utah—Had some of your Pansy seeds the past two years and have raised the finest pansies I've ever been able to produce from seeds.

San Lorenzo, Cal.—Rose bushes arrived in fine condition. Am well satisfied with the entire lot.

Lincoln, Neb.—Just received my roses and am more than pleased with them. I did not expect such large ones.

Kenwood, N. Y.—Received plants in good order. Am very much pleased with them; they were not wilted a bit.

Graugnammington, Ireland.—Your flower seeds are doing finely here. Shall send for some more soon.

French Prize Pumpkin—A French giant that will please and at the same time surprise its growers in America this season. Reports of specimens weighing over 300 lbs. have been made. Let's see what we can do with it in this country. It's a great keeper and can't be beat for quality. Pkt. 10c, oz. 35c.

Prizetaker Onion—The acknowledged giant of this class of vegetables. It's a mammoth yellow variety of mild flavor and an onion that every one should have. Single bulbs have weighed over 6 lbs. each. Pkt. 10c, oz. 25c.

May's Hundred Weight.

The Largest Late Variety.

A grand cabbage for late use, remarkable for its immense size, solid-ity of head and wonderful keeping qualities. The heads are round, rather flattened at the top and grow uniform in size and shape, presenting a very hand-some appearance and making a most valuable variety for market purposes. If you want a first class late cabbage, you can't find one that will beat May's Hundred Weight. Pkt. 15c, 2 pkts. 25c, oz. 35c, lb. $1.00. lb. $.60.

Giant Southern Water Melon—The largest variety we have ever seen. It possesses a sweet, juicy flavor and should be tried by every lover of good melons. The size, quality and yield will surprise you. Pkt. 10c, oz. 25c.

May's Mammoth Tomato—A famous variety that is unequalled for quality and weight, many of the tomatoes weighing over 3 pounds each. A few plants of May's Mammoth will supply you with fine tomatoes the entire season. Pkt. 15c, oz. $1.00.

Giant Pera Cucumber—Long, smooth, straight and of a beautiful green color. Flesh white, crisp and tender, very few seeds. Immense yielder. Pkt. 10c, oz. 10c, ½ lb. 40c, lb. $1.15.

Yosemite Mammoth Bean—No bush variety can approach it in size, flavor, yield or beauty of pods, which are a bright golden hue and exceedingly tender. No one should fail to have it in their garden. Pkt. 10c, pt. 25c, qt. 45c.

May's Perfect Pickling Onion—For the finest of all the onions for pickling. It grows rapidly but remains small and is of a very mild flavor. We have tested it with all kinds offered for pickling, but find none equal to Perfection. Pkt. 10c, oz. 15c, ¼ lb. 50c, lb. $1.50, postpaid.

Lightning, The King of Early Beets—Absolutely the earliest variety ever introduced. It has been carefully tested by the side of Eclipse, Egyptian and many other extra early varieties and has proven to be earlier than any of them, and of much finer quality. The roots are a fine turnip shape, as shown in the illustration; skilfully smooth and flesh a deep blood red and of the most tender quality. Pkt. 10c, oz. 25c, ¼ lb. 50c, lb. $1.50.

Table Queen Carrot—The grandest of all the table varieties. In form it resembles somewhat Chantenay, but is larger and a much heavier cropper. Color rich golden orange. Pkt. 10c, oz. 15c, ¼ lb. 50c, lb. $1.25.

May's Perfect Pickling Onion.

Table Queen Carrot. — Your choice from this page.

20 Choice Everblooming Roses for $1.00, Postpaid.
THE HOT BED.

In this section the hot bed is generally made about the last of February or first part of March. Secure a quantity of fresh horse manure which contains a good supply of bedding, or leaves if possible; mix these thoroughly, pressing down in layers so that fermentation will proceed even in the coldest weather. In the course of a few days fermentation will be noticed by steam arising from the pile. After this begins turn again and allow the heap to remain a few days longer. The manure is then made as fine as you desire. Let the frame be of heavy lumber at least one inch thick. It should be located in a sheltered situation, facing either east or south. The earth height is fifteen inches at back and about twelve at the front. Care should be used in making the bed to have it perfect dry solid and as uniform as possible so that the soil will settle evenly, and heat alike in all parts. After the manure is trodden down firmly in the pit put on the sand and allow it to remain a few days or until the heat subsides to about 90°, then put on the soil to a depth of about seven or eight inches. The soil must be thoroughly mixed, about 85° or 90° of the heat having been made during cold weather, this is done by raising the sash at the back of the hot bed. Carefully "harden off" the plants before transplanting the cabbage and diminishing the temperature gradually. The temperature of the air and the heat in the hot bed are steady uniform heat, proper moisture, and good soil.

A COLD FRAME.

This simply a frame placed on the ground, no bottom heat being applied. On the outside during the winter it is banked with straw, hay or coarse litter. The soil should be very rich and is generally prepared by forking in and mixing thoroughly to the depth of ten or twelve inches a liberal dressing of stable manure. After this is done, sow the cabbage and cauliflower, and in 25 days it will be ready for transplanting. When the weather is severe the beds must be closely covered with the sashes and then another covering of straw mats over the sash. If possible place the frame in a sheltered situation.

THE VEGETABLE GARDEN.

This is one of the most important and valuable parts of the farm or home, for what is nicer than a lot of fresh vegetables, such as radishes, corn, lettuce, tomatoes, peas, etc., any of which can be easily grown by following our instructions. First—Soil is an important point, and good deep rich loam on a sandy sub-soil is best. If this cannot be had any garden soil that is well manured will do. Second—The best vegetables cannot be grown in the shade, but must have plenty of sun, and a garden situated on a gentle slope to the east or south will give the best results. Third—Good drainage must be had to insure the finest vegetables. This may be secured by digging trenches between the beds. Fourth—Use plenty of manure, a lot of rich manure. Fifth—It is desirable to dig down weeds and the surface smooth and even. Sixth—To complete the arrangements and insure a good crop sow Northern Green Seeds. They are acknowledged superior to those raised in lower latitudes, and adapted alike to all sections of the country.

CULTURE OF VARIOUS VEGETABLES.

ASPARAGUS.

As it requires about three years from time of sowing before the shoots begin to form, better to plant it in two years. If you have land where asparagus has been grown before, 40 per cent. should be sown in drills about one foot apart, and when the plants are four or five inches high, set every two or three feet apart. If the shoots are raised in the frame, set them two weeks before the last frost in the rows. Protect the winter with a covering of manure or leaves. The bed will remain in bearable condition for two or three years.

POLE BEANS.

These are more tender and require more care in culture than the dwarf varieties, and should be sown two weeks earlier. Set poles eight to ten feet high, and at least one inch square, and cover with soil, about eight inches deep. This will give a good head of beans. The Lima beans for early use may be grown in frames and transplanted. Sow them in drills, two inches deep, and the seeds will cover more than two inches deep; keep hoed when seven inches high, and the weeds killed. Sow one week apart for succession.

BUSH BEANS.

About the first of May, select a warm, dry, sheltered spot, dig and manure slightly, make drills two inches deep and two feet apart; drop the bean seeds, four or five inches apart, and cover with soil. Plant from four to six beans around each pole, eye deep. Each pole should have from 3 to 6 lbs. of soil. If each pole, if the soil be rich. A more perfect growth will be effected by pinch ing off the ends when the plants are about 18 inches high. These beans are rarely seeded for the winter, but for early use may be sown in frames and transplanted. The seeds are usually drawn from Russia, and they are of great value when sown as early as April. The bean should be sown 25 ft. apart. Plant in rows 18 in. apart, and thin to 12 in. or 18 in. apart. When the seedlings reach the size of 1 thumb, prick them off and plant them where they are to grow. They require three to four years to mature the crop.

CELEBRITY.

Sow seeds in a hot bed or in a cold frame. As soon as the plants are three inches high transplant them to the ground. When eight inches high, and fine stocky plants set, four feet apart. harvested in the fall. Planting is done in the fall, or the second of May. Do not thin plants. In midsummer, the lettuce, howa, and beans, watered with the back of the hand, are used as a substitute for a spring bed.

BEETS—Table and Stock-feeding.

Sow as early in the spring as the ground can be worked, and every two weeks after for a succession. In the month of May, the shoots are a foot high and ready to be cut. The soil should be a light sandy loam, well enriched with stable manure, ploved and harrowed. Sow in drills one foot apart, and thin to about six inches. The young beets pulled out of the rows are excellent. Sow the seeds thickly.

The Sugar and Market Variety should be sown from April to June in drills two feet apart, and afterwards thinned out to one foot apart in the rows.
CULTURE OF VARIOUS VEGETABLES.—Continued.

CORN.
This requires a good soil and a warm situation. Plant the early varieties about May 1, and, if a continuous supply is wanted all summer, make plantings at 3-week intervals until the last of July, first planting early varieties, about one inch apart, and making the hills about the same distance apart in the rows. Five kernels in the hill are preferred, about one inch apart, and a little deeper for late. Thin to three plants in a hill.

MUSK MELON.
Select a light, sandy, rich soil, and after all danger of frost is over and the ground has become warm and dry, plant in hills four to five feet apart, and make the hills about two feet deep. When up and all danger of insects is past, pull out all but three plants. Cultivate until the vines cover the ground, and pinch the ends of the growing shoots to induce early fruiting. Allow, lime, or even road dust, is excellent to sift over the young plants when the dew is on to prevent the attack of insects. A few feet for early may be sown by sowing in hot-bed pieces of sod or in pots. The seeds may also be started out of doors, under frames or glasses.

EGG PLANT.
The Egg Plant will thrive well in any good garden soil; succeeds best in a deep, warm, rich soil, and full exposure. They may be grown very early in the spring; transplant two and one-half feet apart, and make the hills about the same distance apart in the rows. After weather becomes settled and warm. If no hot-bed is at hand, plants may be started in pots or boxes.

MUSTARD.
Soow in April thickly in rows and cut when two inches high. For use in winter it may be sown in boxes, under frames or glasses.

OKRA.
The seeds are sown mainly in dry, warm soil, in shallow drills two feet apart. Thin out to one foot in the row. Water to the stems as they continue to grow. Gather the pods when quite green, an inch to a half inch thick, and long, and use in soups and serve as asparagus.

PUMPKINS.
May be planted in the middle of spring among the vegetables, or in the garden; hills eight or ten feet apart each way. Sow the seeds in a hill; in other respects they are cultivated in the same way as cucumbers. Avoid planting them near other vines.

DANDELION.
Used for greens and considered very wholesome. It is also blanched and used as a salad. The roots, when dried and roasted, are often used as a substitute for coffee. Seeds may be sown in May or June, in drills half an inch deep and ten inches apart. Thin out the plants to about three inches apart, cultivate during the season, and the plants will be ready for use at the end of the season.

ONIONS.
For the best results this vegetable should have a rich deep loamy soil, but can be raised on almost any land with the exception of stiff clay or gravel. Early in the spring level the ground and dig a quarter of an inch deep and one foot apart, covering lightly with soil. After this has been done press the soil down firmly, and then water. When plants are large enough to thin out gradually until they are about three inches high. This keeps the ground free of weeds that is necessary to produce a good crop. Care, however, should be taken not to stir the soil too deeply. Our seed is of special excellence, and will produce seed growers that better seed cannot be had at any price. We offer this seed for pickles, onions, or for pickling, as well as for planting in the garden. It is suited for a number of different purposes.

PEAS.
A week may be gained in earliness by sowing a quantity of moist sand placed in a box in the cellar, and planting outside seed upon these, and transplanting the pea. Sow as early as the ground can be worked, and again every two weeks for succession up to the first of June, after which there is no use. Sow in single or double rows from four to six feet apart, according to the different heights, about an inch apart in the row, and two feet apart. In summer sow the peas eight inches deep. In this climate the early extra peas, if planted from the 15th of July to the 1st of August, will produce a fair crop. Plant them four inches apart for full picking, when they will be most acceptable. Hoe often. The fall sorts bear more freely by pinching in.

LEEK.
The Leek is very hardy and easily cultivated. It succeeds best in a light, but well enriched soil. sow as early in spring as practicable, in drills one inch deep and one foot apart. When six or eight inches high, be tops be taken off; plants in rows ten inches apart each way as deep as possible, that the neck, being covered, may be blanched.

WATER MELON.
These require a rich but sandy soil for the best growth. During very warm latitudes, of all late years they are extensively grown in the middle and southern states. They are grown in the same care as Musk Melons, but have the hills at least double the distance apart.

MARTYNA.
Sow in May in the open ground, three feet apart in each direction, where the plants are to remain. The young pods are excellent for pickles.

SALISFY.
Sow as early as the ground can be worked in the fall, in hills three inches deep, and thin out to six inches in rows. Cultivate this for curried and pickled salisfies, it may be left in the ground until spring, when it will be found fresh and plump.

PINACH.
Sow in early spring, in hills a foot apart, every two weeks for a succession, and, as it is a hardy plant, is not unfrequented with a clear of weeds. Sow May's Perfection in hills three inches apart, each way, three or four seeds in a hill. This is fit for cutting and pickling. They will be ready in July for pickling.

SQUASH.
Sow in hills in the manner and at the same time as cucumbers and melons.

KOHLE RABI.
This is an excellent vegetable, and should be grown in every garden. Sow in rows one inch apart, after thinning the plants to 8 or 10 inches. If the weather is suitable may be ready to be eaten in about three weeks, and they are very much desired to keep. Keep the weeds down and when the heads are large enough, and the ground is not too dry, pull them three inches through the row, let the heads dry, and use them as beets.

TURNIPS.
Turnips do best in a highly enriched, sandy, gravelly, or light loamy soil. Coincide sowing of these and the sweet potato. Sow October, November, and January, in rows of twelve to fifteen inches apart, and thin out early to six or eight inches in the rows. For a succession, use sows in the first week of January, then again in the last week of July, from time to time the space of three weeks. Use sows in the manner of beets and main crops. Turnips may be preserved until spring by cutting off the roots two and a half inches from the top, and storing in a cellar or dug up during winter, covering with dry sand; they can be buried outside in heaps, covered with straw, and twelve to fifteen inches of earth, with mulch about, and kept as long as desired. The season when the winter season is not too severe.

FOR GENERAL LIST OF ARTICHOKE, ASPARAGUS, BROCCOLI, BRUSSELS SPROUTS, SEE PAGE 37.
The Boston Pea Bean.

For big yields it beats any field bean we’ve ever known or heard of. It is extremely early, ripening before any danger from frost in the northern bean growing latitudes. It generally yields 60 to 80 fold with ordinary field culture and frequently exceeds 100 fold. Side crops have been grown on toilet seats. The pods grow in clusters of two, three, or four, and sometimes five. The foliage is very tender and covers the ground so as to keep it shaded and moist, thereby preventing the crop from suffering from drought as severely as most varieties. The plant is very hardy and has never suffered from rust.

Pkt. 5c, pt. 20c, qt. 50c, pk. $1.25.

Improved Red Valentine.

A general favorite everywhere, doing well in all parts of the country, and yielding immense crops under the most adverse circumstances. Many gardeners consider it the most profitable green podded variety. In flavor it is unsurpassed and nothing in the line of Limas can equal it in yield. As many as seven large beans being contained in some of the pods. We cannot too strongly urge this variety to include it in their order if they want a first-class large Lima. Try it. Pkt. 15c, 2 pkts. 25c, pt. 30c, qt. 60c, pk. $2.50.

Our Champion Lima. The Best of All This Class.

Each year only adds testimony to the value of this magnificent variety. In flavor it is unsurpassed and nothing in the line of Limas can equal it in yield. As many as seven large beans being contained in some of the pods. We cannot too strongly urge this variety to include it in their order if they want a first-class large Lima. Try it. Pkt. 15c, 2 pkts. 25c, pt. 30c, qt. 60c, pk. $2.50.

For 25c we will send postpaid one packet each—Golden Cluster. Burpee’s Bush Lima, Canadian Wonder, Champion Lima.

Golden Cluster. The Everbearing Pole Bean.

A magnificent variety that bears continuously the entire season. It grows rapidly, bearing very early clusters of three to six pods of rich golden color. Pods average about 8 in. in length, exceedingly tender and entirely stringless, retaining their plumpness and tenderness long after they have attained a large size, and continue to bear, if the pods are picked until frost. It is a very common thing to pick 1/2 to 3/4 of a bushel from a single vine at one picking, and its enormous yield recommends it to every one. Few, if any, of the varieties of late introduction are so popular as the Golden Cluster, and certainly none will give better satisfaction than this splendid bean. Pkt. 10c, 2 pkts. 25c, pt. 50c, qt. 75c.

Canadian Wonder. The Popular Dwarf Variety.

An immense green podded dwarf bean of the finest quality. Many of the pods measure fifteen inches in length and are very plump and of the most delicious flavor. For string beans or cooked as Limas it is equally desirable, and we are glad to be able to offer such a splendid variety to our patrons. The vines are strong and vigorous in growth, producing their handsome pods in great profusion for a long time during the season. On the next page we give a good illustration of Canadian Wonder, showing the single plant in full bearing. Pkt. 10c, pt. 30c, qt. 50c, postpaid, pk. $1.50.

The Bush Lima (Henderson’s or Burpee’s.)

Thousands have been deterred from cultivating the most delicious of vegetables, the Lima Bean, from the great trouble and expense of procuring the unprofitable poles on which to grow them. This is now a thing of the past, as the new bush Lima grows without the aid of stakes or poles, in compact bush form, from 15 to 18 inches high, and produces enormously large pods of delicious flavor. These bush Limas can be easily gathered as the common garden bush bean. The New Bush Lima is at least two weeks earlier than the best climbing Limas. This fact alone should stamp it as the most valuable novelty of recent years, but when in addition to this we realize that it is a true bush bean, requiring no supports, some idea of its great value can be realized. This New Bush Lima produces a continuous crop from the time it comes into bearing (it is fit for the table in the latitude of Minnesota by the middle of July) until frost, and being enormously productive a very small patch will keep a family supplied with this splendid vegetable throughout the season. We can supply either Henderson’s or Burpee’s. The former we believe is the heaviest yielder, but the latter is by far the largest and best flavored. Pkt. 10c, pt. 30c, qt. 50c, postpaid; pk. $2.50, bu. $7.50.

Wardwell’s Kidney Wax.

The vines are remarkably vigorous, hardy and productive; the pods are very large, smooth and showy, and will sell when all other varieties will be refused; they are tender, perfectly stringless and of unusually fine quality. The entire pod assumes a rich golden color at a very early stage of growth—a very important factor which no other sort does. The dry beans are white, with two shades of reddish purple more or less visible, and a distinct kidney shape. Prepared for the table it has a fine buttery flavor and exceedingly tender. Pkt. 5c, pt. 20c, qt. 40c, pk. $1.75.

Lazy Wife’s Pole Bean.

We don’t know how it got such a name, but it’s a good one for the bean. It is a most productive variety and is a sure way to pick a mess in a remarkably short time. This, of course, is a great advantage to all, and particularly to one who is inclined to take it easy. The pods are flat, oval shaped and filled with an exceedingly rich, buttery flavor. It is certainly a splendid bean, even though it has a peculiar name. Pkt. 10c, 3 pkts. 25c, pt. 30c, qt. 50c.

Extra Early Refugee.

Frequently called “Thousands to One” on account of its wonderful yields. It is a great improvement over the Refugee, as it comes in about two weeks earlier and is more productive. The pods are of a rich bright scarlet colored, speckled purplish red. Pkt. 5c, pt. 20c, qt. 40c, pk. $1.25.

Rust Proof Golden Wax.

It is positive proof against that most destructive enemy of all beans, the rust. It has been tested thoroughly in all sections, and grown side by side for several years with all other wax beans, all of them more or less affected by rust, many of them completely ruined, and this variety has remained entirely free from it. Pkt. 10c, pt. 20c, qt. 45c, pk. $1.50.
GREEN PODDED BUSH BEANS.

Emperor William—Claimed by many large growers to be the best of the green pods. It is extra early, very productive and of excellent flavor, and is chosen by many large growers. Not large enough to recommend it to every one. 
Pkt. 10c, pt. 30c, qt. 60c.

White Marrow—Extensively grown, for sale in the dry state. It is also valued as a string bean. Seeds, ivory white. 
Pkt. 5c, pt. 25c, qt. 40c, pk. $1.25.

White Kidney—An excellent shell bean, the seeds are large size and perfectly white. 
Pkt. 5c, pt. 25c, qt. 40c, pk. $1.25.

Wax—Standard variety for field culture; very productive and used only for culinary purposes in the dry state. Pkt. 5c, pt. 20c, qt. 35c, pk. $1.00.

PERFECTION—Plants are entirely covered with large golden yellow pods of the richest flavor. This is as early as the Golden Wax, and claimed by many to be more productive. Pkt. 10c, pt. 25c, qt. 45c, pk. $1.50.

Pinto Bean Wax—One of the best sorts for market or family use; as early as either the Golden or Black Wax, and is almost exempt from rust. Pkt. 5c, pt. 25c, qt. 45c, pk. $1.50.

Golden Wax—The pods are large, and entirely stringless, and of rich golden color. As a snap bean it excels in tenderness, and rich butter flavor. Pkt. 5c, pt. 25c, qt. 45c, pk. $1.50.

Ivory Pod Wax—Very tender and an excellent shell bean. It is a week earlier than the Black Wax, bearing long pods of a waxy white color; entirely stringless. Pkt. 5c, pt. 25c, qt. 45c, pk. $1.50.

Crystal White Wax—A new and distinct variety that has been conceded by all who have used it as the best bean grown for pickles. Vine vigorous and productive; pods greenish white. Pk. 5c, pt. 25c, qt. 45c, pk. $1.50.

Detroit Wax—Resembling greatly the Imp. Golden Wax. Pods large and of a clear golden color when ripe. Proven to be rust proof and therefore most desirable for general use. Pkt. 10c, pt. 25c, qt. 40c, pk. $1.60.

POLE BEANS.

King of the Garden—A popular variety; vines vigorous, setting their beans early at the bottom and producing them continuously to the end of the season. Largely grown by market gardeners on this account. Pkt. 5c, pt. 30c, qt. 50c, pk. $2.25.

Large White Lima—The old standard variety, beans large and fine flavored. Pkt. 5c, pt. 30c, qt. 50c, pk. $2.25.

Extra Early Lima—The earliest of all, maturing about two weeks ahead of the other varieties. Pkt. 5c, pt. 30c, qt. 50c, pk. $2.25.

Dream's Improved Lima—Somewhat later but more prolific than the Large Lima. Pkt. 5c, pt. 30c, qt. 50c, pk. $2.25.

Black Wax—One of the best. Pkt. 5c, pt. 30c, qt. 50c, pk. $2.50.

Scarlet Runner—One of the very few beans that is both ornamental and bearing one of the hardest beans grown. It is resistant to rust and molds, and can be cooked with the vegetables. Pkt. 5c, pt. 30c, qt. 40c, pk. $2.50.

Sieva or Carolina—Pkt. 5c, pt. 25c, qt. 50c, pk. $2.00.

White Runner—Pkt. 5c, pt. 25c, qt. 40c, pk. $1.25.

Southern Profile—Pkt. 10c, pt. 30c, qt. 50c, pk. $1.75.

Giant Red Wax—Pkt. 5c, pt. 30c, qt. 50c, pk. $2.25.

Golden Cluster—Pkt. 5c, pt. 20c, qt. 50c, pk. $2.50.
The favorite with our German friends, and a beet that has become wonderfully popular with the largest growers since its introduction by us some three years ago. It is a very handsome variety, always perfect in form; small root, and a beet that will keep solid longer than any other sort we are acquainted with. Flesh deep red, fine grained, splendid quality, and a sort that we heartily recommend either for private or market use. Give it a trial this season.

Pkt. 10c, oz. 20c; ½ lb. 45c; lb. 81.40.

Extra Early Egyptian—A standard sort, being from ten to twelve days earlier than the old Blood Turnip. The roots are large in size and of a rich, deep crimson color. From the smoothness of the tops of the Egyptian, at least one-fourth more can be grown on the same space than any other variety.

Pkt. 5c, oz. 10c, ½ lb. 30c, lb. 60c.

Dewling’s Improved Blood Turnip—An improvement over the common Blood Turnip, is of fine form and flavor, and an excellent market sort.

Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 40c.

Extra Smooth Blood—See illustration for the shape of this famous beet which is so popular with all beet growers. Sweet, tender, and rich flavor, color, and size. No garden is complete without it. Pkt. 5c, oz. 10c, ½ lb. 30c, lb. 60c.

Edmand’s Blood Turnip—A variety which is very regular in shape, deep blood skin and very dark flesh of best quality. This is a favorite with the market gardeners.

Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.

Market Gardener.

An Extra Early variety only a little later than Lightning, and one that has become a great favorite with the gardeners in all sections on account of its uniform size and handsome shape. It is a perfect variety for table use, and its earliness and fine appearance invariably bring a good price on the market. When cooked they are of a beautiful deep red throughout; fine grained and very sweet. We heartily recommend this variety to every one who grows vegetables for marketing. It is also valuable for private use, but its greatest value is to the market gardener.

Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.

Early Blood Turnip (selected).—The old standby, the favorite with thousands of gardeners, and by many preferred to all others for general use. The seed which we offer is carefully selected, and far superior to many strains of the same variety which we have tested on our trial grounds. It is not as early as the Egyptian, but surpasses the latter variety in flavor, color, rich dark red; roots fine grained, globular shape, with small top; free from side or fibrous roots, always remarkably smooth. Excellent for forcing, and a very superior keeper, thus making it also desirable for winter use. Cooks sweet, tender and crisp; in every way we recommend this as a valuable sort for the market or home garden.

Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.
MAY'S MAMMOTH LONG RED MANGEL.

The HEAVIEST CROPPING MANGEL EVER INTRODUCED.

This is the finest strain of the Long Red ever offered. The mangels raised from our selected seeds are remarkable for their immense size (often weighing 30 to 50 lbs. each) and freedom from the coarse grain so often found in the large varieties. If you want a big crop of fine mangels that will be a great benefit to your stock, increasing the flow of milk and fattening them, you can find nothing that will beat our Mammoth. We know from experience that the Giant Golden, English Prize and May's Mammoth are unequalled when it comes to both quality and yield. Pkt. 5c, oz. 10c, ¼ lb. 20c, lb. 40c, postpaid. By express or freight, lb. 30c, 6 lbs. $1.25.

GIANT GOLDEN, THE MAMMOTH YELLOW VARIETY.

This is an entirely distinct type of mangel, of recent introduction, and highly prized wherever introduced. In England it is largely grown by dairymen and sheep raisers; the former prize it not only for its great yield, but for the rich character of the milk it produces, while the latter claim sheep fed on it thrive better and appear in much finer condition. Its wonderful yield and popularity in the old country certainly recommends it to every stock grower in America, and from our experience with it we know it will prove of the greatest value to every dairyman in America. The flesh is yellow and fine grained as in May's Mammoth. Pkt. 5c, oz. 10c, ¼ lb. 20c, lb. 40c. By express or freight, lb. 30c, 5 lbs. $1.25.

Red Globe Mangel—A large, red, oval variety, keeps well and is especially adapted to low soils. Pkt. 5c, oz. 10c, ¼ lb. 15c, lb. 30c.

Imperial Sugar Beet—This is the most popular variety of Sugar Beet for feeding stock. It will yield as much as most mangels, and contains 8 per cent sugar. The large amount of healthy and nutritious food which can be produced at so small a cost makes this root very profitable to stock farmers. Has yielded 30 to 40 tons per acre, the cultural cost of which was only five cents per bushel. Pkt. 5c, oz. 10c, ¼ lb. 15c, lb. 40c, postpaid. By express or freight, lb. 30c, 5 lbs. $1.25.

English Prize Mangel—The great variety so extensively grown in England for stock feeding. Specimens have been grown weighing over seventy pounds, and it is one of the heaviest crops that has ever been sent to this country, yielding 1,500 to 1,800 bushels per acre. This is a mangel that is worthy of the attention of every farmer in the land who raises cattle, and we can't say too much in its favor. Pkt. 5c, oz. 10c, ¼ lb. 25c, lb. 45c.

LONG RED—Grown extensively for agricultural purposes, and the seed we offer, although not as fine a strain as May's Mammoth, is strictly first-class and reliable in every respect. Pkt. 5c, oz. 10c, ¼ lb. 25c, lb. 45c.

Golden Tankard—This distinct variety is a valuable addition to our list of roots for stock feeding, as it contains less water and more sugar than any other variety of Mangel. The flesh is of a deep, rich yellow color, very nutritious, and of great milk producing quality. Pkt. 5c, oz. 10c, ¼ lb. 15c, lb. 30c, postpaid. By express or freight, lb. 30c, 5 lbs. $1.25.

Naboriton Giant—This is grown extensively by the English dairymen, and it is said they prefer it to any other variety for feeding to stock. It is a long red mangel, resembling very much May's Mammoth. We can recommend it to our customers as one of the best in our list. Pkt. 5c, oz. 10c, ¼ lb. 15c, lb. 45c.

Jersey Queen—A superior long red mangel, which grows to immense size, and is enormously productive. In many of the dairy regions this variety is almost exclusively grown, and it is the cheapest food they can raise on any high-priced land. It is a most profitable variety to raise, and on rich ground 1,200 to 1,500 bushels per acre can be grown at a cost not exceeding 60 per bushel for all expenses. We offer for the first time this year, and know it will prove to be a valuable addition to our list of mangels. Pkt. 5c, oz. 10c, ¼ lb. 15c, lb. 50c, postpaid.

IT WILL PAY YOU TO LOOK AT OUR PANSY OFFER.
Surehead—(Selected stock.) The heads are large, round, very solid, tender and rich, with very few outer leaves, being nearly all a solid, compact head; but the most wonderful feature of the Surehead Cabbage, is its ability to withstand the extreme drought. In every instance it has given universal satisfaction. Flavor sweet, keeps well, and is a good shipper. Pkt. 5c, oz. 20c, 14 lb. 50c, lb. $1.50.

Succession—(Henderson's true stock.) A medium early variety and such a grand keeper that it is valuable for both early and late use. The largest growers say it is one of the best marketing cabbages ever introduced, and we want to add that it is also fine for the home garden. Pkt. 5c, oz. 20c, 14 lb. 50c, lb. $1.50.

Premium or Superior Late Flat Dutch—The great cabbage for fall and winter use. It is a sure header, wonderfully solid, and of excellent flavor. We heartily recommend it to all who desire a late cabbage. Pkt. 5c, oz. 15c, 1/4 lb. 50c, 1b. $1.75.

Short Stem Drumhead—This variety has in a great many instances, taken the place of all other sorts grown for late use. It is far ahead of the old Late Drumhead Cabbage, ripening much earlier, and has larger and more solid heads. If you want a fine crop of big cabbages you will find our Short Stem Drumhead just the thing. Try it. Pkt. 5c, oz. 20c, 1/4 lb. 75c, lb. $2.50.

All Seasons—Valuable as a keeper and its reliability to head makes it desirable for large growers. The heads are round, solid, flattened and of excellent quality. Pkt. 5c, oz. 15c, 1/4 lb. 50c, lb. $1.50.

Extra Early Express—Wonderfully early, coming in ahead of Selected Jersey Wakefield. It is conical-shaped and not quite so large as Minnesota's Earliest. Pkt. 5c, oz. 15c, 1/4 lb. 50c, lb. $1.50.

The General Crop Cabbage.

SOLID SOUTH.

TRY IT THIS SEASON.

It is certainly a magnificent variety and a sure header under almost any conditions. We procured the seed from one of the largest American growers, and he assures us that for general use it can't be beat. Solid South is a round cabbage with slightly flattened heads, it comes in about the same time as Early Drumhead but is a much finer variety in every respect. A better keeper and makes a better shaped head. Pkt. 15c, 1/4 lb. 50c, oz. 36c, 1b. $1.00, lb. $3.50.

ONION SEED.

If you want early Onions try the Red Wonder, the earliest red variety ever introduced. For sale only by us this season.

MAY'S RELIABLE CABBAGE SEEDS

A FIELD OF EARLY SURPRISE

EVEY PLANT FORMS A FINO SIZED HEAD

DONT FAIL TO SECURE THE NEW ROSE "STONEWALL JACKSON."
THE VALUE OF GOOD CABBAGE SEEDS.

PLEASE READ THIS. Probably you know as well as we that good Cabbage Seed is what you must have to produce a good crop, but if you've never sown our Selected Northern Grown Cabbage Seeds you have never had the very best. America has been flooded with European seeds for the last two years, and we want to strongly impress upon your mind the necessity of using Northern Grown Cabbage Seed, and assure you it is direct from the growers, thus guarding against the worthless seed which will be offered by a certain class of seed dealers, who care nothing about the quality of the seed they sell. Our Cabbage Seed is superior to that grown in any other section; it is sure to head solid, matures earlier, and is worth from five to ten times as much as European stock. We are supplying large growers in all parts of America with our Selected Northern Grown Cabbage Seeds, and the enormous increase in our orders each season shows conclusively that it is being sown more extensively every year. If you raise Cabbage it will pay you to sow our Northern Grown Seeds.

THE BEST AMERICAN CABBAGES.

EARLY SURPRISE. The Largest Early Cabbage. Introduced by us in 1893, and is acknowledged by gardeners and seedsmen to be the finest and largest. Early Cabbage in the world. It is larger than Early Summer, and comes in about ten or fifteen days ahead of that popular variety. It can't be beat for shipping, and is worth a fortune to any gardener who grows cabbages for the early market. The Early Surprise is unquestionably the nearest approach to a thoroughbred cabbage of any variety yet introduced, both as regards size and uniformity of development. On account of its compact habit and solid heads more cabbages can be grown to the acre than any other variety we known of. Jacob Bistor, of St. Johns, Kansas, writes: "I am greatly pleased with the Early Surprise, it's the finest cabbage in the market. Another large grower says: The Early Surprise is the best cabbage I've ever grown; it's solid, large, early, tender, and a splendid keeper. Our own experience with this variety confirms the accompanying opinions, and we earnestly urge all who raise early cabbages to try the Early Surprise this season. It will pay you and you will thank us for getting you to try it." Pkt. 10c, 3 pkts. 25c, oz. 50c, 1 lb. $1.25, 1 lb. $2.00.

MINNESOTA'S EARLIEST. The Earliest of all the Cabbages. We introduced this splendid variety in 1891, and it at once took the lead among the large growers who desired an extra early cabbage for the market. The Early Surprise has the advantage of being a large round head variety, and therefore commands a higher price than Minnesota's Earliest, but it does not head quite as early. One of the largest growers of cabbages near St. Paul stated that for two seasons past he had been the first to bring cabbage to the market, and they always brought a very high price, and that he owed it all to our Minnesota's Earliest. We have tested all the extra early cabbages offered the past few seasons, and know that none can surpass our Surprise and Minnesota's Earliest, either for earliness, yield or quality. As shown by our illustration, this variety is conical in shape and has very few outer leaves. It will produce good sized marketable heads seventy days from sowing of the seed, and we do not think this can be said of any other cabbage. Pkt. 10c, 3 pkts. 25c, oz. 50c, 1 lb. $1.25, 1 lb. $2.00.

MARKET QUEEN. The Gardener's Favorite. The greatest of all varieties for home early use. For gardeners and all growers who desire a variety to market between Early Surprise and Hundred Weight we heartily recommend the Market Queen. This is a strain of market gardener's cabbage, originated by Mr. Stiltz, gardener in the East, from whom we secured seed stock two years ago. It was introduced by us last season, and the many testimonials received from all sections of America determined us to push it more strongly than ever this year. The most valuable points we have found in this new variety is its certainty of forming a fine solid head even under the most trying circumstances, and it will stand the drought better than any sort we have ever seen. Pkt. 10c, 3 pkts. 25c, oz. 30c, 1 lb. $1.00, 1 lb. $2.50.

EARLY SUMMER (Selected) Our strain of this standard early variety has been carefully selected each season, and we pride ourselves on being able to offer a strain of Early Summer that cannot be surpassed. It grows as large as many of the medium and late sorts, and is valuable for its quick growth, handsome shape and splendid quality. Many gardeners grow this in preference to any other cabbage. Pkt. 5c, oz. 20c, 1/2 lb. 65c, lb. $2.

EARLY JERSEY WAKEFIELD. For over twenty years Jersey Wakefield has held its own with other early cabbages, and our enormous sales of this variety every season proves to us that it still is one of the most popular sorts ever introduced. Our seed is true and carefully saved from selected heads. They are round conical in shape but have few outside leaves, and can therefore be grown very close together. Pkt. 5c, oz. 20c, 1/2 lb. 65c, lb. $2.

THE NEW CABBAGE "SOLID SOUTH." EVANSVILLE, Ind.—Your Early Surprise is the finest thing in early cabbages I ever tried. J. J. STILTZ.

FOR 30 CENTS We Will Send Postpaid, One Pkt. Each, Early Surprise, Market Queen, Solid South, Minnesota's Earliest.
5 Good Kinds.

Don't fail to try our White Solid.

White Solid—The largest of all the Celeries. It is remarkably tender and keeps the rich flavor longer than any other variety. We take great pleasure in recommending this splendid celery to every gardener. Pkt. 10c, oz. 25c, ½ lb. 40c, lb. $2.25.

Self Blanched—Tested in all sections and pronounced by many large growers as the best ever introduced. The ribs are solid, crisp, brittle, and of the most delicate flavor imaginable. It is the celery for the home garden, market and shipping. No one should be without it. Pkt. 10c, oz. 25c, ½ lb. 50c, lb. $2.75.

Giant Pascal—A very popular new celery. Tall, thick, fine flavor, crisp and entirely stringless. Cannot be too highly recommended. Pkt. 10c, oz. 25c, ½ lb. 65c, lb. $2.95.

Boston Market—The favorite with the Boston gardeners, and a celery that is worthy the attention of every grower. Very tender, brittle and mild. Pkt. 5c, oz. 25c, ½ lb. 60c, lb. $2.00.

New Rose—The finest flavored of all the Red Celeries. Pkt. 10c, oz. 30c, ½ lb. 75c.

The Best Stock-feeding Carrots.

Excellent feed for stock, and extensively grown for this purpose. Horses relish and fatten on them and keep in a healthier condition. One of the largest raisers of thoroughbred stock in the West, says: "I consider carrots indispensable, and no one who raises cattle can afford to be without them."

Yellow Giant—The great stock-feeding carrot of Europe. It is the largest and heaviest cropping variety that can be grown, and will produce fully 80 per cent more weight per acre than the common sorts, this, of course, makes it the most profitable carrot for the farmer, and no one who has a farm should fail to have an acre of these Giants for their stock. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 75c, 5 lbs. $3.00, postpaid.

Large Yellow Belgian—A good stock feeding variety, differing from the White Belgian only in color. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.

Special Price.

For those using large quantities and order and shipped by express at their expense we make the following prices:

Yellow Belgian, per lb. 40c.
White Belgian, " 40c.
Vogues, " 40c.
Yellow Giant, " 60c.

Vogues—A new and distinct variety. This is extensively grown in England for stock feeding and used by large stock raisers in that country in preference to any other variety. It is a heavy yielder and particularly adapted for soils that are not very deep. Pkt. 6c, oz. 10c, ½ lb. 20c, lb. 50c.

Large White Belgian—This is the most desirable variety for stock feeding. It attains the largest size and will yield more in bulk than most sorts. It produces a large crop of leaves which makes most excellent soldiers. Pkt. 6c, oz. 10c, ½ lb. 20c, lb. 50c.

SIX EVERBEARING TREE BLACKBERRY FOR $1.00, POSTPAID.
CARROTS FOR THE TABLE.

Try Red Wonder Onion this Season.

PLEASE NOTICE. We desire to call your attention to Page 3, where you will find listed the "Table Queen" Carrot, the best of all for private use.

RELIABLE SEED.

Our Carrot Seeds, like everything else we offer, is grown from the very best selected stocks, and we have made the prices very low this season, hoping that our friends would not only remember us with their own orders, but also call the attention of their neighbors to our catalogue.

Half Long Danvers (Improved)—A magnificent variety of American origin; skin smooth and handsome; root mostly under ground; somewhat "stump-rooted," compact and easy to harvest. Flesh, deep orange, with yellow center; sweet and tender. Very productive, often yielding 30 tons per acre. Pkt. 5c, oz. 10c, 1/2 lb. 20c, lb. 75c.

Chantenay—For table use it is one of the best ever introduced. The carrots have attained such a uniformity that they are almost duplicates of each other. They are a little longer than the Short Horn, being thicker at the shoulder and hence more productive; always very smooth and fine in texture and easy to digest; the flesh is of a beautiful deep golden-orange, tender. Give it a trial. Pkt. 5c, oz. 10c, 1/2 lb. 20c, lb. 85c.

Guernsey or Oxheart—This variety, lately introduced from France is a most valuable one. Extra fine quality, beautiful shape, and very productive. Color, a rich orange. In length it is intermediate between the Danvers and Short Horn Carrot.

Pkt. 5c, oz. 10c, 1/2 lb. 20c, lb. 75c.

Improved Long Orange—Equally adapted for farm or garden culture. It is of large size, fair specimens averaging 12 inches in length, with a diameter of three inches at the top; color orange red. Pkt. 5c, oz. 10c, 1/2 lb. 25c, lb. 75c.

Half Long Stump-Rooted (Nantes)—Skin smooth; a nearly cylindrical stump-rooted variety, having little or no core. Flesh, red and of fine flavor. Estered in France as the leading table variety. Pkt. 5c, oz. 10c, 1/2 lb. 25c, lb. 75c.

Early Scarlet Horn—Although not a large carrot, it is a favorite variety for early crop, maturing about ten days earlier than the Long Orange. Fine grained and good flavor. Pkt. 5c, oz. 10c, 1/2 lb. 25c, lb. 75c.

James Intermediate—The roots grow very regular and smooth; are of good size, averaging about 10 inches in length. Valuable on account of its great productiveness, rich color and sweet tender flesh. Pkt. 5c, oz. 10c, 1/2 lb. 25c, lb. 85c.

Early French Forcing—This variety, which is grown largely for forcing purposes, is the earliest in cultivation. It makes a small, almost globe-shaped root of an orange-red color. Pkt. 5c, oz. 10c, 1/2 lb. 25c, lb. 85c.

READ THESE:

CREMERY, Ia.—Your "First of All Tomato" is the earliest and best we ever raised. H. G. DEGRAU.

CHESTER, Ark.—Had the best stand of onions from your seed I've ever had. Shall buy again. M. WYATT.

TITUSVILLE, Fla.—Have used your seeds for years and was never disappointed. J. E. BENNETT.

VOLGA, Ia.—The sweet peas I ordered from you are fine, all growing nicely and true to name. Mrs. J. E. SMITH.

ITALIAN GIANT ONION.
The Mildest Flavored Variety Ever Introduced.

Direct from the growers in the old country we secured this remarkable onion and a trial last year proved it to be just the one for those who desire a mild delicate flavored onion which will produce large globular shaped bulbs the first season from seed. The color is a handsome dark brownish red. For private gardens we particularly recommend Italian Giant as we know it is certain to please everyone. Pkt. 15c, 2 pkts. 25c, oz. 50c.

A BED OF 20 GERANIUMS

FOR $1.00, POSTPAID.

For $1.00 we will send twenty strong thrifty Geraniums, postpaid, to any address in the United States. The assortment must be left entirely to us, but we know you will be greatly pleased with the collection we will send you.

Our Stock This Year is Extra Fine.

20 EVERBLOOMING ROSES

POSTPAID FOR $1.00.

This includes twenty splendid Everblooming Roses (our choice) that will flower freely the entire season.
Early Snowball—Undoubtedly the best of all for private use and gardeners; more generally grown than any other sort, stands heat and drought better than any variety. Its compact habit of growth enables one-third more to be grown on the same space of ground than can be done with any other kind. One seed is the very finest strain of this magnificent cauliflower. Pkt. 50c, ¼ oz. $1.75, oz. 25c.

Extra Early Dwarf Erfurt—Remarkable for its reliability in heading. Scaresly a plant fails to produce a good head by spreading out pure white heads of superior quality. Pkt. 20c, ¼ oz. $1.50, oz. 25c.

Aigles—A popular market gardener's sort; grows to an immense size. Pkt. 10c, oz. 60c, ¼ lb. $2.00.

Autumn Giant—A very valuable late variety with heads of large size, which are so well protected by the heavy foliage that they remain a long time fit for use, and do not color as easily as most sorts. Pkt. 10c, oz. 60c, ¼ lb. $2.00.

Lenormand's Short Stem—A large late variety, with well formed white heads of extra quality. Pkt. 10c, oz. 60c, ¼ lb. $2.50.

Leicester London—Highly esteemed as first early variety. Pkt. 10c, oz. 40c, ¼ lb. $1.50.

Extra Early Paris—Second early; large white heads of fine quality. Pkt. 10c, oz. 60c, ¼ lb. $2.00.

Mapledale—This is, without doubt, the most prolific pop corn that has ever been introduced. The average ears measure over six inches, and the grains are almost a pure white in color. It pops a clear white and of the finest quality. The originator of this variety has counted as many as nineteen ears to a stalk, and it certainly is at the head of the list of pop corns. Pkt. 10c, oz. 20c, qt. 40c, postpaid.

White Pearl—Smooth small grain, ears four to five inches long, seven-eighths to one and one-eighth inches in diameter. Good for family use. Pkt. 10c, oz. 40c, ¼ lb. $1.50.

Rice—A very productive variety, ears short, kernels long and pointed. A splendid popping sort, and the most salable among the retail dealers. Pkt. 5c, pt. 20c, qt. 36c, postpaid.

FOR 20 CENTS WE WILL SEND ONE PACKET EACH OF THE ABOVE NAMED POP CORNS

EGG PLANT.

Black Pekin—The fruit of this variety is jet black, fine grain and delicate flavor; very productive and desirable for market gardeners. Pkt. 10c, oz. 40c, ¼ lb. $1.50, ¼ lb. 60c, lb. $3.

New York Improved—The best in cultivation; large, round, dark purple and very productive; is the main sort used for both market and family use, and in the South. Pkt. 10c, oz. 40c, ¼ lb. $1.25, ¼ lb. 60c, lb. $4.00.

ENDIVE.

Broad Leaved Batavian—Almost exclusively used in soups; leaves broad thick, plain or lightly wrinkled. Pkt. 5c, oz. 15c, ¼ lb. 40c, ¼ lb. 60c, lb. $1.50.

Green Curled—Very hardy, with curled, dark green leaves. Tender and crisp. Pkt. 5c, oz. 15c, ¼ lb. 40c, lb. $1.40.

French Curled Moss—Handsome, curly, fine quality; a desirable sort. Pkt. 5c, oz. 20c, ¼ lb. 60c, lb. $2.00.

White Curled—Most desirable; resembles the green curled, except in color; should be used when young; tinted white. Pkt. 5c, oz. 15c, ¼ lb. 40c, lb. $1.50.

CORN SALAD.

Large Seeded—Pkt. 5c, oz. 10c, ¼ lb. 20c, lb. 75c.

Small Seeded—Pkt. 5c, oz. 10c, ¼ lb. 20c, lb. 75c.

CELERIAC.

Apple—Has small foliage and globular roots; fair size. Pkt. 5c, oz. 20c, ¼ lb. 50c.

Large Erfurt—The root, which is turbospaped, is cooked or sliced and used with vinegar; more hardy than celery. Pkt. 5c, oz. 20c, ¼ lb. 50c.

CERVIL.

Curled Cervil—Pkt. 5c, oz. 15c, ¼ lb. 60c.

CREASES.

Curled—Very fine for salad; will bear cutting several times. Pkt. 5c, oz. 10c, ¼ lb. 20c, lb. 60c.

Water Cress—This is an entirely different variety from the above, and thrives better in pools, streams, etc. Pkt. 5c, oz. 10c, ¼ lb. 20c, lb. 60c.

CHICORY.

Large Rooted Magdeburg—Roots of this form the chicory of commerce. Pkt. 5c, oz. 10c, ¼ lb. 20c, lb. 75c.

Without—Excellent as a salad as well as a vegetable. Pkt. 5c, oz. 10c, ¼ lb. 30c, lb. $1.00.

COLELAD.

Georgia—Pkt. 5c, oz. 15c, ¼ lb. 40c, lb. 1.00.

True Southern—Pkt. 5c, oz. 15c, ¼ lb. 40c, lb. 1.00.

DADELIUM.

American Improved—The standard sort. Pkt. 5c, oz. 10c, ¼ lb. 3.75.

French Thick Leaved—The best for general use. Pkt. 5c, oz. 30c, ¼ lb. $1.25.

KOHLEY.

Early White Vienna—Best early variety for table; bulbs white, handsome, small; highly esteemed by market gardeners. Pkt. 5c, oz. 20c, ½ lb. 60c, lb. $2.00.

Early Purple—Very similar to the last, except in color, which is a bright purple. A desirable sort. Pkt. 5c, oz. 20c, ½ lb. 60c, lb. $1.75.

LEEK.

American Broad Flag—This variety is more largely used in this country than any other; plant strong, with broad leaves, growing only on two sides. Pkt. 5c, oz. 20c, ½ lb. 40c, lb. $1.50.

Large Carentan—Most excellent hardy variety; we recommend it as being of very superior quality. Pkt. 5c, oz. 20c, ½ lb. 40c, lb. $1.50.

Musselburgh—Stem shorter than the preceding varieties; large bulbs, leaves broad and very mild, spreading like a fan. Pkt. 5c, oz. 20c, ½ lb. 60c, lb. $2.00.

LARGE RABE.

Red Wonder Onion—One of the oldest and best varieties in cultivation; hardy and fine for winter use. Pkt. 5c, oz. 15c, ¼ lb. 40c, lb. $1.25.

Large Rouen—The best for forcing, and grown to an immense size. Pkt. 5c, oz. 20c, ¼ lb. 60c, lb. $1.75.

BE SURE AND INCLUDE THE BRAZILIAN MELON FRUIT IN YOUR ORDER.
MAY'S FAVORITE PICKLING.

The Best of All Cucumbers for Pickling Purposes.

For years we have experimented with the varieties of different cucumbers recommended for pickling purposes, testing them by the side of our "Favorite," but found none that equaled it either in yield or quality. In form it is solid and rather thick, flesh is crisp and exceedingly tender, although very firm. Taking all together it is about as near perfection for pickling purposes as a cucumber can be. We heartily recommend it to all of our friends who desire a choice pickle, and know that thousands of our patrons who purchase it each year will gladly endorse our recommendation. All we can add to this is five more words, don't fail to try it. Pkt 10c, oz. 15c, ½ lb. 35c, lb. $1.25.

GARDEN GEM.

The Finest Cucumber for Slicing.

As Favorite is the best for pickling, so Garden Gem is the best of all for slicing and the handsome cucumber for table use we have ever seen. It surpasses all other kinds for beauty, flavor and shape, being quite long, thick through, has a fine flesh and few seeds. For general crop, to come in after our garden variety, Early Prize, it is undoubtedly the most desirable sort that can be secured. Private and market gardeners will do well to obtain a supply of the seed this season, and we earnestly urge all of our friends who have a kitchen garden to give it a place in their patch this year. Pkt 10c, oz. 25c, ½ lb. 60c, lb. $1.50.

EARLY PRIZE.

The Greatest Forcing Cucumber Ever Offered.

Extra early, a prolific bearer, a vigorous grower and of splendid shape and quality. That's exactly the description given by one who has grown it for the early markets, and it certainly needs no further testimony, as that includes about all the valuable points of an extra early forcing variety. It is a most excellent sort for either pickling or table use, and its earliness at once recommends it to all who wish an early cucumber.

Give it a trial, it is certain to please you. Pkt 10c, oz. 15c, ½ lb. 35c, lb. $1.15.

JAPANESE CLIMBING.

This is indeed a novelty, and worthy the attention of every farmer and gardener. The vines are strong growing and immensely productive, being estimated that it will yield three times more than any of the home grown varieties. The cucumbers are about ten inches in length, and of a beautiful green color; the flesh is firm and free from the Pickling taste found in some varieties. It can be trained on poles, trellises, fences, or in fact any place where a vine can be grown, and will save much valuable space in the garden. Pkt 10c, 3 pkt 25c, 7 pks $1.00.

Medium Green.—This new variety, grown extensively throughout the entire states, has done admirably. It is very prolific, exceedingly crisp, of dark color and valuable alike for pickling, market and table purposes; it gives great satisfaction wherever used. Pkt 5c, oz. 10c, ½ lb. 25c, lb. 65c.

Talby's Hybrid.—Pkt 5c, oz. 10c, ½ lb. 50c, lb. 75c.

White Spine, Extra Long.—Similar to Early White Spine variety, but much longer and some later. Pkt 5c, oz. 10c, ½ lb. 25c, lb. 65c.

White Spine Improved.—This, a favorite market variety, belongs to the short-growing section, producing fruit of medium size, from six to eight inches in length and two to three inches in diameter. Pkt 5c, oz. 10c, ½ lb. 25c, lb. 65c.

Early Cluster.—Pkt 5c, oz. 10c, ½ lb. 25c, lb. 65c.

Short Green.—Plants very vigorous and productive; fruit straight, smaller at each end, but very productive. Pkt 5c, oz. 10c, ½ lb. 25c, lb. 65c.

Early Russian.—Flesh tender, crisp and of good flavor. Its hardness, extreme earliness and productivity render it a favorite for early market. Pkt 5c, oz. 10c, ½ lb. 25c, lb. 60c.

Chicago or Westerfeld Pickling.—Many of the large pickling factories have instructed their growers to use no other sort. Pkt 5c, oz. 10c, ½ lb. 25c, lb. 65c.

May's Peerless.—For gardeners who desire a choice variety for sale at the markets we have something that can surpass our Peerless. It is early, straight, has quick and enormous growth, is the one thing that goes to make a good cucumber for quick selling. Pkt 10c, oz. 10c, ½ lb. 25c, lb. $1.50.

Long Green Turkey.—Pkt 5c, oz. 10c, ½ lb. 25c, lb. 75c.

Boston Pickling.—Green's Profile.—Used extensively for pickling. Pkt 5c, oz. 10c, ½ lb. 25c, lb. 65c.

Jersey Pickling.—Pkt 5c, oz. 10c, ½ lb. 25c, lb. 75c.

COOL AND CRISP.

Very early and exceedingly prolific, valuable as a pickling variety; when fully matured is excellent for slicing, being exceptionally tender and crisp; color very dark green. Pkt 10c, oz. 25c, ½ lb. 50c, lb. $1.50.

Early Frame.—A grand variety for either pickling or use as cucumbers sliced. It's appearance is very handsome and therefore a great favorite for marketing. Pkt 5c, oz. 10c, ½ lb. 25c, lb. 50c.

Improved Long Green—Probably more largely grown than any other cucumber. It is of superior quality and grows to a length of from fifteen to twenty inches, although when picked early they are very valuable for pickling purposes; vines vigorous and wonderfully productive. Pkt 5c, oz. 10c, ½ lb. 20c, lb. 65c.

The Evergreen.—A grower who planted a large acreage last season states that he never saw cucumbers lie thicker on the ground than his fields of the Evergreen did when the frost killed the vines; it really looked as if the whole surface of the ground was covered with cucumbers. In addition to being so wonderfully prolific it is very early, and the cucumbers retain their beautiful green color longer than any other sort. It is one of the very best varieties for slicing as it is very crisp and of good quality. Pkt 5c, oz. 10c, ½ lb. 25c, lb. 75c.

Gherkins.—Pkt 5c, oz. 10c, ½ lb. 25c, lb. 90c.

SIX EVERBEARING TREE BLACKBERRY FOR $1.00, POSTPAID.
other varieties. Pkt. 5c, oz. 10c, % lb. 30c, lb. $1.00.

**Black Seeded Simpson**—The leaves of this variety are very large and form a compact mass rather than a distinct head. They are thin, very tender, of superior quality and of a very light green color, exceedingly popular among market gardeners. Pkt. 5c, oz. 10c, % lb. 30c, lb. $1.00.

**Buttercup**—This new cabbage lettuce, in addition to tenderness and delicacy of flavor, is remarkable for beauty of form and size. It forms very solid heads, is early and durable, and its peculiar, citron yellow leaves mark it as distinct from all other kinds of lettuce now

**A LARGE STOCK**

Of the following varieties allows us to offer them at very low prices.

- **Pkt. 5c, oz. 10c, % lb. 30c, lb. 90c, postpaid.**
  - **Black Cabbage**—Rich, sweet leaves, very tender.
  - **New York**—Extra large; color, apple green.
  - **Grand Rapids**—Particularly desirable for forcing.
  - **Prize Head**—Very fine. Slow to run up to seed.
  - **Early Curled Simpson**—Early exceedingly tender.
  - **Tennis Ball**—Black Seeded—Splendid for forcing.
  - **Hubbard**—White cabbage variety. Good for forcing or outdoor growing.
  - **Large Yellow Butter**—Mammoth yellow heads. Crisp, tender and sweet.
  - **Boston**—(Best stock)—Heads green outside, white within.
  - **Big Boston**—Heads large; fine for forcing or open ground.
  - **Spinach**—Black Seeded—Extra early forcing.
  - **White Star**—(New.) Valuable alike for early planting or forcing.
  - **Drumhead**—Heads very large and of good flavor.
  - **Salamanca**—Heads of the finest quality.
  - **Boston Curled**—Very handsome heads of good quality.
  - **Paris White Cos**—Upright growth, leaves of finest quality.

Notice the Low Price for Lettuce Seed.

**SERRDELLA, THE AUSTRALIAN HONEY PLANT.**

A PRIZE FOR BEE-KEEPERS. GIVE IT A TRIAL.

THE GREATEST HONEY PRODUCING PLANT IN THE WORLD.

Thousands of bee-keepers in all parts of America will hail with delight the introduction of this, the best of all plants for bees. At a great expense we have secured the true seed of this splendid variety, and earnestly advise every one who has any bees to include a few pounds of it in their seed this season. Its nutritive value is superior to Red Clover and the yield much heavier. Serradella also has the peculiarity of thriving on any soil and doing equally well in any locality. All kinds of cattle like it and sheep are particularly fond of this splendid plant. Our supply has been obtained direct and the seed which we offer is of the finest quality. Lb. 40c, $1.00, postpaid.

A Field Corn for the North.

On page 33 we list the new field corn, Minnesota King. It is a variety every farmer in the Northern States should have. Chas. A. Whittaker, Northfield, Minn., writes: "I raised Minnesota King in 1894, and it was the only corn that did well in this section, and was said by all who saw it to be the corn for Minnesota. I planted twenty acres May 10th, 1895, and it was ripe August 10th. It yielded 100 to 110 baskets per acre, which I call good for land that was in oats last year and had no extra care. I would like to have you see it in the crib."

See Description of Minnesota King on Page 33.
SWEET CORN.

SWEET CORN POSTPAID.

Please remember that we pay the postage on corn quoted postpaid.

EARLY WINDSOR.

THE EARLIEST OF ALL THE SUGAR CORNS.

In addition to this, it is also the sweetest variety we have ever tasted. While the ears are not quite so large as the late sorts they are always well filled, and the kernel is of the best quality. From actual test in a fair season, good ears for boiling can be grown in fifty days from sowing of seed. This is a record which we think is unequalled by any other corn. In all our experience in growing Sweet Corn, we have never seen anything that can equal Early Windsor, either for private gardens or for the largest gardeners, who make a specialty of supplying the early markets. We certainly recommend it very highly, for we feel it will please every one of our customers why tries it.

WISCONSIN BEAUTY

The Largest Early Sweet Corn.

is large, deep and of a beautiful pearly white color. For extra early planting Early Windsor, and for second early Wisconsin Beauty, this will give you the two finest varieties that can be had either for private market use. Pkt. 10c, pt. 30c, qt. 50c, pk. $1.50, bu. $5.00.

COUNTRY GENTLEMAN.

Here we have a comparatively new variety that for yield is one of the best ever offered, as the crop can be counted on to give from three to five ears to the stalk. With this wonderful yield combined with splendid quality, its superiority over many older varieties will be at once seen by every grower. It ripens about medium early and the kernels are plump of a milky white and very tender. Pkt. 5c, pt. 25c, qt. 50c.

Early Cory—The well-known standard extra early variety. Popular on account of its earliness. Our stock is carefully selected and cannot be surpassed. Pkt. 5c, pt. 20c, qt. 30c.

Early Minnesota—a magnificent early sort, extensively grown in the West; rather dwarf, ears good size, and corn of best quality. Pkt. 5c, pt. 20c, qt. 30c.

Slawow's Evergreen—Recognized everywhere as the standard late variety, and having the peculiarity of remaining longer in the green state than any other sort. Pkt. 5c, pt. 20c, qt. 30c.

Early Mammoth Sugar—This early variety produces the largest ears of any sweet corn. One ear has been known to weigh three pounds.

Crookshank—Early, and a great favorite in the large cities. It forms rather small ears, but is productive and of excellent quality. Pkt. 5c, pt. 20c, qt. 30c.

Adam's Early—This variety is the earliest, with the exception of the Cory and Early Windsor and Wis. Beauty, and although not a sweet corn is extensively used for the table. It is very hardy. Pkt. 5c, pt. 15c, qt. 30c.

Narragansett—A splendid second variety; kernels large, ears of good size, and when ripe the grains are red; very tender and sweet. Pkt. 5c, pt. 20c, qt. 30c.

Livingston's Gold Coin—Early, very productive and of splendid appearance; ears of good size, sweet and of a delicious flavor. Pkt. 5c, pt. 20c, qt. 35c.

Ballard, or Chicago Market—This variety, known as Chicago Market, is undoubtedly one of the best sorts lately introduced. It matures early, about the same time as the Cory, and is a splendid variety for market use. Pkt. 5c, pt. 20c, qt. 30c.

Shaker's Early—The kernels are large, pearly white, and of delicious flavor. It matures about the same time as the Minnesota, but the ears are much larger. Pkt. 5c, pt. 20c, qt. 30c.

Marblehead—One of the earliest; dwarf and short ears. Pkt. 5c, pt. 20c, qt. 30c.

Moore's Concord—Matures early; ears large, of superior quality. Pkt. 5c, pt. 20c, qt. 30c.

Potter's Excelso—Good size, very sweet, tender and sugary. Pkt. 5c, pt. 20c, qt. 30c.

Hickory—Handsome ears. Pkt. 5c, pt. 20c, qt. 30c.

White Cory—A handsome tender, white corn that is unsurpassed for table use. Pkt. 10c, pt. 20c, qt. 40c.

White Pop. or Ne Plus Ultra—Pkt. 5c, pt. 25c, qt. 40c.

Perry's Hybrid—Pkt. 5c, pt. 20c, qt. 30c.

Amber Cream—Pkt. 5c, pt. 20c, qt. 30c.

Old Colonoy—Pkt. 5c, pt. 20c, qt. 30c.

Black Mexican—Pkt. 5c, pt. 20c, qt. 30c.

Egyptian—Pkt. 5c, pt. 20c, qt. 30c.

Triumph—Pkt. 5c, pt. 20c, qt. 30c.

Cotton Mammoth—Pkt. 5c, pt. 20c, qt. 30c.

SPECIAL PRICE LIST.

By freight or express, at purchaser's expense, any variety of Sweet Corn offered on this page, except Early Windsor and Wisconsin Beauty, at the following prices: Qt. 20c, pk. 55c, bu. $3.00.

BOOKS FREE—SEE OUR OFFER ON PAGE 2.
ICE KING, THE BEST FLAVORED VARIETY

The Melon for all sections. The best shipper and most productive variety ever offered. Grows to a good size, skin not thick, but exceedingly tough, and will stand almost any amount of rough usage, and therefore valuable for the large growers. The meat is a rich scarlet, tender, sweet and juicy. J. D. Cory, the great melon grower of the West, says: "Too much cannot be claimed for it. It is the finest melon out of over 20 varieties that I grew last year." Another large grower says: "It beats any melon I've ever grown. Besides being of the finest quality it is enormously productive and outyielding Kolb Gem three to one."

Note: We are headquarters for the true strain of Ice King, being the introducers. It is a melon that will please you. Give it a trial and get the seed direct from us.

Pkt. 10c, 3 pkts. 25c, oz. 20c., 1/2 lb. 60c., lb. $1.25.

Duke Jones—A New Melon. This originated with the introducer of Florida Favorite. It is a large melon, of splendid quality. Pkt. 5c, oz. 10c., 1/4 lb. 20c., lb. 60c.

Florida Favorite—The illustration shows the shape of this most excellent variety; ripens about ten days earlier than the Kolb Gem; skin is of a dark color, striped with light green; flesh crimson and of the finest quality. Pkt. 5c, oz. 10c., 1/4 lb. 20c., lb. 60c.

Gray Monarch (Jordan's)—This is one of the largest melons that has ever been introduced, one melon weighing seventy to eighty pounds. The skin is of a mottled gray color, while the flesh is a dark crimson, and a most delicious flavor.

Hungarian Honey—A round, small melon of the sweetest flavor imaginable. Pkt. 5c, oz. 10c.

Ruby Gold—(True.) The melon of many colors, yellow, pink and red being found on a single vine. Just the melon for private gardens, as it makes a grand showing when sliced for the table. Pkt. 5c, oz. 10c., 1/4 lb. 20c., lb. 60c.

White Gem—Average size, 15 lbs.; color, creamy white when ripe; flesh, bright pink and wonderfully tender, sweet and crisp. A melon all should try. Pkt. 5c, oz. 10c.

May's Star Mixture—This packet is put up for the home garden, and includes one of each of the following splendid varieties: Ice King, Giant Southern, and Pkt. 15c., 2 pkts. 25c.

Jones' Jumbo—Very large; flesh red, sweet, and of good quality. A favorite in the South. Pkt. 5c, oz. 10c., 1/4 lb. 20c., lb. 60c.

Cuban Queen—Beautifully marked, light and dark green; solid, crisp, bright red flesh; a good shipper; grows to an immense size. Pkt. 5c, oz. 10c., 1/4 lb. 20c., lb. 60c.

Mountain Sweet—Pkt. 5c, oz. 10c., 1/4 lb. 20c., lb. 50c.

The Boss—Pkt. 5c, oz. 10c., 1/4 lb. 20c., lb. 50c.

Ice Cream—Melon and crispy—Pkt. 5c, oz. 10c., 1/4 lb. 20c., lb. 50c.

Turkish Dwarf—Of Turkish origin. Pkt. 10c., 3 pkts. 25c, oz. 35c.

Do You Want any of These?

We can supply any of the following at 5c per pkt., 10c per oz., 20c per 1/4 lb., 50c per lb., postpaid.

Kolb Gem—The favorite shipper in the South. Mam. Ironclad—Large size and of good flavor.

DESCRIPTION OF
WINTER PINEAPPLE.

The Longest Keeping, Finest Flavored Melon in the World.
A most valuable variety which originally came from the Sandwich Islands. The melons are almost solid, as shown in our illustration, and will weigh about twice as much as any other variety of the same size. The wonderful fragrance and delicious pineapple flavor makes it the finest of all melons for either private or market purposes. Unlike all other kinds it does not ripen on the vine but should be picked before hard frost and placed in a cool cellar where it will keep solid for months. When wanted for use bring to a warm room where they will ripen in a few days. Pkt. 10c, 2 pkts. 25c, 9 pkts. $1.00.

The Jno. Wildenger, Adrian, Mich., says: “Winter Pineapple is the handsomest melon I ever saw. We put one in a warm room and in a week it was ready to eat, and the most delightful melon I ever tasted.

Golden Triumph—The best of all for private gardens. Good size, flesh sweet and tender, very prolific. Should be grown extensively for the restaurants, as it always brings the highest prices on account of its beautiful color when sliced. The flesh is thick, sweet and juicy; color a deep pinkish orange, and very handsome. Every one who has a small garden, and wants a fine musk melon, will do well to try our Golden Triumph. Pkt. 10c, 2 pkts. 25c, oz. 30c, ½ lb. 75c, lb. $2.50.

Minnesota Perfection — The largest of all the Musk Melons. Often weighs 25 lbs. This is the grandest Musk Melon ever introduced; grows to an enormous size, frequently weighing over 25 lbs. The flesh, which is exceedingly sweet, is of a light green shade. The rind is tough and stands shipping better than any variety we have ever grown. We cannot too highly recommend Perfection, either for private or market use. In productiveness it excels all other sorts, and many growers who have tried Perfection will raise no other kind. Pkt. 10c, oz. 15c, lb. 50c, lb. $1.50.

Banquet—One of the largest growers in the United States says this variety will produce more first-class melons to a given area than any other melon ever introduced. The flesh is a rich, deep salmon yellow, thick and very sweet. Pkt. 5c, oz. 10c, lb. 20c, lb. 65c.

Emerald Gem—Too much cannot be said of the quality of this melon. It is deeply ribbed, smooth skin, and of a deep emerald green color; flesh salmon, very thick and juicy. Its vines are strong growing and very productive. Pkt. 5c, oz. 10c, lb. 20c, lb. 75c.

Extra Early Hackensack—A variety possessing all the good qualities of the large Hackensack, and fully two weeks earlier. Pkt. 5c, oz. 10c, lb. 20c, lb. 65c.

Acme—A splendid sort, grows to an enormous size; fine flavor and one of the best for shipping purposes. Pkt. 5c, oz. 10c, lb. 20c, lb. 60c.

Banana—Long, shaped like the fruit it is named for. Sweet, tender, and always attracts attention. Pkt. 10c, 3 pkts. 25c, oz. 20c.

WE HAVE
A large stock of the following sorts which we offer very low.
ALL SELECTED SEED.
Pkt. 5c, oz. 10c, lb. 20c, lb. 60c, postpaid.

OSAGE, BAYVIEW, DELMONICO, PRINCESS, NETTED, OR GOLDEN GEM, LARGE HACKENSACK, MONTREAL, NUTMEGO, JENNY LIND, WHITE JAPAN, LONG YELLOW CANTOLOPE, ROUND YELLOW CANTOLOPE, SURPRISE, CHICAGO MARKET, CASABA.

SIX EVERBEARING TREE BLACKBERRY FOR $1.00, POSTPAID.
THE EARLIEST AND BEST RED ONION FOR AMERICA.

For some years past we have experimented with all the different varieties of red onions for early use and now offer a carefully selected and improved strain that by actual tests has proven to be from ten days to two weeks ahead of Red Wethersfield. This alone will at once recommend it to the large grower, but in addition to this valuable point there are many others, such as fine shape, good flavor and wonderful keeping qualities, that will immediately stamp it as the crown to red onions for all sections of the country. We believe it will soon take the place of Wethersfield, Red Globe and all other kinds of its color as soon as once tested by those growing the old varieties.

EVERY GARDENER SHOULD HAVE IT.

No one, whether private or market gardener, can afford to be without it on account of its earliness. In this latitiwe it will ripen about the middle of July, and test yields showed it an enormous yielder. We know of 1,000 bushels per acre. Take our word for it you will find Red Wonder the most profitable variety you have ever grown. Pkt. 15c, oz. 25c, ½ lb. 75c, lb. $2.50.

RED WETHERSFIELD.

(Selected Seed.)

$1.55 PER POUND, POST PAID.

Our selected strain of this popular variety was sown last year by over 100,000 gardeners in all parts of America. It is unquestionably one of the heaviest yielding and best keeping red sorts ever introduced and more extensively grown by shippers and large gardeners than any other variety. In the markets it is always in demand and invariably brings a big price. The flesh is a pure white, fine grained and of a good flavor, skin purplish red. We trust that no onion grower who receives our catalogue this season will fail to try our Wethersfield. Pkt. 5c, oz. 15c, ½ lb. 40c, lb. $1.25, 5 lbs. $6.00.

Note.—B. L. Grant, Hudson, Wis., says: This season I raised from seed over 1,000 bushels of Red Wethersfield onions per acre. This is 40 per cent. heaver than I ever had from other seed. THE AMERICAN PRIZETAKER.

The wonderful new onion that has become so popular in the last few years. It grows to an immense size. Crops of over 1,100 bushels have been raised on a single acre. It resembles a globe-shaped variety, skin of a bright straw color, flesh white, sweet, tender and very mild. T. Greiner, the well known authority on onions, says: It excels every onion now existing in beauty, size and productiveness. If you do reasonably well, you should grow 1,000 bushels per acre, and every bushel will sell for more money than a bushel of the older varieties. You can grow a good crop of Prizetakers even in a dry season when other sorts are a failure. A correspondent in Farm and Fireside, says: It is at this point of domestic onion I have ever seen, and finer than anything I ever expected to grow. It is very seldom that we come across a novelty that merits such a long step in advance in the culture of vegetables. Thousands of others testify just as strongly in the above and we cannot too highly recommend our strain of Prizetaker to our patrons. Pkt. 10c, 3 pkts. 25c, oz. 25c, ½ lb. 60c, lb. $2.25.

THE MAMMOTH SILVER KING.

This variety has been extensively cultivated in all sections for the past five years, and has given perfect satisfaction. The skin is a silvery white, and the flesh pure white, and of a particularly mild and pleasant flavor. It cannot be too highly recommended for family or market use. Single bulbs of this variety have been grown for the production of white sets. Pkt. 10c, oz. 20c, 2 oz. 40c, ½ lb. 60c, lb. $2.15.

Large White Globe.—A large pure white, globe-shaped variety. Flesh mild, solid and of splendid quality. A handsome onion and a good keeper. Pkt. 5c, oz. 20c, ½ lb. 65c, lb. $2.50.

Large White Portugal.—One of the leading sorts of white flat onions. A most excellent keeper and a good yielder. Pkt. 5c, oz. 20c, ½ lb. 70c, lb. $2.75.

Red Globe.—This variety ripens about ten days earlier than the Large Wethersfield and is rather smaller in size, but close grained and heavy. Pkt. 5c, oz. 15c, ½ lb. 40c, lb. $1.50.

El Paso.—Large size, fine white skin and excellent quality. Pkt. 10c, oz. 30c, ½ lb. 30c, lb. $2.75.

Yellow Strasburg.—Color brownish yellow; later than Yellow Danvers. Pkt. 5c, oz. 15c, ½ lb. 60c, lb. $1.45.

White Tripp—Of mild flavor and rapid growth. Pkt. 5c, oz. 15c, ½ lb. 60c, lb. $1.85.

Yellow Globe Danvers.—(Selected Seed.)

$1.55 PER POUND, POST PAID.

This Red Wethersfield and Red Wonder are the three onions for market gardeners, immensely productive and good keepers. Large size, globe shaped, small neck, fine flavor, mild and early; in fact, about all that is required to make a first class onion for either home or market use. Our seed is carefully saved from selected bulbs and is of the highest germinating quality. Crops of 600 and 800 bushels per acre are frequently raised from this seed. Pkt. 5c, oz. 15c, ½ lb. 40c, lb. $1.25, 5 lbs. $6.00, postpaid.

AMERICAN EXTRA EARLY PEARL.

The earliest of all the white varieties. Grows to an immense size. Crops much larger per bulb. Flesh mild, solid, delicious flavor. It grows with remarkable rapidity, reaching the first size from seed, the enormous weight of four pounds each, and frequently measures seven or eight inches in diameter. If you are in want of an early white onion grow American Early Pearl. Its immense size and superior quality will please you. Pkt. 10c, oz. 20c, ½ lb. 60c, lb. $3.25.

MAY'S SULTAN.

Of a bright yellow in color, a trifle darker than the Prizetaker, which it somewhat resembles. The flavor and keeping qualities are excellent, and are not equalled by any other onion. A most choice variety and one of the best on the market. Pkt. 5c, oz. 15c, ½ lb. 40c, lb. $1.48.

Yellow Flat Danvers.—This variety differs from the Globe strain in shape only, being more flat. Pkt. 5c, oz. 15c, ½ lb. 40c, lb. $1.40.

Choice Everblooming Roses for $1.00, Postpaid.
ONION SETS. White Bottom—Pt. 20c, qt. 35c, postpaid. By express or freight, pk. $1.00, bu. $3.00.
Yellow or Red Bottom—Pt. 15c, qt. 30c, postpaid. By express or freight, pk. $1.00, bu. $2.50.

IT WILL PAY YOU TO LOOK AT OUR PANSY OFFER.
PUMPKINS.

Mammoth Tours—Very productive and of enormous size. Flesh thick and sugary; fine for table use. Pkt. 50c, oz. 10c, ½ lb. 30c, lb. 30c.

Japanese Pie—This valuable variety comes to us from Japan, and has proven to be a decided acquisition, being particularly desirable for cooking purposes. It will make the finest “pumpkin pie” imaginable, as the flesh is very fine grained, thick, and of the most delicious flavor. Pkt. 60c, oz. 1½ lb. 30c.

Negro—One of the best for “pumpkin pie” use. The skin is a very dark green; almost black; flesh a rich orange color: a good keeper. Pkt. 50c, oz. 1½ lb. 25c, lb. 75c.

Tennessee Sweet Potato—A universal favor it. When cooked it has the appearance of a sweet potato, but is of finer flavor, and for pies, etc., it has no equal. Flies thick, creamy white and very fine grained. Hardy and productive. Pkt. 50c, oz. 1½ lb. 25c, lb. 85c.

Cashew—This is a great favorite in the Southern states. Pkt. 50c, oz. 1½ lb. 20c, lb. 60c.

Connecticut Field—Very productive; largely grown for feeding stock. Pkt. 50c, oz. 1½ lb. 20c, lb. 40c.

Large Cheese—Excellent flavor and thin yellow flesh. Pkt. 50c, oz. 1½ lb. 10c, ¼ lb. 10c.

Jonathan—A splendid keeper and one of the best for cooking purposes. Pkt. 50c, oz. 1½ lb. 20c, lb. 60c.

Quaker Pie—Vines vigorous, very productive. Fine flavor. Pkt. 50c, oz. 1½ lb. 25c, lb. 90c.

Mammoth Red Etampes—A first class variety. Meat thick and rich. Pkt. 50c, oz. 1½ lb. 90c, lb. $1.00.

Sugar—Very prolific, fine grain and sweet.

SQUASH.

Sibbly or Pikes Peak—One of the best shippers, owing to the hardness of the shell. Flesh is solid and thick, a bright orange color and of choice quality. Flavor rich and sweet. Pkt. 50c, oz. 1½ lb. 20c, lb. 60c.

Hubbard—Improved. More largely grown as a late sort than any other. Pkt. 50c, oz. 1½ lb. 25c, lb. 60c.

Mediterranean—A valuable variety. Very sweet and delicious flavor. Pkt. 50c.

Faxon—Pkt. 50c, oz. 1½ lb. 25c, lb. 75c.

Orange Marrow—Very prolific, fine grained and choice quality. Pkt. 50c, oz. 1½ lb. 20c, lb. 70c.

Essex Hybrid—Early, quick growth and very productive; flesh very yellow and sweet. Pkt. 50c, oz. 1½ lb. 20c, lb. 85c.

Bay State—An excellent keeper; flesh yellow, solid, fine grained, and of very sweet flavor. Pkt. 50c, oz. 1½ lb. 30c, lb. 90c.

Marblehead—An excellent variety, resembling the Hubbard. Pkt. 50c, oz. 1½ lb. 20c, lb. 65c.

NORTHWEST PREMIER

For years this variety has been our specialty, and we know from actual testing each season that the Northwest Premier is absolutely the earliest variety in cultivation. There is perhaps no firm in the States which does not claim to have the earliest pea ever introduced. Our reply to this is that of all we have ever grown none can equal the Northwest Premier, and the wonderful demand that has been created for this variety in the past few years justifies us in making this claim. If you desire a variety of even growth, wonderful yield and the finest flavor, you should not fail to try the Premier. Hundreds of large market gardeners prefer it to any other sort for early marketing; this alone is a splendid testimonial. When we first introduced this pea we were determined to perfect it so that it would take the lead of all other early peas; this we have succeeded in doing. It has been tested by market gardeners as far south as Corpus Christi, Texas, and east to New York state.

Mr. Arthur H. Mowbray, of Richmond Hill, N.Y., writes us that after trying our Northwest Premier alongside of several other extra early varieties, which he procured from leading seed houses, the Northwest Premier was the earliest by nearly ten days. It grows to a height of 20 to 30 inches; does not require staking; is an immense cropper, and ripens so evenly that it can be picked clean in two pickings. The genuine stock of this variety can only be procured from us.

Pkt. 10c, pt. 25c, qt. 45c postpaid, pk. $1.25, bus. $5.50.

Champion of England.—Without doubt one of the most popular general crop or late varieties ever offered. Very productive and the peas are of the finest flavor. Height four and five feet. Pkt. 5c, pt. 20c, qt. 40c, pk. $1.00, bus. $5.00.

Premium Gem.—Grows to a height of about 12 or 15 inches, and is considered by many of the best of all the wrinkled peas. It is wonderfully productive and of delicious quality. Ripes early. Pkt. 5c, pt. 20c, qt. 40c, pk. $1.25, bus. $5.00.

Stratagem.—A wrinkled pea that pays every one, as its vigorous habit of growth enables it to thrive and yield heavily on almost any soil. Height about 2 feet. The peas are large and of delicious flavor. Ripes rather late. Pkt. 5c, pt. 20c, qt. 45c, pk. $1.25, bus. $5.50.

Nott's Excelor.—By far the earliest dwarf wrinkled peas ever introduced, surpassing American Wonder in yield, quality and vigor of growth. The pods are large and filled solidly with peas of the most delicious flavor imaginable. Pkt. 10c, pt. 25c, qt. 50c postpaid.

Telephone.—A large late pea of sugary flavor, that bears enormous crops, even under adverse circumstances. Height 4 feet. Pkt. 5c, pt. 25c, qt. 45c, pk. $1.75, bus. $8.00.

For $1.00 we will send, postpaid, 20 choice everblooming roses.

For 25c We will send 6 packets of

PEAS

Your choice of any on this page.

EARLY PEAS.

Herolimo.—A new variety from England. It grows to a height of about 30 inches and is an abundant bearer of peas of the most delicious flavor, so sweet that they will fairly melt in your mouth. Don't fail to try it. Pkt. 10c, pt. 25c, qt. 35c, pk. $1.00.

First and Best.—This is a very fine variety for market gardeners' use; early, and ripens with such uniformity that they may be picked clean with two pickings. Height, 2½ feet. Pkt. 5c, pt. 20c, qt. 35c, pk. $1.00.

McLean's Little Gem.—One of the most productive of the dwarf wrinkled Marrows grown, and although very early, it has all the savory flavor of the late wrinkled varieties. Height, 1 foot. Pkt. 5c, pt. 20c, qt. 40c, pk. $1.25.

American Wonder.—Until the introduction of Nott's Excelor this was the earliest wrinkled pea in cultivation. Of dwarf and robust habit, growing from 9 to 12 inches high, and producing a profusion of good sized and well-filled pods of the finest flavor. Peas planted June mature in thirty-three days. Pkt. 5c, pt. 25c, qt. 40c, pk. $2.00.

Alaska.—Pkt. 5c, pt. 25c, qt. 20c, pk. 45c.

New York.—Pkt. 5c, pt. 20c, qt. 35c, pk. 1.00.

May's Sunbon.—Pkt. 10c, pt. 30c, qt. 50c.

Kentish Invicta.—Pkt. 5c, pt. 20c, qt. 40c, pk. $1.00.

Philadelphia Extra Early.—Pkt. 5c, pt. 20c, qt. 35c, pk. $1.25.

MEDIUM.

Horsford's Market Garden.—A splendid wrinkled sort. Very productive and pods well filled. Height 2 feet. Pkt. 5c, pt. 20c, qt. 40c, pk. $1.25.

McLean's Advance.—A great favorite with growers in this neighborhood, among which it is known as Early Champion. It is a green wrinkled variety of fine flavor. Pkt. 5c, pt. 20c, qt. 40c, pk. $1.25.

Abundance.—Anonemonous bearer. Grows to a height of 18 inches. Pkt. 5c, pt. 20c, qt. 40c, pk. $1.25.

Everbearing.—Pkt. 5c, pt. 20c, qt. 40c, pk. $1.25.

For 25c We will send 6 packets of

PEAS

Your choice of any on this page.

TALL SORTE.

Yorkshire Hero.—Pkt. 5c, pt. 20c, qt. 35c, pk. $1.00.

Royal Dwarf White Marrowfat.—Pkt. 5c, pt. 20c, qt. 30c, pk. $1.75.

Pride of the Market.—Pkt. 5c, pt. 20c, qt. 40c, pk. $1.75.

Redy Imperial.—Pkt. 5c, pt. 20c, qt. 40c, pk. $1.75.

Black Eyed Marrowfat.—Pkt. 5c, pt. 20c, qt. 30c, pk. $1.75.

White Marrowfat.—Pkt. 5c, pt. 20c, qt. 30c, pk. $1.75.

Tall Gray Sugar.—Pkt. 5c, pt. 20c, qt. 30c, pk. $1.75.

FIELD SORTS.—Early White Canada.—Pkt. 50c, pt. 20c, qt. 30c, pk. $1.75.

Notice.—At prices quoted below we pay the postage on ptk., pts. and qts. When ordered by peck or bushel, purchasers will pay freight or express charges. Deduct 8c per pt. and 15c per qpt. from following prices if you desire seeds sent at your expense.

10 DAYS EARLIER THAN ANY OTHER PEAS.

The most profitable variety for market gardeners. Give it a trial.

Unequaled in yield and unsurpassed in flavor.

For $1.00 we will send, postpaid, 20 choice everblooming roses.
QUEEN OF THE MARKET.

The Earliest, Finest Shaped and Best Radish in the Market. Absolutely the earliest turnip shaped red radish we have ever grown, and we think our experience justifies us in claiming that it is also the finest shaped and best flavored. Testimonials and reports from all sections of America show conclusively that Queen of the Market is the favorite with both private and market gardeners. It is about a week or ten days ahead of Early Scarlet Turnip, and remains crisp, solid and tender longer than any other radish of this shape. The small top makes it valuable for forcing and our own trials prove it to be one of the very few sorts that is valuable alike for either early forcing in beds or growing in the open ground. Our illustration is a correct representation of this splendid radish. If you desire two first-class early sorts be sure to try Rosy Queen and Queen of the Market. Pkt. 10c, oz. 15c, ½ lb. 75c, lb. $1.00.

GOLDEN DAWN PEPPER.

Extra Large, Mild Flavor, Beautiful Color. Without doubt the finest pepper in cultivation. It is of fine appearance, a beautiful golden color, and so tender and mild that it may be eaten with salt and vinegar like cucumbers or tomatoes. Plants are in growth and enormously productive, fairly covering themselves with the rich colored peppers. Pkt. 10c, oz. 25c, ½ lb. 75c, lb. $2.50.

ITALIAN GIANT AMARANTH.

A Quick Growing European Variety of Mild Flavor and Handsome Appearance. Two years ago we secured direct from one of the leading onion growers of Europe this magnificent variety, and a test last season proved it to be a most valuable addition to the list of this class of vegetables. The leaves are in broad, flat, oval, dark green in color, in a loose cluster, bending over, with a solid, full, crisp, juicy pulp. If eaten sparingly, it is said to be valuable for its medicinal properties. For forcing, the leaves are luscious. For bird and table use, the leaves will make an admirable vegetable. The seeds are of uniform size, dark red and beautiful. Pkt. 10c, oz. 25c, lb. 75c, lb. $2.00.

EARLY Ripe MUSK MELON.

If you want a good extra early melon of splendid quality, about ten days ahead of your neighbor, try Early Ripe Musk Melon, the best early variety cultivated. It is a large melon, globe shaped, netted and grows to a medium size, flesh very sweet and juicy. Give it a trial. Pkt. 20c, 3 pkts. 50c.

PARSNIPS.

Magnificent Bonum—A wonderful fine variety recently introduced from England. The flavor is delicious and the flesh tender and sugary. Don’t fail to try it this season if you love good parsnips. Pkt. 10c, oz. 25c, ½ lb. 50c, lb. $1.50.

New Maltese—Long, smooth and white; fine flavor. Pkt. oz. 10c, ½ lb. 25c, lb. 60c.

Large White Sugar—A splendid sort, excellent flavor, tender and sweet. One of the best varieties. Pkt. 5c, oz. 10c, ½ lb. 25c, lb. 60c.

Student—A half-long variety of fine flavor. Pkt. oz. 10c, ½ lb. 25c, lb. 60c.

Hollow Crown—Roots oblong, ending somewhat abruptly, with a small tap root; grows mostly on the surface, has a hollow center, and the juice is produced by the leaves arising from a cavity on the top of the root. Pkt. 5c, oz. 10c, ½ lb. 50c, lb. 60c.

Parsley.

Fenn Leaved—A most valuable plant, both for table decoration and mixed with dwarf ornamental foliage plants in the flower garden. Pkt. 5c, oz. 10c, ½ lb. 25c, lb. 50c.

Champion Moss Curled—A very select stock; leaves are beautifully curled and crimped. Pkt. 5c, oz. 10c, ½ lb. 25c, lb. 60c.

Hamburg—A fleshy rooted sort; roots are used for flavoring soups. Pkt. 5c, oz. 10c, ½ lb. 25c, lb. 50c.

Plain Parsley—Hardier, and the leaves are longer and broader than the Curled sort, flavored for seasoning, valuable for feeding sheep. Pkt. 5c, oz. 10c, ½ lb. 25c, lb. 60c.

Extra—A large, thick and tender leaves beautifully curled and crimped, very fine for garnishing. Pkt. 5c, oz. 10c, ½ lb. 25c, lb. 75c.

HERBS OF ALL KINDS.

Anise—Cultivated principally for garlanding and seasoning. Pkt. 5c, oz. 10c.

Balm—Used for tea or balm wine. Pkt. 5c, oz. 25c.

Basil Sweet—Used for seasoning, and in culinary use. Pkt. 5c, oz. 10c.

Bene—Pkt. 5c, oz. 25c.

Borage—Excellent for bees, etc. Pkt. 5c, oz. 25c.

Caraway—Richly cultivated for seed, which is used in confectionery and medicine. Pkt. 5c, oz. 10c.

Coriander—Pkt. 5c, oz. 25c.

Dill—The leaves are used in soups, sauces and pickles. Pkt. 5c, oz. 10c.

Fenugreek—Valuable for sausages, etc. Pkt. 5c, oz. 25c.

Horehound—Used medicinally, Pkt. 5c, oz. 25c.

Hyson—Used for teas, etc. Pkt. 5c, oz. 25c.

Lavender—Pkt. 5c, oz. 40c.

Rosemary—Pkt. 5c, oz. 40c.

Rue—For medicinal purposes. Pkt. 5c, oz. 10c.

Sage—The leaves and tender tops are used in stuffing poultry and for pickling. Pkt. 5c, oz. 25c.

Saffron—Pkt. 5c, oz. 20c.

Sweet Majoram—Pkt. 5c, oz. 25c.

Tansy—Pkt. 5c, oz. 30c.

Thyme—For seasoning. Pkt. 5c, oz. 30c.

FOR 50 CENTS

We will send post paid one packet each of the following rare vegetable seeds:

Queens of the Market Radish.
Golden Queen Pepper.

Extra Early Forcing Varieties.

Extra Early Carmine—One of the best forcing varieties. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 70c.

Long Scarlet Short Top—This variety is grown the country over, is rather the largest quantity. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 60c.

Early Deep Scarlet Turnip—Globe shape, early and very fine. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.

Early Scarlet Globe or Turnip—Round, about an inch in diameter, flesh white; very good. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.

Scarlet Turnip, White Tip—Scarlet, with white tip. Excellent for market use. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 60c.

Early White Turnip—Fleshy and skin pure white, tender and crisp. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.

Wood's Early Frame—Long, red, one of the best for forcing. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.

Extra Early Exhardt—A splendid turnip shaped red variety recently introduced from Germany. Pkt. 10c, oz. 10c, ½ lb. 20c, lb. 60c.

White Star—The greatest forcing white radish ever introduced. Pkt. 10c, oz. 15c, ½ lb. 35c, lb. $1.00.

Philadelphia White Box—It is particularly adapted for growing under glass. Pkt. 5c, oz. 10c, ½ lb. 25c, lb. 70c.

Olive Shaped Radishes.

French Breakfast—Excellent for forcing and the favorite with gardeners in France. Color pink and white, crisp, tender and a good keeper. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 60c.

White Olive Shaped—Flesh white, tender, and of excellent flavor; very early. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 60c.

Newcom—A new half long white variety. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 70c.

Scarlet Olive Shaped—Shape oblong, skin scarlet, flesh pink and very tender. Fine for early forcing. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.

Summer Radishes.

Chartier, or Shepherd—The color at the top is bright crimson, deepening to pink at the center, and from thence downward it is a pure waxy white. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 60c.

Golden Globe—Quality fine, an extra rapid grower. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 60c.

White Summer Turnip—An excellent summer variety, round root, flesh tender and crisp. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.

Giant White Stuttgart—Skin and flesh white, the latter constantly brittle and mild flavored at all stages of development. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.

Yellow Summer Turnip—Skin and flesh are a golden color, fine quality, firm and brittle. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 50c.

Lady Finger, or White Naples—Flesh crisp, tender. Skin white, but when exposed to the light tinged with green. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 80c.

Winter Radishes.

California Mammoth—Root about a foot long and three inches thick, tapering regularly to a point. Pkt. 5c, oz. 10c, ½ lb. 25c, lb. 70c.

Long Wn. Russian—Handsome shape; flesh white and brittle. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 60c.

Chinese Rose—Winter—This is without doubt the best winter variety in cultivation. A bright rose color. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 75c.

Black Spanish Long—Excellent for winter use. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 60c.

White Strasbourg—Shaped firm, brittle and tender, adapted for late flavor. A very rapid grower. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 70c.

Black Spanish Round—Same as long except in shape. Pkt. 5c, oz. 10c, ½ lb. 20c, lb. 60c.

Radishes at all Seasons.

Radishes Mixed—For those who desire a nice lot of radishes through the entire season we have made up a mixture including the finest varieties for early, medium and late use. We know this mixture will please everyone. Large pkt. 10c, oz. 15c, ½ lb. 40c, lb. $1.25, postpaid.

Don't Fail to Secure the New Rose "Stonewall Jackson."
Wisconsin Climbing Tomato.

The greatest and most wonderful novelty in the Tomato line ever introduced. It's a novelty in every sense of the word, and we don't recommend it as anything else, but for those of our friends who want to astonish their neighbors we just say try the Wisconsin Climbing Tomato and you will do it. Why, we've had plants fifteen feet high that bore fruit from July until the plants were killed by the frost, and the fruit is of an enormous size and of the finest flavor. It's just the thing to climb over old fences or on the trellis at the side of the house, or in fact any place where a vine may be used to advantage. To show you what we think of it we simply state that we paid the originator $80.00 per pound for the seed stocks.

C. H. Cram, Springfield, Mass., says: "It astonished us as well as all our neighbors. The tomatoes were very large." Joseph Taylor, St. Paul, says: "It's the greatest tomato I ever saw. Some of the vines were fourteen feet high and covered with fruit."

Notice—To obtain the best results sow the seed early in the house, transplant pots or boxes and then when weather becomes settled to the open ground. Try it will astonish and please you. Pkt. 25c, 5 pkts. $1.00.

"FIRST OF ALL."

The Earliest Tomato Ever Offered. Leads all other Red Sorts by Nearly Ten Days.

Tested with Earliest of All, Atlantic Prize and nearly every known kind of climbing varieties it beat them all by nearly ten days. It is equally desirable for both market and home use on account of its rich red color, never failing to attract attention wherever displayed, and always bringing the highest price in the market. The tomatoes are of good size, smooth, solid, and of the best flavor.

The only first class extra early variety for general use we have ever grown, and we have none of our patrons who desire an extra early tomato will fail to give First a trial this season. H. G. DeGrav, Creamery, Ia., writes: "Your First of All by far the earliest and best tomato I ever raised." J. L. Hinds, Missouri, writes: "May's First of All leads every other variety I ever tried by over a week in earliness. Don't fail to include it when ordering. Pkt. 10c, 3 pkts. 25c, oz. 50c.

"GOLDEN GEM."

THE FINEST YELLOW TOMATO.

Without doubt the best golden yellow variety that has ever been introduced. It is a decided improvement over all the other yellow kinds in both size and flavor being larger and of a much better quality than Golden Queen, and much heavier yielding. No one who has a private garden can afford to be without it, as its rich golden color makes a most beautiful contrast when sliced and placed with the red varieties. Market gardeners who grow for markets will hail with delight our Golden Gem as the leader of a new class of large sized yellow tomatoes. Pkt. 25c, 3 pkts. 50c, oz. 75c.

Strawberry, Husk or Ground Cherry.

A distinct and most valuable variety for canning, preserving and making pies. They are also frequently dried in sugar as raisins or figs, and used in the making of fruit cakes; for this purpose they are unexcelled. The fruit, which is produced in bushes, is borne in great abundance, and is of a rich strawberry flavor. In the past two years our sales of this variety have increased wonderfully, which shows us that this valuable little tomato is at last appreciated. Give it a trial this season; it will please you. We know it. Pkt. 5c, oz. 25c, 1/2 lb. 75c.

TRY RED WONDER ONION.

FOR 40C.

We will send one packet each WIS. CLIMBING, GOLDEN GEM and FIRST OF ALL.

GOOD BOOKS GIVEN AWAY. SEE PAGE 2.
EXTRA EARLY TREE TOMATO.

This is the variety so extensively advertised and sold at $2.50 per pt. It is certainly a splendid tomato, and worthy of a place in any garden. Many large growers prefer it to any other sort on account of its earliness and quality. Another point that particularly recommends it is the fact that it requires no support even when laden with fruit, the stiff branches holding the tomato far above the ground. The fruits of medium size, good red color and excellent flavor. We have the true seed stock, and can supply it much lower than it was offered last season. F. B. Stokes, Franklin, Tenn., says: "I've tried your Extra Early Tree Tomato the last two years, and its the finest I've ever grown or seen." J. E. Saukford, Toccoa, Ga., says: "Your Extra Early Tree Tomato is simply great. It holds its fruit upright without any stake. Have you ever tried it? If you haven't don't fail to do so this year."

Pkt. 10c, 2 pkts. 25c, 4 oz. 50c.

CALIFORNIA PEACH.

They are very beautiful and generally taken for some rare or unknown tropical fruit. For picking from the vines and eating out of hand. They are liked by most people much better than the finest peaches or oranges. They are simply superb, and those who plant them once will ever after grow them in quantity for table use, either raw, cooked or preserved. The entire fruit is free of core or hardness around the stem found in all other varieties. The color is a rich, deep orange, tinged with pink, giving them a most beautiful appearance. Don't fail to try it. Pkt. 10c, 3 pkts. 25c.

MAMMOTH TREE.

When introduced by us several years ago it attracted more attention than any new variety had for years past. It grows rapidly to a height of about ten feet and bears immense fruit, which often weighs over three pounds each. Pkt. 10c, 3 pkts. 25c.

SHENANDOAH.

For main crop there is no variety that can equal the Shenandoah, and it is particularly desirable for large growers and shippers as it will stand more handling and rough usage than any tomato we have ever grown. While its beautiful bright red color and handsome shape makes it very valuable as a market sort. It is a remarkably strong grower and wonderfully productive, producing fruit of the largest size right up to the time the vines are killed by frost. The Shenandoah is certain to please everyone, the amateur as well as the market gardener, and we cannot too highly recommend it to our patrons. Pkt. 10c, 2 pkts. 25c, oz. 50c.

GOLDEN QUEEN.

An old, but very beautiful yellow variety of splendid quality. Pkt. 10c, oz. 25c, 1/4 lb. 75c, lb. $2.50.

ACME.

One of the earliest and most popular varieties in cultivation. The fruit is of good size, smooth, regular in shape and an immense yielder, coming into bearing very early and producing its handsome fruit in large quantities throughout the entire season. Color crimson, with a pinkish shade. Pkt. 50c, oz. 20c, 1/4 lb. 60c, lb. $3.00.

LIVINGSTON'S BEAUTY.

Smooth, crimson, flesh thick and solid; ripens about the same time as the Acme, and grows in clusters. An excellent keeper and a good shipper. Vines are strong, vigorous and very productive. A standard variety. Pkt. 5c, oz. 20c, 1/4 lb. 60c, lb. $2.00.

LIVINGSTON'S PERFECTION.

The introducer of this splendid tomato says: "Many canners prefer it to any other sort. It is very early, large as the Acme, and has but few seeds, invariably smooth and of a deep red color." Our own experience leads us to endorse all the originator has said. Pkt. 5c, oz. 20c, 1/4 lb. 60c, lb. $2.00.

OTHER GOOD TOMATOES.

Ponderosa—A mammoth variety. Pkt. 10c.
Mikado—Large, early. Pkt. 5c, oz. 25c, 1/4 lb. 75c, lb. $2.50.
May's Volunteer—Fine table sort. Pkt. 10c, oz. 30c, 1/4 lb. 75c.
Dewy Champion—Pkt. 10c, oz. 30c, 1/4 lb. 75c.
Favorite—Solid and Smooth. Pkt. 5c, oz. 20c, 1/4 lb. 60c, lb. $2.00.
Buckeye State—Dark red. Pkt. 10c, oz. 30c.
Atlantic Prize—Extra early. Pkt. 5c, oz. 25c, 1/4 lb. 75c, lb. $2.50.
Trophy—Very productive. Pkt. 5c, oz. 25c, 1/4 lb. 60c, lb. $2.50.
Lori-Lard—Best for canning. Pkt. 5c, oz. 25c, 1/4 lb. 75c, lb. $2.50.
Paragon—Excellent quality. Pkt. 5c, oz. 20c, 1/4 lb. 60c.
Optimum—Good shipper. Pkt. 10c, oz. 20c, 1/4 lb. 60c, lb. $2.00.
Early Ruby—Very early. Pkt. 10c, oz. 30c, 1/4 lb. 60c, lb. $2.00.
Red Pearl—Fruit pear-shaped. Pkt. 10c, oz. 25c, 1/4 lb. 60c.
Coral Cherry—Pickling variety. Pkt. 5c, oz. 25c, 1/4 lb. 75c, lb. $2.50.
Yellow Cherry—Pickling sort. Pkt. 5c, oz. 25c, 1/4 lb. 75c, lb. $2.50.
Red Ruby—Very large. Pkt. 10c, oz. 20c, 1/4 lb. 60c.
Red Plum—Pickling variety. Pkt. 10c, oz. 25c.

Don't fail to try...... CALIFORNIA PEACH TOMATO.

DONT FAIL TO SECURE THE NEW ROSE "STONEYWALL JACKSON."
THE NEW IMPERIAL TOMATO

A Magnificent Extra Early Variety which originated in the East and has proven by thorough tests to be a most valuable addition to the list of Tomatoes.

A. A. Halliday, Bellows Falls, Vermont, says: "It is the most productive tomato I've ever seen. In my trials of all the leading varieties, this variety has come out ahead 10 to 22 days in ripening. I believe that it is the earliest perfectly smooth tomato in cultivation. My field of these tomatoes has been the wonder of all who have seen it, and with good reason, for I believe there was never so many tomatoes grown before on the same amount of ground."

The above comes from one of the most reliable and experienced growers in America, and his words are worthy the consideration of everyone who raises this splendid vegetable.

OUR ADVICE to all is to give Imperial a place in your garden for 1896. Pkt. 10c, 2 pkts. 25c.

WHITE MODEL TABLE TURNIP

A beautiful medium size white variety that is unequaled for table use. Flesh white, solid, fine grained and entirely free from the coarseness so often found in this class of vegetables. We cannot too highly recommend it and hope none of our friends will fail to give it a trial this season. Take our word for it, it will please you. Pkt. 15c, oz. 25c.

PICKANINNY MUSK MELON.

UNSURPASSED IN FLAVOR.

While not so large as some other kinds it makes up for this loss in the rich melting flesh which is of a clear salmon color and exceedingly fine grained.

For private gardens and those of our friends who desire a real good melon without caring about it being extra large we advise a trial of our Pickaninny. Pkt. 15c, 2 pkts. 25c, oz. 50c.

NOTT'S EXCELSIOR PEA.

The sweetest flavored extra early variety in the world. By far the best wrinkled pea for home or garden. Probably no other variety ever became so popular in such a short space of time. Its enormous yields, its tender, sugary flavor and earliness in ripening at once placed it among the first as a valuable pea for home or market gardening. The pods are extra large, being fully a third larger than the well-known American Wonder, and always filled solidly with the deliciously flavored peas. It is a variety that should be tried by every one, and next to N. W. Premier is undoubtedly the finest of all for early use. Pkt. 10c, 3 pkts. 25c, qt. 50c, postpaid.

DAVIS' KIDNEY WAX BEAN.

Something that American bean growers have wanted for years, a wax podded bush bean, with white seed. The pods are a light golden color and well filled with white beans of the most delicious quality. The vines are strong, vigorous in growth and hold their pods above the ground, considerably higher than the Improved Golden Wax. Test yields with other leading bush wax varieties showed over one-third heavier yields on the same ground. Another and a most valuable point is earliness, it is equally as early as Golden Wax, Detroit Wax or Perfection Wax, and the beans are of a much finer flavor. By all means give it a trial this season. Pkt. 10c, 3 pkts. 25c.

EARLY CHALLENGE LETTUCE.

A Splendid Head Variety for Home Garden or Market.

As a head lettuce this is one of the finest we have ever seen. The leaves are of a large size and form immense heads of a beautiful apple green shade. It matures quickly and is adapted for shipping purposes, as it retains its bright fresh appearance longer than almost any other variety, and does not become tasteless or bitter with age as is commonly the case with many kinds of lettuce. This is a variety that is certain to please any one who desires a head lettuce of the finest quality. Pkt. 15c, oz. 25c, 1/2 lb. 75c.

MAY'S "GRAND PACIFIC" TOMATO.

The Largest and Most Solid Tomato that can be grown.

Specimens have been raised, weighing over 3 Pounds Each.

Early, of Mammoth Size, Splendid Flavor and very few seeds.

JUST THE VARIETY FOR YOUR HOME GARDEN.

Do you want to surprise your friends this season? If you do, get a packet of "Grand Pacific," the giant tomato that is perfectly solid and of the finest flavor. For table use it surpasses all other sorts, having very few seeds and being almost entirely free of the coarse meat found in so many of the larger tomatoes. Color a rich dark reddish crimson, extremely smooth and ripens early. A package of this seed will furnish enough tomatoes to keep an ordinary family supplied with this splendid vegetable the entire season. As a rule only late varieties grow to such an enormous size, here however, we have a tomato which combines earliness and fine flavor with its immense size, making the most valuable, novel and desirable variety for general use. Pkt. 20c, 3 pkts. 50c.

IT WILL PAY YOU TO LOOK AT OUR PANSY OFFER.
TABLE TURNIPS.

EXTRA EARLY CHAMPION.

The earliest variety we have ever grown, and one of the best table turnips for general use. Pure white, top lightly shaded with rich purple, making a very handsome appearance. It is an excellent keeper and sells readily in the markets. Pkt. 10c, oz. 15c, ½ lb. 40c, lb. $1.50.

WHITE PERFECTION.

The best white turnip that can be grown for fall and winter use. It is sweet, juicy, fine grained, and tender. A great market turnip, and a splendid one for private gardens. Pkt. 10c, oz. 15c, ½ lb. 35c, lb. $1.00.

Extra Early Milan—A new white strap leaf, purple top variety; and one of the earliest in cultivation. Flesh snowy white, solid, fine grained, and of the choicest quality. Pkt. 5o, oz. 10c, ½ lb. 20c, lb. 70c.

Extra Early Munich—This handsome turnip is entirely distinct from any other variety, growing entirely above ground, pure white with a bright purplish red top and few leaves, flesh fine and of good flavor. Pkt. 5o, oz. 10c, ½ lb. 20c, lb. 65c.

Extra Snowball—A small variety of very rapid growth, fine grained, sweet and crisp. Pkt. 5o, oz. 10c, ¼ lb. 25c, lb. 75c.

Red or Purple Top Strap Leaf, Flat—Tops small; bulb mostly above ground, of medium size and flat. Skin white below the surface and clear, bright purple above. Flesh white, sugary, and remarkably well flavored. Very early, hardy and prolific. The leading standard, purely American variety. Pkt. 5o, oz. 10c, ¼ lb. 15c, lb. 45c, postpaid.

White Norfolk—A standard field variety, growing to an immense size and one of the best sorts for stock feeding. Pkt. 5o, oz. 10c, ½ lb. 15c, 1lb. 40c.

FLOWER SEEDS.

Mikado Collection No. 1 For 25 Cents.

This collection consists of the following choice annuals. One package each:

- Poppy, Mikado.
- Arsters, Mixed.
- Morning Glory, Tall.
- Sweet Peas, Mixed.
- Pansy, German Show.
- Sweet Alyssum.
- Marigolds, Yellow Queen.
- Mignonette, Giant White.

SIX EVERBEARING TREE BLACKBERRY FOR $1.00, POSTPAID.
HURST'S MAMMOTH
RUTABAGA
THE LARGEST AND HEAVIEST YIELDING VARIETY.

GOOD FOR
1,000 BUSHELs
PER ACRE.

The Greatest of all the Ruta Bagas and by far the best that can be grown for stock feeding purposes. It produces large oval or oblong-shaped roots of immense size, and the yield per acre is far ahead of any other variety. It is extensively grown in England, being raised by the stock growers of that country in preference to any other sorts. The bulbs are of a rich yellow flesh, and will keep solid and hard much longer than the smaller varieties; this, of course, is a great advantage. It is undoubtedly the best stock feeding variety that can be grown, and we cannot too highly recommend it to our friends. Pkt. 5c, oz. 10c, 1/2 lb. 15c, lb. 50c.

May's...

Improved Purple Top.

Those who want a first-class Ruta Bagas of good size, fine flesh and splendid keeping qualities will find our purple top the best in the list. It is so sweet and fine grained that it is being used extensively for the table as well as for stock feeding.

The bulbs are large, solid, round and uniform in shape, all being proportioned about exactly alike, thus making it a most valuable variety for marketing. Flesh golden yellow. Pkt. 5c, oz. 10c, 1/2 lb. 15c, lb. 50c.

Shamrock—An excellent purple top variety and a good keeper. Pkt. 5c, oz. 10c, 1/2 lb. 15c, lb. 40c.

Large Sweet German—Sweet, and a splendid keeper; flesh a pure white. Pkt. 5c, oz. 10c, 1/2 lb. 15c, lb. 40c.

White French—A very delicate flavored variety; splendid quality; flesh firm and white; good for table use. Pkt. 5c, oz. 10c, 1/2 lb. 15c, lb. 40c.

Carter's Imperial—One of the very best for field culture; flesh yellow; firm and sweet; good for either table use or stock feeding. Pkt. 5c, oz. 10c, 1/2 lb. 15c, lb. 40c.

Yellow Globe—A standard variety for both stock feeding and table use. Pkt. 5c, oz. 10c, 1/2 lb. 15c, lb. 40c.

Laing's Purple Top—Leaves cabbage-like and large. Bulb nearly round, skin smooth, yellow below and purple above. Flesh yellow solid and of fine flavor. A distinct variety, and one admirably adapted to Southern culture. Pkt. 5c, oz. 10c, 1/2 lb. 15c, lb. 40c.

Large White—This variety is a most excellent kind, either for table or for stock. It grows to a very large size; flesh white, solid, firm texture, sweet and rich; keeps well. Pkt. 5c, oz. 10c, 1/2 lb. 15c, lb. 40c.

For 50 Cents

CHAMPION LIMA

DELIC DE

THE FINEST OF ALL TOBACCOS.

This seed was procured direct from the U. S. Consul at Singapore.

In the estimation of growers and dealers in all parts of the world this famous variety, Deli De, is considered the finest. It is grown in Europe and all over the Eastern World and it is acknowledged as the best and most delicious tobacco that you can produce. The seed which we offer is imported direct, and our supply is very limited this season so that we are able to offer it only by the packet. It will pay you to obtain a few packets, for seed stock if you are interested in tobacco. Pkt. 35c, 3 pkts. $1.00.

Don't fail to secure the new rose "Stonewall Jackson."
MAY'S FAMOUS LAWN GRASS SEED

These mixtures are made up with Extra Cleaned Seed of the Finest Quality.

The seed may be sown in April. Seed can also be sown in September with good results. The principal management consists in mowing, weeding, etc. The newly made lawn must be kept clear of weeds, thistles, docks, etc., until the sod thickens; these should be removed with a knife; cut the root just below the surface, the crown being once cut out they will not appear again. Mowing should be done every week or two during the summer, and three or four times to the quick formation of a fine, soft, thick sward of grass, and constant verdure throughout the season.

QUANTITIES REQUIRED.

One quart will sow...300 square feet
One peck will sow...1,000 square feet
Four bushels will sow...one acre

Fine Mixed Lawn Grass. (Central Park Mixture.)—For lawns of any extent we recommend this mixture, to be sown three times to the acre. Price, qt. 30c, postpaid; by express or freight, at purchaser's expense, qt. 10c, pk. $1.10, bu. $4.00.

FOR TERRACES, SIDE HILLS, ETC.

Sow Our Terrace Sod Mixture.

Terrace Sod Mixture—This is a mixture of different grasses especially adapted for sowing on side hills. They are of rapid growth and take root very quickly. The roots spread, and in this way prevent washouts, so common with the regular lawn mixtures. This combination of grasses will produce a rich, green, velvety sward in about six weeks from sowing of seed. Price, 35c, per qt., postpaid; by express or freight, $1.75 per pk., $2.50 per bu.

LAWN MOWERS.

STERLING.

This Mower is made with an open reel, with three knives, 7½ inch wheels. It is the most refined Mower on the market at the price. It has a positive clutch which catches at any and all points, with either or both wheels in operation. The draft is very light, and runs readily and easily with a boy or man of the finest material, has fine workmanship on it, nicely finished, and is a thoroughly good Mower. This Mower is adapted to all kinds of work, terraces, etc. Has front rod to protect shrubbery, trees, etc. It has an adjustable roller, adjustable cutter bar, adjustable boxes, adjustable height of cut, flexible frame and handles.

Other mowers are found with variable clutch. Rear and positive cut and smooth cut. It is a great advance over all other Mowers. Constructed largely of steel and malleable iron. Belt C-cutter bar, extra strong, tempered in oil. Floating cutting apparatus and self-sharpening knives. Prices, boxed for shipment by freight or express, 14 inch cut, $5.40; 16 inch cut, $6.50.

THE GREYHOUND.

High Wheel Lawn Mower. Lightest Draft. There is a demand for a first-class Lawn Mower to cut high grass. We have the finest Mower for this purpose yet made. The "Greyhound" will cut higher grass than any of the high wheel Mowers, and do it easier. Why? Because these seeds and reel are made the right size, and are correctly proportioned to one another, so as to make the draft light, while at the same time it cuts as high (if not higher) grass as any Mower made. If you make a high wheel and make the reel too large in this is why so many of the high wheel Mowers run as hard as ordinary makes of low wheel Mowers. This is why the Greyhound is the only one to use. It makes the Mower run hard, and the Mowers. The "Greyhound" Mower is correct in its proportions, built of the finest material money can buy, finished handsomely, and is altogether the most durable and best High Wheel Lawn Mower on the market. The "Greyhound" runs at high speed, and not only cuts high grass, but leaves the lawn smooth. Price, boxed for shipment, by freight or express, 16 Inch, $8.50, 18 Inch, $7.00.

MARTYNIA.

Sown in May in the open ground, three feet apart in each direction, where the plants are to remain. The young pods are excellent for pickles.

Proboscidea—Pkt. 10c, oz. 25c, ¼ lb. $1.00, lb. $3.00.

MUSHROOM SPAWN.

Culture.—Mushrooms may be grown in cellar, under benches of greenhouses, or in sheds, wherever the temperature of 50 degrees to 60 degrees can be kept up throughout the winter.

English—Per lb. 30c.
French—Per lb. 45c.

OKRA.

Culture.—The seeds are sown thinly in dry, warm soil, in shallow drills, two inches deep. Tall Green—Long, slender pods, light colored, keep edible a long time and are very tender. Pkt. 50c, oz. 10c, ¼ lb. 25c, lb. 75c.

Dwarf Green—A very desirable sort, as it is very productive and free from hard ridges. Pkt. 50c, oz. 10c, ¼ lb. 25c, lb. 75c.

Violet Pod—It is distinct in appearance, and the pods are perfectly round, smooth, and of an attractive white velvet appearance, and of superior flavor and tenderness. Pkt. 50c, oz. 10c, ¼ lb. 25c, lb. 75c.

MUSTARD.

Sown in April thickly in rows and cut when two inches high. For use in winter it may be sown in boxes, greenhouses, or frames.

Black or Brown—More pungent than the white. Pkt. 50c, oz. 10c, lb. 40c.

White or Yellow—Desirable for salads and flavoring. Pkt. 50c, oz. 10c, lb. 40c.

Southern Curled—This variety is very highly esteemed in the South. Plants grow to a height of about two feet, and form immense bunches. Pkt. 50c, oz. 10c, ¼ lb. 25c, lb. $1.00.

NASTURTIUM.

Cultivated for both use and ornament. The seed pods resemble capers, and are gathered while green and tender for pickling.

Tall Orange—The most profitable picking varieties. Pkt. 50c, oz. 15c, ¼ lb. 40c, lb. $1.25.

Dwarf—Beautiful colors. Mixed. Pkt. 50c, oz. 15c, ¼ lb. 40c, lb. $1.25.

SALISFY.

Cultivate the same as for Carrots and Parsnips.

Long White—Pkt. 50c, oz. 15c, ¼ lb. 40c, lb. $1.40.

Mammoth Sandwich Island—Large and superior variety. Pkt. 10c, oz. 20c, ¼ lb. 50c, lb. $1.50.

RHUBARB.

Linnaeus—Large, tender and very fine. Pkt. 10c, oz. 25c, ¼ lb. 75c, lb. $3.50.

Victoria—Large, tender, thick stalks, of a red color, and excellent quality. Pkt. 10c, oz. 25c, ¼ lb. 75c, lb. $2.25.

SPINACH.

Culture—Sow in early spring, in drills a foot apart, every two weeks for a succession, and as it grows thin out for use.

May's Perfection Curled—A splendid variety with large, thick, finely curled leaves, which are produced in great numbers. Pkt. 50c, oz. 10c, ¼ lb. 15c, lb. 40c.

Curled Bloomsdale—Produces nearly twice the weight of crop as the older varieties, and has a further merit in the fact that it is the hardest of all varieties of Spinach. Pkt. 50c, oz. 10c, ¼ lb. 15c, lb. 35c.

Round Leaf—This is the variety so generally cultivated for winter use, being very hardy, standing our severe winters with little injury. Pkt. 50c, oz. 10c, ¼ lb. 15c, lb. 30c.

Long Standing—Except in the characteristic of standing a long time before running to seed, this variety in all other respects closely approaches the well known Round Leaf. Pkt. 50c, oz. 10c, ¼ lb. 15c, lb. 25c.

Prickly Seeded—Hardy, for fall sowing. Pkt. 50c, oz. 10c, ¼ lb. 15c, lb. 35c.

Wedge—Grows to an immense size, with large, thick, fleshy leaves. Pkt. 50c, oz. 10c, ¼ lb. 15c, lb. 40c.
THE ALGOMA, A Potato Every Grower Should Have.

A new Potato that is certain to take the lead with growers who desire a first-class early variety that is productive and sure to yield a good crop even in the most unfavorable seasons. Market gardeners and all others who grow potatoes cannot afford to overlook this wonderful variety. Its certainty to produce a big crop, fine appearance and enormous yield have called forth a testimonial from some of the most experienced potato growers in America. The Rural New Yorker, the great agricultural paper of the East, says: "From time to time we have dug a hill of the varieties that claim to be the earliest now on trial on the Rural grounds. Thus far Algoma, from L. L. May & Co., of St. Paul, Minn., has given the best yield. It is a most shapely potato, being smooth, oblong and slightly flattened."

S. Rice, Bear Lake, Mich., writes: "An very much pleased with your Algoma." J. C. Huskins, Avoca, Ark., writes: "Your Algoma are a No. 1. A fine potato." M. C. Hull, Lebanon, Mo., says: "I just dug one hill of Algomas containing twenty potatoes," Lb. 40c. 3 lbs. $1.00, postpaid. Pk. 75c, bus. $2.50, barrel $5.00.

Nye's Early Standard—Claimed by Wm. Best, a large potato grower near St. Paul, to be one of the very finest early varieties. Long, white, a good keeper. Lb. 50c, postpaid. Pk. 50c, bus. $1.50, bbl. $3.25.

American Wonder—A good late variety for general use. Potatoes are long, white, slightly flattened. One of the best keepers. Lb. 25c, postpaid. Pk. 50c, bus. $1.50, bbl. $4.25.

Early Ohio—Extra early, very productive. Lb. 25c, 3 lbs. 65c, postpaid. Pk. 50c, bus. $1.75, bbl. $4.00.

Early Sunrise—Early, long white variety. Lb. 25c, 3 lbs. 65c, postpaid. Pk. 50c, bus. $1.75, bbl. $3.50.

May's Late—The best keeping late potato. Flesh and skin white. Lb. 40c, 3 lbs. $1.00, postpaid. Pk. 65c, bus. $2.00.

Early Feast—A magnificent Eastern potato. Skin light, flesh white. Lb. 35c, 3 lbs. $1.00, postpaid. Pk. 75c, bus. $2.50.

Banquet—Claimed by many to be the best second early. Shape long, flesh and skin white. Lb. 25c, postpaid. Pk. 50c, bus. $1.75.

June Eating—Extra early. Flesh color, shape oblong. Valuable for the North. Lb. 50c, postpaid. Pk. 50c, bus. $1.50.

Polaris—Ripens early. Flesh and skin white. Lb. 25c, postpaid. Pk. 50c, bus. $1.50.

Allbino—Medium. Shape oblong. Average test yield 445 bushels per acre. White. Lb. 25c, postpaid. Pk. 50c, bus. $1.25.

Howland's Favorite—A splendid medium early of great merit. It is a heavy yielder, a good keeper and of fine shape. Flesh and skin white. Lb. 25c, postpaid. Pk. 50c, bus. $1.50.

Maggie Murphy—Received a prize at World's Fair as best main crop late variety of the rose class. Yielded 810 bushels per acre. Lb. 25c, postpaid. Pk. 50c, bus. $1.50.

Freeman—Oval, russet colored. Flesh white and fine grained. Ripens with Early Ohio. Lb. 25c, postpaid. Pk. 50c, bus. $1.50.

SPECIAL POTATO CATALOGUE FREE.

If you intend to purchase seed potatoes this season and do not find what you desire in this Catalogue, please write for our Special Potato Catalogue. Address request to Catalogue Department, L. L. MAY & CO., ST. PAUL, MINN.

FOR $3.00 WE WILL SEND
1 Bushel Algoma,
1 Peck Howland's Favorite,
1 Peck Maggie Murphy,
1 Peck Early Feast.

ALL NEW AND CHOICE

A FAMOUS ONION.

If you want a first-class, mild flavored early onion, of good shape, handsome appearance and splendid keeping qualities, try Italian Giant, the variety which will in a short time take the place of all other onions for the home garden. Our supply of seed was secured direct from a leading grower in the old country, and we do not think a better strain can be obtained anywhere in the world. No one who likes onions should fail to try a few packets of Italian Giant this season. Price for 1896, Pkt. 15c, 2 pks. 25c, oz. 50c.

FOR $2.50 WE WILL SEND
1 Peck Algoma,
1 Peck May's Late,
1 Peck Freeman,
1 Peck Maggie Murphy,
1 Peck American Wonder.

FOR $1.00 WE WILL SEND, POSTPAID, 20 CHOICE EVERBLOOMING ROSES.
TWO NEW FIELD CORNS.

WHITE CAP YELLOW DENT.

This new variety of Corn was introduced by one of the largest Corn growers in the state of Ohio. It combines more solid merit than any corn ever offered, being suitable for all climates and soils, growing early, and maturing early. The ear grows as large as Leaming corn, and from seven to ten days earlier, and on poor, thin soil, will yield thirty per cent more corn. It will out-yield and out-shell the Leaming corn in all cases, but its great merit lies in the fact that it is as natural a yields as weeds, grows strong, rank and quick, and will produce more corn on poor, thin soil than any kind now in cultivation. After growing different varieties of merit, S. H. Todd, of Huron, Co., Ohio, the largest breeder of Chester White Hogs in the world, says: "White Cap Yellow Dent beats them all. It is sure to yield me a crop of good, sound corn. It makes more bone and strength than any other corn, and I will grow no other sort." Mr. Tood, who took $2,175 in prizes at the World's Fair on his hogs, is a large grower of corn, and his recommend on this corn is honest and reliable. One hundred farmers in Huron County, expert corn growers, will confirm all that can be said about this corn.

Grows in a section with over sixty varieties, it out-yielded all other kinds, and withstood the drouth much better. None of it was fired, no dead tassels could be seen, while on Leaming, Early Burpee, Extra Early Huron, Golden Hair and other early sorts, dead tassels could be found, caused by the hot, burning sun. This corn will be appreciated by those living in drouth sections and by the farmers who have poor, thin soil, while on strong, rich soil it has no superior. The tip end of the grains are white, the inside yellow, making it a beautiful color. Price, $1.96, lb. 95c, postpaid. By freight or express, pk. 50c, bus. $1.15, 2 bus. $3.00.

MINNESOTA KING.

THE NEW HALF DENT. A GOOD YELLOW VARIETY FOR THE NORTH AND WEST.

This Corn, after a thorough test the past two years, we now offer as the best variety of its kind for the Northern States. There are varieties that under exceptionally favorable circumstances will yield as much, but year in and year out there is, we believe, no sort that will do as well as this. In appearance the Minnesota King is remarkable for its beauty. The kernels are very broad and of an extremely rich golden color. It is a corn that every farmer should give a trial. Lb. 25c, postpaid. By express or freight, pk. 50c, bus. $1.15, 2 bus. $3.25.

CUBAN GIANT ENSIAGE CORN.

The introducer, a grower of large experience, says: "The grains are pure white, and very large, broad and long, and very showy, and of stronger vitality than any variety in cultivation, a very strong point in its favor. The fodder grows on the stalks in great quantities of the finest flavor. It is the best milk producer of all the field ensilage corns, being most sweet and tender as sugar corn. It will out-yield the Red Cob Ensilage Corn, and much more valuable because some 10 to 12 days earlier. It is the most perfect ensilage corn I have ever grown, and I have grown many. I only wish all Corn growers would give it a trial." Lb. 35c, 3 lbs. $1.00, postpaid. By express or freight, pk. 65c, bus. $2.00, 2 bus. $3.50.

FOR $2.50

We will send by freight one bushel of White Cap Yellow Dent Corn, one bushel Bonanza King Oats, five pounds Dwarf Essex Rape.

CUBAN GIANT ENSIAGE.

SIX EVERBEARING TREE BLACKBERRY FOR $1.00, POSTPAID.
The Famous White Oat: Bonanza King

The Heaviest Yielding Oat

Tests in all sections of America prove beyond question that Bonanza King is the heaviest yielding oat that has ever been offered the farmers of this country. It is a carefully selected and improved strain of the famous Old Bonanza, and thousands of farmers who have tested it in all sections are delighted with its enormous yield. Testimonials come from all parts of the country giving astonishing reports of its earliness and immense crops.

Look at the Reports.

Yields of over 100 bushels per acre are common with this variety, and some have reached the enormous yield of over 140 bushels to the acre. There's money in an oat of this kind for a good farmer, and the intelligent farmer is never slow to profit by the experience of others. This last year was a good one for crops in the Northwest, and as usual Bonanza King outyielded every other variety we tested by over twenty-five per cent. There's only one way to make a farm pay, as many of the wide-awake farmers have discovered. It is this, keep up with the times, that is, get the best there is. You want the most improved plow or rake, and you should be just as careful with your oats. Improvements are made right along in all kinds of seeds. The Bonanza King has been carefully improved for several years, until it now stands at the head with a record that has never been equaled. You will make a mistake if you don't secure a few bushels of Bonanza King this season. Lb. 35c, 3 lbs. $1.10, postpaid. By freight or express, pk. 50c, bush. $1.75, bag (2½ bush.) $3.50, 10 bush. $12.50.

Try Bromus Inermis

For the Drought Stricken Districts.

The Great Yellow Flint Corn: Pride of Canada

The Corn for the Extreme North.

The greatest of all the flint varieties. Bar long, rich yellow color. Enormously productive, outyielding any field corn we have ever grown. Will prove to be of the greatest value to the farmers of the far north. Rips earlier than any of the flints. Don't fail to try it if you want a big yielding flint corn. Lb. 35c, 3 lbs. $1.00, postpaid. Pk. 75c, bu. $2.50, bag (2½ bu.) $5.00.

Twenty Choice Ever Blooming Roses for One Dollar, Postpaid.
Mastadon Corn

213 BUSHELS GROWN FROM ONE ACRE

A Record Unequaled.

Alfred Rose, Yates County, N. Y., Raised 213 Bushels of Shelled Mastadon Corn on One Acre. A Heavier Yield by Over Twenty-five Per Cent. Than Any Other Variety.

The Wonder of the Corn World.

Since its introduction more seed of this variety has been sold than any sort ever introduced, and more bushels of it are now used by the seed trade in filling orders than any other variety of field corn. This is itself a great recommendation for the merit of the Mastadon Corn. The Mastadon Corn has the longest grains and largest ears of any 100 day corn in cultivation and will out-yield any corn in the world. In the celebrated American Agriculturist corn contest it far out-yielded every other yellow corn in America. Alfred Rose, of Yates County, N. Y., grew on one acre 15,898 lbs. of ears or 213 bushels of shelled corn, and George Carpenter, Pawnee County, Neb., grew from one acre 11,980 lbs. of ears or 171 bushels of shelled corn. The largest yield of corn ever known in Ohio was a field of Mastadon grown on the Sage farm in 1884. We can produce any amount of testimonials from reliable farmers of yields of over 100 bushels of shelled corn per acre. It is the strongest grower and largest yielding field corn in cultivation. It hurls easy for so large a corn and shells easy and has the longest grains of any kind we know of. Any one wishing proof of the above yield can obtain same by writing Alfred Rose, of Penn Yan, Yates County, N. Y. We have each year carefully selected our stock of this corn until now we have a fixed pure type of this wonderful yielding corn, and to obtain the genuine pure stock direct from the originator buy only of us. 1,600 grains have been counted on one cob. Ears average 8 to 11 and 12 inches long, 20 to 30 kernels per row, many stalks bearing 4 large ears, some ears weighing 2 lbs. each and the most handsome shape ever seen. We do not think too much can be claimed for this wonderful variety. Ew. 25c, postpaid; by express or freight, pk. 50c, bus. $1.75, 10 bus. $12.50.

Other Field Corns.

King of the Earlies—One of the earliest yellow dent corns in cultivation, originated by Mr. A. R. Goddard, of Northern Iowa. By mail, lb. 40c, 3 lbs. $1, postpaid; by express or freight, pk. 50c, bus. $1.50, 2 bus. or over $1.25 per busheal.

Pride of the North—(Dent) Cob small, kernels deep and compactly set on the cob; has yielded 100 bushels shelled corn per acre. Planted as late as July 1st, it has fully matured by October 1st. By mail, lb. 25c, postpaid; by express or freight, pk. 50c, bus. $1.25.

King Philip—(Flint) Very early, usually matures three months after planting. Ears 10 to 12 inches long. By mail, lb. 25c, postpaid; by express or freight, pk. 50c, bus. $1.50.

Improved Learning—(Dent) Ears of good size; cob small, with a deep kernel of a golden yellow color. Matures early. By mail, lb. 25c, postpaid; by express or freight, pk. 50c, bus. $1.25.

Farmer’s Favorite—(Dent) Rises early. By mail, lb. 25c, postpaid; by express or freight, pk. 50c, bus. $1.50.

Hickory King—(Dent) The largest pure white Dent corn in cultivation. By mail, lb. 25c, postpaid; by express or freight, pk. 50c, bus. $1.50.

Buckeye Queen—(Dent) A most valuable variety. By mail, lb. 25c, 9 lbs. for $1; by express or freight, pk. 50c, bus. $1.50.

Dakota Queen—(Dent) A variety that is particularly adapted to the North. By mail, lb. 25c, postpaid; by express or freight, pk. 50c, bus. $1.50.

Golden Beauty—(Dent) The handsomest yellow corn we have ever seen. By mail, lb. 25c, postpaid; by express or freight, pk. 50c, bus. $1.50.

Angel of the North—(Flint) An early yellow eight-rowed variety. By mail, lb. 25c, postpaid; by express or freight, pk. 50c, bus. $1.50.

IT WILL PAY YOU TO LOOK AT OUR PANSY OFFER.
BROMUS INERMIS.
THE WONDERFUL RUSSIAN FORAGE GRASS.
OUTYIELDS ALFALFA. \(\Rightarrow\) ALL CATTLE LIKE IT.
ONE SOWING WILL STAND FOR 10 YEARS.
RECOMMENDED BY THE U. S. EXPERIMENTAL STATIONS.

THE ONLY GRASS FOR THE ARID REGIONS OF THE SOUTH AND WEST.

The finest fodder grass for stock, excelling in nutritiousness and productiveness the well-known Alfalfa, and succeeds in drought-stricken districts where all other grasses fail. In many sections of this country such a grass has long been sought after, not alone by private individuals, but by the Department of Agriculture at Washington, D. C., which has been experimenting with this wonderful variety at its experimental stations in the arid regions. The following we publish a letter from the Experimental Grass Station at Garden City, Kansas:

"We have grown 'Bromus Inermis' successfully, and think it is to be the coming grass for the arid regions of the West. Sow it about the first of April, and about twenty-five pounds per acre."

This grass is certainly the greatest boon to the arid districts ever discovered; not only is it the grass for dry sections, but it can be raised on almost all kinds of soil, and in any climate. It being a native of Russia makes it particularly desirable for our Northwest, and it is adapted to such states as Texas, Colorado, Kansas, Montana, and, in fact, all that are subject to drought. Description—It originated in Russia, and is recommended on account of the manner in which it has stood the Hungarian plains where the dry, stenic nature of the country and the long continued droughts make so many plants succumb. This Bromus, however, stands well, and has been known for thirty years to stand when such robust crops as Alfalfa have been destroyed. It gives a luxuriant crop, particularly on fresh sandy loam soil, and where the climate is warm. It is found that animals eat it greedily, whether in the green or in the dry state, so that it can be used as mown or saved for winter. The seed is sown in the early spring. It is also useful in filling up gaps where Alfalfa or Clover crops have failed. It will stand under unfavorable conditions for 12 years, and gives from one to three cuts per year. If one cut is made in one month as Alfalfa gives in three months.

Sutton & Sons, Reading, England, says: "It is a perennial and in our experience has proven to be one of the earliest grasses to start in the spring. It grows with remarkable rapidity and yields an immense quantity of succulent herbage, equally suitable for sowing or ensilage. All kinds of stock eat it greedily."

Wilmorin Andrieux & Co., Paris, France, says: "It is a native of Russia, but is extensively grown in Austria, where it yields large crops of hay even in the most unfavorable and driest seasons." Price, 60 cents per pound, postpaid. By express or freight, in 25 pound lots, $10.00 (sufficient to sow one acre). Our seed is fresh and imported direct from Europe.

Alfalfa or Wonder Clover.
THREE CROPS IN ONE SEASON.

Alfalfa or Wonder Clover.

Agricultural reports from the Northwest confirm that Lucerne is successful in this territory, and that it is one of the greatest forage plants in cultivation. Under proper management it will yield twelve tons to the acre. All classes of stock are exceedingly fond of it. Horses will do much work and keep in finer condition than on almost any other food. It makes the largest quantity of the richest milk and butter. The roots are so long and grow deep that frost cannot reach or throw them out in the winter. One sowing will stand for two years, and instead of impoverishing the soil, enriches it. As a fertilizing and land-enriching crop it has no equal. It is very much valued as the desert blossom like the rose. Grows on the thinnest sandy soil, and thrives in the greatest drought. The best method is to sow broadcast about 15 pounds per acre where the land is in good condition, but on very weedy land or clean gravel or sand that is very poor, put about three pounds more. You cannot get any crop from it the first year, but do not get discouraged if the plants are on an average of ten inches high. The second year, they grow high. Sheep and swine eat it, and poultry eat it readily, but it is particularly desirable for sheep on account of its fattening qualities. Rape will do well in almost any soil, but gives best results on corn land.

The Dwarf Essex Rape.

It is highly recommended by Prof. Shaw, of the Minnesota Experimental Station, and many other leading authorities on stock feeding. It has yielded ten tons of green forage per acre and has twice the feeding value of green crops. Sheep and poultry eat it readily, but it is particularly desirable for sheep on account of its fattening qualities. Rape will do well in almost any soil, but gives best results on corn land.

Prof. Shaw says: "On 54 acres of rape, after winter rye had been removed, 537 sheep and lambs were fattened thereon, and 18 steers fed for 50 days. The lowest average gain on lambs fed on rape alone was seven to eight pounds per month. Sow it like corn, or broadcast."

Price, lb. 25c, postpaid; by freight or express, lb. 20c, 10 lbs. $1.25, 100 lbs. $5.50.

FOR 50c. WE WILL SEND POSTPAID ONE EACH TREE GOOSEBERRY AND TREE BLACKBERRY.
GENERAL LIST OF AGRICULTURAL SEEDS.

Grasses and Clovers are subject to market fluctuations. Should our present stock become exhausted we will fill orders at market prices.

Medium Red Clover.—Excellent for pasturage or hay, valuable as a green manure, and should be in all grass mixtures. Kot. 25c, postpaid; by freight or express, pk. 50c, $1.25.

Crimson Clover.—It furnishes an abundance of nutritious forage at a season when pastures are dead. May be planted in Spring, Summer or Fall and grows at all times, except when the ground is frozen. Kot. 30c, postpaid; by freight or express, $1.25.

Mammoth Red Clover.—Best grade, lb. 25c, postpaid; by freight or express, $1.25.

White Clover.—Valuable for growing clover with lawn grass. Kot. 35c, 3 lbs. $1.00, postpaid.

Alike or Swedish Clover.—It is valuable for its hardiness and great yield; does not winter kill, and is a heavy cropper on rich soil. Kot. 25c, 3 lbs., postpaid.

It is advisable to keep your land in clover, if it has been well cultivated and seeded carefully. Kot. 30c, 3 lbs., $1.00, postpaid. It also doubles the size of the common variety and is an evergreen. Oz. 10c, lb. 30c, 5 lbs. 75c, 10 lbs. $1.25.

Mammoth Sugar Cane.—One of the best green fodder plants. All kinds of stock are exceedingly fond of it. Kot. 25c, postpaid; by freight or express, $1.25.

Broom Corn Evergreen.—The variety most generally grown. Kot. 25c, postpaid; by freight or express, pk. 75c, $1.25.

Kuhl Corn.—Grows to a height of 6 feet high. A splendid green fodder and eagerly eaten by all cattle. Pkt. 10c, lb. 30c, 3 lbs. 75c, postpaid; by express or freight, pk. $1.00, $8.50.

Winter Sand or Hairy Vetch.—(Vicia villosa.)—A marvelous variety which thrives on dry sandy soils and yields enormous crops under the most adverse circumstances. May be sown in early Spring to 10 lbs. per acre. All kinds of stock eat it readily. Kot. 25c, 3 lbs., 10 lbs., postpaid by freight or express, 25c, $1.25, 50c, $2.50, 100 lbs. $9.00.

Sainfoin.—(Epaeiretum.)—It is the most valuable clover for dry, chalky sandy soils, and is extensively grown in England. Has yielded five tons of hay per acre and has a strong, fibrous character and degree of resistance. Kot. 20c, 10 lbs., postpaid by freight or express, 50c, $3.00.

If one is sown with clover, it fills the barren spaces left by the attraction of one of the most valuable clovers for hay. Kot. 25c, 3 lbs., 10 lbs., postpaid by freight or express, 50c, $2.50, 100 lbs. $9.50.

ARCTHOKE ROOTS.

ARTICHOKE.

Giants White.—The great food for hogs. These are grown from tubers the same as potatoes, and are the finest food that can be raised for hogs and sheep to anything. This, together with their wonderful yield, 500 to 1,000 bushels to the acre, makes them by far the cheapest as well as the most valuable feed for this class of stock. By mail postpaid, lb. 30c, 4 lbs. $1.00, by express or freight at purchaser’s expense, $1.25. Bar. $2.75, barrel of 3 bu. (enough for one acre) $6.00.

ARTICHOKE SEED.

Large Green Globe.—Pkt. 5c, oz. 25c, 1/2 lb. 75c, lb. $3.00.

ASPARAGUS ROOTS.

Conover's Colossal.—A standard variety. Pkt. 5c, oz. 10c, 1/2 lb. 20c, lb. 50c. Bar. $1.25.

Bar's Mammoth.—It comes in earlier and grows more than twice as large as Conover's Colossal. Pkt. 5c, oz. 16c, 1/4 lb. 40c, lb. $1.25.

ASPARAGUS SEED.

Conover's Colossal.—By mail, postpaid, 25c, oz. 50c, by express at your expense, $2 for 30c, 1 lb. 50c. Bar. $1.25.

Palmetto.—By mail, postpaid, 25c for 50c; by express at your expense, 25c, 100c for $1.25.

Bar's Mammoth.—By mail or post, 25c for 50c; by express at your expense, 25c for 50c, 100c for $1.25.

BROCCOLI.

Large White Cape.—The best large headed white variety. Pkt. 5c, oz. 25c, 1/2 lb. 75c, lb. $1.00.

BROCCOLI KALE.

Dwarf German Green.—Very hardy, makes fine greens. Pkt. 10c, 1/2 lb. 25c, lb. $1.00.

DO NOT FAIL TO SEE THE NEW ROSE "STONWALL JACKSON."
CHOICE FLOWER SEEDS.

For $1.00 you may select seeds in packets amounting to $1.50.
For $2.00 you may select seeds in packets amounting to $2.50.
For $3.00 you may select seeds in packets amounting to $3.00.
For $4.00 you may select seeds in packets amounting to $5.00.

On all amounts above $5.00, 30 cents additional for each dollar's worth. This discount does not apply to our 50c. offer or other special offers.

OUR GREAT 50c. OFFER

Thirteen 5 cent packets, your choice for 50 cents.
Seven 10 cent packets, your choice for 50 cents.
Three 20 cent or 25 cent packets, your choice for 50c.
No further discount allowed on this offer.

BENARY’S GOLIATH ASTERS.

Mont Rose—These famous asters which we have secured direct from Ernst Benary, Erfurt, Germany, and they are without doubt the largest of this class. Mont Rose is a delicate shade of rosy pink, a variety that is considered one of the finest in the collection. Pkt. 25c.

Crown Prince of Prussia—A strong, heavy growing crimson that produce a wonderful amount of bloom late into the season. For show this is one of the best, as its enormous richly colored blossoms never fail to call forth admiration from everyone. Pkt. 20c.

Mont Blanc—In this we have the largest pure white flowering aster that can be obtained. The flowers frequently measure two and a half inches in diameter, and are of the most beautiful formation imaginable. Pkt. 20c.

For 50c. we will send the three packets of Goliath Asters.

POPPY, FAIRY BLUSH

Few Poppies can equal this in beauty, and no others remain nearly so long in flower. A bed of these planted on one occasion the succession of flowers for fully two months, and it was the admiration of all visitors. The mammoth flowers are perfectly double, and measure from ten to thirteen inches in circumference; the petals are elegantly fringed and pure white, except at the tips, where they are distinctly colored with rosy cream. Pkt. 10c, 3 pkts. 25c.

Zebra Zinnias or Giant Striped.

A superb class of Zinnias, giant in size and perfectly double, handsomely striped and marked with various colors. The plants are strong growers and bloom for a long period, making them very desirable for beds. Our seed is saved from the most perfect flowers and will produce mammoth blooms of the richest colors. Pkt. 10c, 3 pkts. 25c.

Giant Mixed—Mammoth flowers of perfect form. This mixture includes almost every known color. Pkt. 10c, 3 pkts. 25c.

LITTLE GEM PINK.

The plants grow rapidly and bloom in a very short time from seed. The flowers are produced in great abundance and are of the most beautiful shades imaginable, being a combination of wine red suffused and veined with rosy carmine, each flower being broadly margined with white. Pkt. 10c each, 3 for 25c.

GERMAN GIANT PANSIES.

To satisfy the demands of our many patrons who desire extra large pansies we have this season imported, direct from Germany, pansy seed of the leading specialists in Europe, and believe we have obtained the finest strain of large flowering, richly colored Pansies that can be procured. The flowers are said to average over two inches in diameter and to include the brightest and most fancy colors found in the entire class. Plants are bushy in growth and produce great quantities of the giant flowers, which are borne on strong stiff stems far above the handsome foliage. This is not a low priced strain, we were obliged to pay a very high price for it and in return must ask our customers the same. Pkt. (200 seeds) 50c.

GODETIA

Lovely garden plants of easy culture and noted for their delicate colors and profusion of bloom.

Beauty of St. Paul—Immense crimson flowers, shading to carmine. Pkt. 10c, 3 pkts. 25c.
The Bride—White, with carmine center. Pkt. 5c.
Spotted or Pom—Pkt. 10c, 3 pkts. 25c.
Duchess of Albany—Very handsome, free flowering, white variety. Pkt. 10c.
Mixed—This includes many of the finest named varieties. Pkt 50c, oz. 25c.

CANDY TUFT.

Snowball—Remarkable for the mammoth size of its flowers and freedom of bloom, the entire plant being covered with snowy white blossoms for several months during the summer. Don’t omit this when making up your order. Pkt. 10c, 3 for 25c.

Crimson King—A charming variety that should be extensively grown. Color, beautiful shade of deep crimson. This is a decided addition to the list of annualls. Pkt. 10c, 3 pkts. 25c.

White Spiral—This is now one of the popular varieties. It is a pure white Candytuft which grows in the form of a pyramid. Very handsome, Pkt. 10c, 3 pkts. 25c.

Fragrant—Probably the most extensively grown as its fragrance recommends it to all. Pkt. 6c.

Mixed—All colors and shades. Pkt. 5c.

GOLIATH ASTERS.

Our Patrons are pleased.

Paris, Ky.—The sweet peas I purchased of you are the finest I have ever grown. MRS. J. TURNER.

Benton, Tenn.—We raised the finest pansies from your seed that has ever been seen here. MRS. WHITTEMORE.

AN AGRICULTURAL WONDER. THE ALGOMA POTATO.

GERMAN GIANT PANSIES.
TORENI WHITE WINGS.

A compact bushy plant which is covered with distinct white blossoms that are delicately tinted at the throat with light pink. It is very easily grown and its fine habit and lovely flowers make it a most desirable and popular annual. Pkt. 10c.

TORENI FOURNIERI.

Beautiful velvety blue blossoms, with large spots of purple and a brilliant yellow throat. Blooms freely the entire season. Pkt. 10c.

CALLIOPSIS, GOLDEN WAVE.

A most beautiful and showy annual, producing its deeply fringed golden yellow flowers in the greatest profusion the entire summer. It is a flower that is sure to please every one with its rapid growth, bright showy blossoms and abundance of bloom. We cannot too highly recommend this little beauty to our friends. Pkt. 10c, 3 pkts. 25e.

POPPY MANDARIN.

(Eschscholtzia.)

A charming flower of easy culture. The inner side of petals are a rich orange color, while the outer side is a brilliant scarlet. The plants when in full bloom present a most gorgeous appearance. Pkt. 10c, 3 pkts. 25e.

SALPIGLOSSIS GRANDI FLORA.

It is a great wonder to us that these are not found in every garden, as we know if you had once grown these lovely flowers you would not be without them. The graceful blossoms are borne on long stems, and range in color from the most delicate shades of light blue and straw color to the deepest purple and richest brown and maroon. The quaint, funnel-shaped flowers somewhat resemble those of the petunia and are borne in profusion. Be sure and include them when ordering. Pkt. 10c, 3 pkts. 25e.

MARIGOLD EL DORADO.

The handsome bushy plants are covered with hails of beautiful colored flowers, many of the plants having as many as 75 blossoms open at one time. They are several inches in diameter and a rich shade of golden orange. Pkt. 10c, 3 pkts. 25c.

TORENI, WHITE WINGS.

NASTURTRIUM, SUNBEAM.

A rapid growing variety that produces hundreds of bright golden colored blossoms during the summer months. It is unsualled for training over porches, trellises, etc., and its easy culture makes it one of the most desirable climbers. Pkt. 10c, oz. 35c.

Nine Plants

ALL NEW AND
CHOICE FOR

$1.00

The following grand collection of flowering plants will be sent postpaid for only $1.00.

Some Very Choice Varieties.

Primrose Pink—One of the most beautiful varieties we know of. The flowers are deeply cut and have long petals like a large chrysanthemum. Color, delicate pink. Pkt. 15c, 2 pks. 25c.

Harlequin—A gaily colored variety with blushed and marked blossoms that are exceedingly bright and showy. Pkt. 10c.

White Star—Mammoth white flowers often measuring three inches in diameter. The best white Aster that has ever been offered. Pkt. 30c, 3 pks. 50c.

Crowns—A brilliant and showy class of Asters, each flower of which has a distinct white center. Wonderfully free blooming. Pkt. 10c.

Blue Danube—Lovely flowers of a light blue shade. The plants are strong growers and produce their flowers in the greatest abundance. Pkt. 15c, 2 pks. 25c.

New Victoria—The colors include many extremely delicate and gorgeous shades. Flowers very double and about four inches across; mixed colors. Pkt. 10c.

St. Paul Beauty—A very distinct class, with beautiful quilted flowers. Habit, compact and pyramidal. Height, 12 to 18 inches. Pkt. 10c.

Comets—A beautiful new and very distinct Aster. The flowers are very large, measuring from three to four inches in diameter. Pink with white margin. Pkt. 10c.

May's Miniature—A profuse flowering variety of dwarf, compact habit. Pkt. 10c.

FOR 50 CTS.

We will send one packet each:

Petunia, Moonlight; Parsy, Royal Mixed; Mimosey, Giant White; Aster, Mont Rose; Poppy, Peacock.

MAY'S PRIZE PETUNIAS.

Moonlight—The largest and best flowering single white petunia we have ever seen. The plants cover the entire summer with its immense snow white blossoms. Pkt. 15c, 2 pks. 25c.

Rose Queen—A beautiful rosy pink petunia. Sure to please you. Pkt. 10c.

Intros Aurea—The famous yellow throat petunia so valuable for the garden. Pkt. 25c, 3 pks. 50c.

Choice Single Mixed—(Hybrida Grand.) The best strain of large single flowering varieties. Pkt. 10c.

Single Fringed—(Hybrida Grand, Fin.) A superb strain of mammoth flowering single fringed Petunias of all shades imaginable. Pkt. 20c, 2 pks. 35c.

Immaculate—A charming single flowering Petunia with good sized blossoms, which are striped and bloomed with cherry, pink and white. Pkt. 10c.

Crown of Eilamore—Single pink, with white throat. Valuable for bedding. Pkt. 5c.

Double Fringed—Immensely double blossoms of almost every conceivably color. Flowers fringed and cut in the most charming manner. Our strain of these Petunias is unexcelled. Pkt. 25c.

Mammoth Double Mixed—This seed was saved from a grand old stock of double varieties and includes many of the finest named Petunias. Pkt. 30c, 3 pks. 50c.

Good Double Mixed—A good strain of seed that will produce a large number of handsome double Petunias. Pkt. 10c.

Mixed—All varieties and colors. Pkt. 5c.

GOOD BOOKS.

DON'T FAIL TO SECURE THE NEW ROSE "STONEWALL JACKSON."
New and Choice Varieties.

Sow seed either in house or open ground. In the open ground sow very early in spring, while the ground is yet cool and moist, for late summer and fall bloom, or in August and September for spring and early summer bloom. For fall-sown seed have the bed moist and kept shaded by boards or papers until the plants appear. These will make vigorous plants that will endure the winter if protected by light covering. Do not let the plants seed if you wish to keep them in bloom. The seed which we offer is carefully saved and will produce the most perfect flowers.

**Butterfly Pansies**—This strain has been named the Butterfly Pansies on account of the delicate colors which are always found in these flowers. They have been all the rage in Europe lately, and we know they will become very popular here when once known. Pkt. 15c, 2 pts. 25c.

**Swany Blue**—Clear light blue, sometimes shading to a cream white at edge. Pkt. 15c.

**Giant Belgian**—A strain of large flowering pansies that has become very popular of late. The strain includes all shades and colors and is one of the finest for rich coloring we have ever grown. Pkt. 15c, 2 pkts. 25c.

**Rainbow or Tiger**—Originated in Germany and is a decided addition to the pansy family. The blossoms are of a good size and include many shades and colors, all of which are striped and blushed in the most peculiar manner. Pkt. 30c, 3 pkts. 50c.

**Glorioli**—One of the grandest pansies we have ever seen. A lovely deep blue shading to lavender and edged with light cream. Pkt. 15c.

**Black Prince**—One of the finest pansies of dark blue. Pkt. 15c.

**Yellow Queen**—One of the finest varieties. Pkt. 15c.

**Golden Queen**—A bright yellow which is exceedingly fine for bedding. Pkt. 15c.

**Former**—Horizontal. Light blue and purple. One of the finest. Pkt. 10c.

**King Rufus**—The deepest colored of the new famous "red pansies." It opens a rich deep crimson, which changes to a brownish shade, giving it a most distinctive color. Pkt. 15c, 2 pkts. 25c.

**Alpine Belle**—The lightest shade of blue found in this grand class of flowers. Flowers of good size and the most delicate shade imaginable. Don't fail to include this when ordering. Pkt. 15c.

**Violet**—Lovely shade of violet edged with white. Pkt. 15c.

**Improved Snow Queen**—Pure white, and very popular with growers of the pansy. Pkt. 10c.

**Giant Emperor William**—Flowers of a beautiful shade of blue, which gradually deepens to purple. Pkt. 10c.

**Faust, King of the Blacks**—Very dark, almost a coal black. Pkt. 10c.

**King of Yellows**—A bright yellow which is exceedingly fine for bedding. Pkt. 10c.

**New Pansy "Golden Queen"**—Flowers are a bright golden yellow and exceedingly large, often measuring 3½ inches in diameter. The seed which we offer is saved from the finest selected strains. Pkt. 25c, 3 pkts. 50c.

**Bronze Queen**—Of all the new and choice varieties this is one of the most beautiful we have ever seen. The flowers are of good size and produced in great profusion. The colors are a rich brown, edged with light mahogany. Very choice. Pkt. 20c, 3 pkts. 50c.

**Blue Prince**—A rich dark purple or blue black, shading to lavender. The seed of this variety we have procured from one of the largest growers of pansies in England. Pkt. 20c, 3 pkts. 50c.

**Star Mixture**—This splendid mixture is made up of one of the largest growers of pansies in England. Pkt. 20c.

**Cassiers Giant**—Mammoth flowers of almost every conceivable color. Pkt. 10c.

**Trimeurdeux or Giant**—A magnificent strain noted for the immense size of their flowers. Pkt. 10c.

**Sensation**—Rich shade of dark red. Exceedingly showy. Pkt. 25c.

**Imperial German Show**—Of German origin. Celebrated for rich coloring of the flowers. Pkt. 15c, 3 pkts. 50c.

**Beauty**—A delicate shade of lavender. Pkt. 20c.

**Ocean Spray**—Blue, edged white, very pretty. Pkt. 20c.

**OUR GREAT 25c COLLECTION AT ACTUAL COST.**

For only 25c (regular price $1) we will send one full size packet each: Black Prince, Ruby Queen, Alpine Belle, May Queen, Beauty, Glorioli.

**Excelsior**—Rich blue, yellow eye. Pkt. 15c.

**Fire King**—Upper petals and part of lower a deep brownish red, balance of flower golden yellow. Very showy. Pkt. 10c, 3 pkts. 25c.

**May's Royal Mixture**—This is a mixture of our own. It contains the leading strains as well as the finest named varieties, and will produce a bed of pansies, which for size, coloring and freedom of bloom will be the admiration of all who see it. Large pkt. 25c, 6 pkts. $1.00, ¾ oz. $1.50, 1 oz. $2.50.

**NEW**: For 50c we will send six 10c pkts. or four 15c pkts. or three 20c pkts. For $1.00 we will send fourteen 10c pkts. or nine 15c pkts. or seven 20c pkts. Your choice of the above varieties.

THE POPULAR DAISIES.

Giant Snowball—Mammoth double white blossoms which are produced in great abundance during the entire season. The plant assumes a handsome bushy form which makes it exceedingly attractive. Pkt. 15c, 2 pkts. 25c.

DAISY GIANT SNOWBALL.
Japanese Chrysanthemums.

This seed is saved from the finest of the Japanese and Chinese varieties and if seed is sown early in the spring it will produce large vigorous plants that will flower freely during the late fall and winter months. Our seed will furnish an endless assortment of the richest and most varied shades. Pkt. 25¢, 5 pkts. $1.00.

Our Giant Flowering Verbas

Northern Light.—The largest white Verena we know of and one of the handsomest varieties ever introduced. Flowers are a pure white, borne in great clusters resembling a Snowball blossom. The plants are strong growers producing a quantity of perfectly filled spikes of clear white flowers the entire season. Pkt. 10¢, 2 pkts. 25¢.

Tiger.—This grand Verena might also be called the "Harlequin," on account of its peculiarly striped flowers, which never fail to attract attention, while the enormous size and wonderful freedom with which they are borne through the summer months make it a most valuable variety. Pkt. 10¢.

Royal Red.—A beautiful red Verena, which belongs to the large flowering class. Its mammoth bright blossoms are a constant source of delight to the flower lover during the summer season. The trusses of bloom and individual flowers are simply enormous and of the most perfect form and color. Pkt. 15¢, 3 pkts. 25¢.

Blue Boy.—The deepest blue imaginable, and will make a grand showing grown either separate or with the above varieties. Pkt. 15¢.

Mammoth Mixed.—Pkt. 15¢, 3 pkts. 25¢.

Choice Mixed.—Choice mixture of all shades. Pkt. 10¢.

Common Mixed.—Pkt. 5¢.

MAY'S PRIZE HOLLYHOCK.

These handsome flowers, with their stately spikes of handsome bloom, form grand and conspicuous objects in the flower garden during summer, and should always be grown where convenient. They are easily raised from seed, and sown in January or February in the house will bloom splendidly the same year. The seed we offer is made up from the finest show varieties, and includes all shades and colors. Pkt. 25¢, 3 Pks. 50¢.

MORNING GLORY.

The well-known free flowering favorite climber which is unsurpassed for rapid growth and freedom of bloom.

Minor.—The dwarf variety, suitable for baskets, vases, etc. Pkt. 5¢, oz. 10¢.

Major.—The rapid growing climber which is so valuable for covering porches, etc. Pkt. 5¢, oz. 10¢.

ABYSSINIAN BANANA

(Musa Ensete). (See illustration, p. 46.)

This is one of the handsomest and most picturesque of the Banana family. As a solitary plant in a jar or when grown singly or in groups on the lawn it has a very majestic tropical effect, and must be seen to be thoroughly appreciated. Sow the seed early in the house, and transplant when the weather becomes warm. Pkt. 20¢.

HUNTULUS JAPONICUS.

(The Great Japanese Climber.)

A wonderfully rapid growing climber from Japan which has become very popular on account of its dense foliage and rapid growth. The leaves are a rich green, and the densely handkerchiefed flowers are produced on the airy perches to which you desire to cover your balconies or porches very quickly this will do it. Pkt. 10¢, 3 pkts. 25¢.

GERANIUMS.

Georgous flowers of hundreds of shades of color, borne continuously, render this the most popular plant grown, either for pot culture in winter or for bedding out in summer. Sow early for a splendid first season. Geranium, Single Mixed.—Many varieties. 10¢.

Large Flowering, Single Mixed.—From new varieties. 25¢.

General Grant.—Vivid scarlet; best scarlet for masses. 10¢.

Double Mixed.—Includes many varieties. 25¢.

For 35¢ we will send one packet each, Queen Carnation, Verena, Royal Red, May's Prize Hollyhock.
GRACE MAY.

The Finest Pure White Sweet Pea Ever Offered.

We have at last succeeded in producing a pure white variety that is without exception the most beautiful of all this class. It is as white as the driven snow without a trace of cream or any other shade to mar its purity. The plants are of a remarkably vigorous habit of growth, and produce their lovely fragrant white blossoms in the greatest profusion during the entire summer. Another valuable point in favor of this magnificent Sweet Pea is the strong stiff stems on which the flowers are borne; this makes it especially desirable for bouquets, etc. We have received testimonials from many who have tried it the past season, and their expressions of surprise and delight are indeed gratifying to us. J. M. Amos, Ohio, says: "It surpasses any Sweet Pea I have ever seen and is the sweetest scented and most charming variety I know of." James Souden, one of the most experienced growers in the Northwest, says: "I consider it by far the best white yet offered, and shall grow it extensively the coming season." Another party writes: "The Grace May is a beauty, and by far the most free flowering white Sweet Pea I have ever seen." While still another writes us as follows: "I have tried the Grace May this past season and firmly believe, gentlemen, that you have in this a Sweet Pea that will take the place of all other white varieties. It not only flowers freely but incessantly, and the length of season in which it remains in flower will make it the most popular of all its class."

MAMMOTH PASSION FLOWER.

No climber for house or outdoor can surpass this graceful beauty with its immense fragrant flowers and handsome foliage. It grows rapidly from seed and will frequently attain a height of fifteen or twenty feet. Pkt. 20¢, 1 lb. 50¢.

BEAUTIFUL NEW PHLOX.

Fimbriata—The blossoms are of a good size, and the petals, instead of being entire, are in this variety partly fimbriate, partly three-toothed, the center tooth being almost twice as long as the lateral ones. Pkt. 10¢, 3 pkts. 25¢.

Star of Quietinburg—An extremely beautiful variety of the well-known Phlox Drummondii, the long, pointed, center teeth of the petals giving the flower an elegant star-like form, their beauty being much enhanced by the white margin to the petals. Pkt. 10¢, 3 pkts. 25¢.

Phlox Drummondii Grandiflora—An improved strain, with very large, perfectly round flowers. White, 10¢; Scarlet, 10¢; Red, Striped White, 10¢; Rose, 10¢; Blood Red, 10¢; Crimson, White Eye, 10¢; collection of six varieties, 40¢; all colors, mixed, Pkt. 10¢.

New Dwarf Phlox—Only eight inches high, and one mass of flowers. Dwarf White, 10¢; Dwarf Scarlet, 10¢; Dwarf Mixed, 10¢.

GLOXINIA.

A most beautiful flower that may be easily grown from seed if care is used. Our strain includes the finest collection of varieties. Pkt. 25¢.

DOUBLE HOLLYHOCKS.

Sow the seed early in the house and transplant to the garden when the weather is warm. If this is done they will flower freely the first season. This seed will produce immense double flowers. White, 10¢; Scarlet, 10¢; Yellow, 10¢; Rose, 10¢; Purple, 10¢; Flesh Color, 10¢; Crimson, 10¢; Mixed, 10¢.

CAMPANULA (Canterbury Bell.)

BIGNONIA.

A handsome hardy climber which grows rapidly to a height of 20 or 30 feet. The large orange colored flowers are borne in great clusters. Pkt. 10¢.
MAY’S NORTHERN GROWN PLANTS

GROWN WITH OUR FAMOUS "COLD SYSTEM," WHICH INSURES STRONG, HEALTHY STOCK.

May’s Plants and Roses.

The enormous increase in our business the past few years has compelled us to erect new houses almost every season, until at last we have one of the largest establishments in America. Our plants and roses are grown with the famous "cold system" which insures extra strong, thrifty stock, far superior to that sent out by some eastern houses, who force their plants in overheated houses until they are utterly worthless. All plants will be sent postpaid unless otherwise instructed. If ordered by express they will be sent at purchaser’s expense, but many extras are always included in such orders.

Discount on Plant Orders.
Below we give a discount on plant orders, amounting to $1.00 and over: For $1.00 cash, select plants to the value of $1.15

- 2.00 " 2.30
- 3.00 " 3.60
- 4.00 " 4.75
- 5.00 " 6.00

Orders over $5.00, for each dollar’s worth, 25c additional. These discounts do not apply to the low rate and special collections, as the prices for them are already as low as good stock can be sold for.

DOUBLE MORNING GLORY

“White Tassel.”

One of the most charming climbers that has ever come to our notice. It is a rapid growing vine with beautiful white tassel-like blossoms, which have a delicate marking of purple on the inner petal. The flowers are beautifully fringed, and never fail to attract attention wherever seen. Easily grown from seed and will give a good percentage of double flowers. Plants 25c, Seed pkt. 25c.

ATHOLNE, Cal.—Plants by mail arrived safely and in fine condition. Am well pleased.

C. T. DOOLY

MAUMEE, Ohio—Received my plants in fine condition. They are the largest I have ever had for my money.

MRS. E. R. OWEN.

ARDlesia CRENULATA.

ARDlesia Crenulata.

Probably one of the most ornamental house plants that has ever been offered. It requires a warm place, and with proper care will flower freely the entire year; or when not in flower will produce clusters of brilliant red berries, which make a most novel and showy appearance. Price 75c, each.

TREE FUCHSIA “Helene.”

A California variety of unusual merit. The plant grows rapidly in upright tree form bearing even when very young dozens of long blossoms that make a most beautiful display. The individual flowers often measure over three inches in length. Easily grown in any soil, and will bloom profusely the year around. Price 35c.

REX BEGONIAS.

REX Begonias.

Rosy Morn. (Rare) Carmine rose edged with bronze. 35c.

King. See Illustration. 25c.

Silver Star. Grayish silver leaves edged with deep green. 30c.

Bertha McGregor. Bright silver outlined with bronze. 25c.

Assorted Rex. Our selection from fifteen varieties. 15c each, 4 for 50c.

FOR 75c. We will send postpaid one each...

Tree Fuchsia “Helene”
Rex Begonia, Rosy Morn
Double Morning Glory
Night Blooming Jessamine

CAT’S QUEEN, THE NIGHT BLOOMING JESSAMINE.
Farfugium Grande.

A beautiful ornamental foliage plant either for pot culture or for planting in the open border in a shaded position; the leaves, from 8 to 10 inches in diameter, are of a thick leathery texture, dark green in color, with bright yellow spots. Easily grown and very desirable for house culture. Price 20c each.

Datura Cornucopia.

A wonderful plant from South America. The flowers are of an immense size, trumpet-shaped and look like three distinct blossoms growing each within the other. The inside is a delicate white, while the outside is a most beautiful purple. This is a handsome pot plant for the house and also valuable for outdoor culture in the summer. Be sure and secure this novelty. Price 20c each, 3 for 50c.

Ivy Geraniums.

Moreno—Light pink, about the color of La France rose. Price 15c.
Columbia—Double, pure white, very pretty. Price 20c.

Mexican Centradenia.

A charming plant for house culture. All that need be said of this lovely novelty is that it is both an ornamental and a handsome flowering plant. The long, striped tropical leaves present a most charming appearance. One of the year’s favorite to this its immense clusters of rosy colored flowers, which are produced for several months, and you have this the most beautiful house plant imaginable. Price 50c.

Carmine Fountain or Thrysacanthus Rutilans.

A Magnificent House Plant.

Few plants for the house are more striking in foliage, flower and habit of growth than this rare beauty, and certainly none are more worthy the attention of flower lovers. It will grow and thrive in almost any situation and throws its beautiful long tasseled trumpet shaped carmine blossoms in immense sprays, many of which often measure 18 or 20 inches in length. It is highly recommended by the Gardener’s Chronicle as a decorative house plant. We hope none of our friends will fail to order it as we know it will please them. Price 20c each.

House Hydrangeas.

Ootaka—Large foliage, of a deep green, bearing a profusion of deep rose-colored flowers, in huge clusters. New and very fine. Price 20c.

New Red Branched—Trusses and florets larger and brighter than those of Ootaka; a very free bloomer, producing huge and magnificently formed trusses from every shoot. The best known variety for forcing and culture in pots or tubs. Price 25c.

Thomas Hogg—A beautiful variety, with large trusses of pure white flowers. Very valuable for forcing in the winter. Price 20c.

Choice Collections CHEAP. The Selection of Varieties must be left to us.

ALL SENT POSTPAID.

Cobea Scandens.

An exceedingly showy free blooming climber, with immense bell-shaped blossoms, which are produced freely the entire season. One of the most rapid summer climbers we have ever tried. White, price 15c, Blue, price 15c.

It will pay you to look at our Pansy Offer.

Otaheite Orange.

One of the grandest pot plants for flowering we have ever seen, and being useful, as ornamental, should be grown by everyone. It is a very dwarf variety, and blossoms and fruits freely when only 12 or 15 inches high. The delicious-scented blossoms are produced in great profusion. The fruit is quite small, but is very sweet and delicious. The color we offer is strong and thrifty. Price 20c each, 3 for 50c.

Jerusalem Cherry.

A miniature tree-like plant which grows about eighteen inches high and bears hundreds of cherry-like scarlet colored berries through the fall and winter. Very ornamental and a valuable decorative plant for the winter season. Price 50c.

FOR SIXTY-FIVE CENTS

We will send
STONELAKE JACKSON ROSE
AMERICA PETUNIA
DATRUA CORNUCOPIA.

Don’t fail to secure the Brazilian Melon Fruit.
These grand summer flowering bulbs are too well known to require any description. For years we have made a specialty of named varieties, but this season have decided to offer only mixed kinds.

**Star Mixed**—All colors and shades. Per doz. 85c, per 100 $3.50.

**Royal Mixed**—Selected bulbs, all from the very finest named varieties. Per doz. 75c, per 100 $4.00.

**Giant Fancy Mixed**—Mammoth flowering varieties of the most varied and richest shades. Price 10c each, 12 for $1.00, 100 for $6.50.

**CHRYSANTHEMUM.**

**Mildred Whitbeck**—A most beautiful pure white variety that is considered by many the very finest of its class. The blossoms are of large size, a clear ivory white, and produced in great abundance for a long period during the flowering season. We heartily recommend this lovely chrysanthemum to every one who desires a choice free blooming white variety. Price 50c each.

**FUSCHIA, ARABIAN KNIGHT.**

This is an English variety, and one of the finest we know of for house culture. The plant forms a handsome bush, and bears its immense double violet colored blossoms in the greatest profusion the year around. Price 25c each.

**EVERBLOOMING PRIMROSE.**

It is a perpetual bloomer in every sense of the word, being in bloom at all seasons of the year, and a well grown plant will show from 15 to 20 large, delicately shaded pink flowers opus at one time. The plant is of a dwarf growth, seldom attaining a height of over 10 or 12 inches, and is a most desirable plant for hanging baskets, vases or pots.

**BRAZILIAN PLUME PLANT,**

Of the thousands of plants we have in our green house, nothing attracts more attention than this. It is a native of Brazil and makes a most valuable pot plant, the lovely plume-like pink flowers are several times the size of a Chrysanthemum blossom, and very freely produced. Don't fail to try it this season. Price, 25c each.

**CARNATION, PINK BEAUTY.**

A giant flowering rose pink everblooming carnation that is wonderfully fragrant. The plant is a strong healthy grower and produces its mammoth blossoms freely almost the entire year. The flowers are of perfect form and frequently measure over two inches in diameter. Price, 20c.

**FOR 50 CTS.**

**WE WILL SEND POSTPAID**

**CARNATION, PINK BEAUTY,**

**FUSCHIA, ARABIAN KNIGHT,**

**BRAZILIAN PLUME PLANT.**

**GERANIUM, SNOW STORM.**

One of the largest flowering white varieties that can be found in this class of plants. The flowers are extra large and of the purest white, without a shade to mar their beauty. Plant a strong vigorous grower and makes a most desirable variety for house culture. Price, 10c.

See Our Book Offer on Page 2.

**IT WILL PAY YOU TO LOOK AT OUR PANSY OFFER.**

S. A. Nutt — Double deep scarlet. 10c.
White Beauty — Lovely double white. 25c.
Grace May — The best light pink. 20c.

IT WILL PAY YOU

To order the New Everblooming White Rose, Verna Darrow, it is undoubtedly the finest white ever introduced. A strong grower and free bloomer, Price 20c.

PHELARGONIUMS.

Prince Bismarck — Large blossoms of a rich velvety purple, each petal being slightly tinged with deep crimson. Price 60c each, 2 for $1.00.
Minnie May — A delicate light colored flower with dark blotch of reddish purple on the petal. Price 40c each, 2 for $1.00.
Assorted Varieties, our selection, 25 cents each.

ENGLISH PELARGONIUMS.

NEW DOUBLE PAONIA, ETHEL BROWNELL.

DOUBLE FLOWERED PAONIAS.

SURE TO BLOOM THIS SEASON.

Lady Leonora Bramwell — Rosy pink, edged silverly pink. Flowers extra large and exceedingly fragrant. Price 75c.
Ethel Brownell — The largest pure white. A beauty. Price 50c.
Lord Wellington — Rich crimson, very double and extra large. Price 60c.
The 3 Paonias for $1.50, postpaid.

E. FINCK.
LILY AURATUM.
This is frequently called the "Gold Banded Lily of Japan. It is without exception the most popular of all the garden lilies and deservedly so, for it grows rapidly and produces lovely fragrant flowers, often nearly a foot in width. The blossoms are white, with a yellow band, each petal being richly spotted with crimson and chocolate. The bulbs we offer are extra fine. Price, 15c. each, 3 for 40c.

THE RED CALLA.
We are indeed sorry to state that this season we have been unable to procure a stock of this splendid novelty. Next season we hope to get our order in early enough to secure a supply from Europe.

CARYOPTERIS MASTACANTHUS.
A beautiful Chinese plant of vigorous, healthy growth, that produces its charming, feathery-like, bluish, lavender flowers from early summer until late into the fall. We have seen small plants only five or six inches in height covered with blossoms until almost Christmas. For the house it has proven to be one of the most valuable plants of late introduction. Price, 15c. each.

CHRYSANTHEMUM, VELVET QUEEN.

CHRYSANTHEMUM VELVET QUEEN.
This charming Chrysanthemum has been correctly named, "Velvet Queen." The blossoms are of enormous size, often measuring five or six inches in diameter, and are the richest shade of velvety brown imaginable. In our collection, which consists of several hundred choice varieties, this was by far the most attractive; its mammoth richly colored blossoms were the admiration of all who saw it. The plant is of strong upright habit and produces its flowers in great profusion through the entire season. No one should be without this grand Chrysanthemum. Price, 30c. each, 3 for 75c.

FREE FLOWERING PHLOX
Valuable flowers for summer blooming and unequaled for bedding purposes. The Snowflake is one of the finest plants for cemetery use.
Snowflake—Beautiful snowy white blossom of enormous size. Price 10c., 12 for $1.00.
Harlequin—Richly marked, each petal distinctly striped. Price 10c., 12 for $1.00.
Roslyn—A handsome, rich red, bright and showy. Price 10c., 12 for $1.00.

THE HOUSE PALM
No class of ornamental plants is now so popular as the Palm. Many have been prevented from growing them on account of the cost of the plants, but now several varieties may be obtained at a low price and within the reach of everyone. We are extensive growers of all kinds of Palms and have selected one of the best for house culture, and named it "The House Palm." It is easily grown and will do well in any situation where the sun will reach it. Price, 35c. each, 3 for $1.00.

RUBY GOLD ROSE
Probably nothing in this line ever created such a sensation as the new rose, Ruby Gold. It is the product of Catharine Mermet, grafted on a Marechal Niel, which contrary to the usual belief, produced this most curious and charming combination of colors. The flowers show a rich shade of yellow, together with the delicate pink of Mermet. On the border of each rose is found a line of gold, which is varied with pink and rose, making a charming contrast, and producing a most beautiful effect. No one should fail to secure this novelty. Strong plants 35c. each; 4 for $1.00.

For 50c. We Will Send, Postpaid, 1 Chrysanthemum, Velvet 1 Lily, Auratum. 1 Ruby Gold Rose.

SNOW FLAKE.
**A MEXICAN PLANT NOVELTY.**

Secured by Prof. Palmer, the well known botanist, in his travels through that wonderful country. It is a variety of Hibiscus as yet unknown among the growers of the United States. In Mexico it is cultivated for its fleshy capsules which are used in making a drink for the natives. Prof. Palmer says the drink when slightly sweetened is superior to lemonade, and is highly recommended by doctors.

**Description of Hibiscus Sabdariffa.**

We just obtained this wonderful variety the past season and therefore give our patrons the description as written by Prof. Palmer:

The Hibiscus Sabdariffa is much cultivated in all parts of Mexico for its fleshy capsules, which are sold for one dollar per pound (a high price in that country) to make a drink which is much better than lemonade. The flavor is of a honeyed sweetness and highly recommended by the Doctors as a health drink. As a flowering plant it is superb, the beautiful yellow and copper colored blossoms are far ahead of the common old varieties so extensively grown in America. It makes a magnificent plant growing singly in a large pot and is one that is certain to attract attention wherever exhibited, indeed it would be hard to find a plant more useful or ornamental than this lovely Mexican Hibiscus.

We Can Furnish Either Seeds or Plants.

This variety can be easily raised from seed and we have secured at a high price a limited supply, which we offer for the first time this season. No more than one packet will be sold to any person.

The plants which we have are strong thrifty stock, that we know will give perfect satisfaction. Plants, 60c. each. Seed, Pkt., 40c.

**Caladium Esculentum.**

A tropical plant of the well-known family of Caladiums. One of the most striking of the ornamental foliage plants, either for pot or lawn planting. It will grow in any good garden soil. It is easy of culture, a full-sized plant being 4 or 5 feet in height, with immense leaves. Roots obtained in the spring will make good plants in the summer, and in the fall they should be taken up and stored in the cellar in dry sand. There is nothing so good as this Caladium for a grand bed of foliage in the garden. Good roots, 25c. each.

**Some New Coleus.**

Well known ornamental foliage plants, which will furnish an endless variety of shades and colors.

- **Crimson Bedder**—Cutter of leaf carmine crimson, edged with green and maroon.
- **Golden Bedder**—Canary yellow, deep gold in the sun.
- **Olive Merrill**—Center of leaf bright olive scarlet, bordered with a broad band of magenta green; compact habit.
- **Glory of Autumn**—Deep crimson bronze; a grand bedder.
- **Har Majesty**—Dark red, edged with golden yellow.
- **Jewel**—Dark crimson, edged with golden green. Price 10c each, 12 for $1.00.

**Everblooming Abutilons.**

Splendour—A new and valuable variety different from any ever offered. Color, deep red, a shade 'prentice unknown in this class of plants. Very rare. Price 60c. each.

- **Snow Ball**—A beautiful pink with a white variegated petal resembling the old Boule de Neige. Flowers large and very fine. Price 30c. each.
- **Leopard or Eclipse**—Foliage striped and mottled with yellow and green; this together with the bright orange or crimson colored flowers makes a grand display. Price 20c. each.
- **Double Thompsoni**—Flowers are orange colored, large double, and produced in the greatest profusion. Leaves are spotted and blotched in a most peculiar manner. Price 20c. each.
- **Pink Perfection**—The flowers are a light pink color, and produced in great profusion. Price 10c. each.
- **Boule de Neige**—Flowers large, clear white. Plant is a strong and thrifty grower. Price 10 cents.

**Planettia Vine.**

This is splendid for house culture during the winter, and makes a grand showing when trained around a window or on a trellis over the plants in a window garden. It is also fine for growing out of doors during the summer months. The vines we send out are strong and thrifty and will blossom in a few days after being planted. 15c. each, 3 for 40c.

**FOR 50 CENTS**

We Will Send Postpaid One Plant Each:

- **Meyenia Erecta.**
- **Chrysanthemum, Velvet Queen.**
- **Rose, Vera Darrow.**

**DON'T FAIL TO SECURE THE NEW ROSE “STONESTRAW JACKSON.”**

**The Blue Solanum.**

Here we have a climber of robust habit, rapid growth and one that will produce hundreds of beautiful Wisteria-like blue flowers in immense clusters all through the summer months. For house culture it is one of the most valuable climbing plants that has ever been introduced. It has been highly praised by the leading horticultural papers of Europe and at the Royal New Gardens it attracted more attention than almost any other new plant on exhibition. Price 20c each, 3 for 50c.

**Solunam Grandiflora.**

A beautiful plant of climbing habit, which grows to a height of 5 or 6 feet. The flowers are of a pure white, tinged with violet on back of petals. It is a perpetual bloomer, flowering freely at all times of the year. For pot culture it is particularly desirable, and is a splendid companion for the Manetta Vine, the two making a lovely display when grown together. The plants which we offer are strong and thrifty, and will commence to flower immediately after potting. Price, 10c each, 3 for 40c.

**Olea Fragrans. (The Fragrant Olive.)**

One of the sweetest scented flowers that blooms, a plant that blooms at all seasons of the year and bears its immense clusters of pure white flowers far above the rich green foliage. Its fragrance is delicate like that of some rare lily, and a plant grown in a living room will fill it with the most delightful perfume imaginable. The olen is easily grown succeeding well in any window. Price 30c.

**51**

CATALOGUE OF SEEDS, PLANTS, BULBS AND FRUITS.
**CHOICE CANNAWS.**

These are now the most popular bedding plants and also used extensively as single specimens for the vases for which they are admirably adapted.

A. Bouvier—Grows to a height of 3 or 4 feet. The flowers are a rich blood red and produced in the greatest profusion. Price, 25c.

Madam Crosby—Claimed by some to be the finest ever introduced. It is certainly the showiest with its mammoth scarlet flowers, each of which is bordered with a margin of gold. Price, 30c.

Paul Marquart—Entirely distinct from any other variety, the petals are salmon shade which gradually deepens into rose pink. A scarlet makes a most beautiful flower. Price, 25c.

For $1.00 we will send any four of the above CannaWS.

**MATRILONY VINE.**

This is a most vigorous and hardy climbing plant and one that may be trained to an arbor, the pillars of a porch, or in any location where a hardy vigorous climber is desired. Price 50c. each.

**IMPATIENS SULTANA.**

One of the finest house plants. Flowers are a rich carmine magenta color and freely produced the year around. Valuable for house culture or summer flowering out in the garden. Price, 10c. each.

**BOUVARIAS.**

A beautiful class of autumn and winter blooming plants, producing flowers of great abundance, varying in color from the purest white to the deepest scarlet. President Cleveland (New)—Flowers large and of a bright scarlet crimson. The best single Bouvarias yet introduced. Price 50c. each. 3 for 30c.

Rosea Multiflora—Plant vigorous. Flowers large, pink and very handsome. The most prominent feature, however, about this variety is its everblooming qualities. Price 15 cents.

**DOUBLE FLOWERING VARIETIES.**

President Garfield—Pink. Price 15 cents.

Alfred Neuner—The most beautiful double white. Blossoms are extra large and resemble a large bunch of miniature tuberoses. Price 20c. each, 3 for 50c.

**THREE FINE HIBISCUS.**

Cooperi—Handsomely marked foliage, every leaf being blotched and marked with white, rose, yellow and green. Blossoms a rich crimson. Price 15 cents.

Chrysanthus—This is a new variety, with very large, deep golden flowers, with a purple eye. They have become very popular within the last few years, grown either as annuals or placed in beds or as showy plants in the gardens. Price 20c. each.

Crimson Eye (New)—The flowers are immense in size, often measuring 20 inches in circumference. The color is a rich deep white, with a large spot of deep velvety crimson in the center of each flower. A well grown plant will produce several hundred of these flowers in a season. It will succeed anywhere and is perfectly hardy, blooming the first year in the greatest profusion. Price 25c.

**GENISTA CANARIENSIS.**

Fountain of Gold. A magnificent plant that flowers so freely that it literally covers the plants from top to bottom with richly colored golden blossoms. Price 20c. each.

**LINUM COCCINEUM.**

Fountain of Gold. A magnificent plant that flowers so freely that it literally covers the plants from top to bottom with richly colored golden blossoms. Price 20c. each.

**BRUGMANSIA.**

The True South American BRUGMANSIA

A plant that will please you.

It is impossible to describe the beauty of this wonderful plant. Words fail to convey any idea of its magnificence. It never fails to bring the highest price to the purchaser. The flowers are drooping, bell-shaped, over a foot in length, and about nine inches in width, of creamy white color and very fragrant. The striking appearance this plant makes when in full bloom cannot be correctly described. It blooms very freely, and it is a common sight to see 20 or 30 of those immense blossoms open at one time. It is a plant of rapid growth, but seldom attains a height over five feet. The fact that it will bloom at almost any time of the year is another important point. It is equally desirable for growing in the window or conservatory, or out of doors during the summer months. Price, 25c each.

**LINUM COCCINEUM.**

A beautiful annual with bright flowers of a rich crimson color. It flourishes freely the entire season and makes a lovely little plant for baskets, vases and boxes. The plant is a healthy grower and does well in any location. Price 20c.

**THE SERISSA.**

A charming little plant that is worthy a place in every collection. It has bright, glossy green foliage and produces continuously through the entire season a profusion of lovely double white blossoms. Easily grown and sure to please. Price, 15 cents.

**HOYA CARNOSA.**

Splendid for pot culture. It is something of a climber, with thick heavy leaves, flowers are large, star shaped and of a beautiful light cream or flesh color, the center of each blossom having a small spot or blotch of a lemon yellow shade, which adds to its beauty. Price 25c. each, 3 for 50c.

**BEROSE BLOOMS.**

The beautiful wax-like flowers are highly perfumed. Pearl—More extensively grown than any other sort. Price 5c. each, 12 for 50c.

Carolina Queen—The largest and most beautiful of this class. Blossoms extra large and very double. Price 10c. each, 3 for 25c, 12 for 85c.

**LANTANAS.**

Exceedingly valuable plants for single specimens in pots. Sometimes called Tree Verbena. They thrive in our hot, dry, sunny weather, when so many of our other plants suffer. Few plants bloom more profusely and continually, or afford a greater variety of colors. Price 10c. each, $1.00 per dozen.

**HOLLYHOCKS.**

We can offer you strong young plants of the following varieties.

Black Prince—The most beautiful of the rose. Price 15c.

Yellow Prince—Clear canary yellow; large, double and handsome. Price 15c.

Rose Queen—Lovely shade of light pink. Price 15c.

New Pearl—Pure white, a lovely variety. Price 15c.

The Four Hollyhocks for 50c.
GENERAL LIST OF PLANTS.

Achania Malvaviscus—A desirable plant for pot culture, sometimes called "Upright Fuchsia." 15c.

Ageratum—Good for bedding and borders. We can supply blue and white. 10c each, 75c per dozen.

Alternanthera—Bright crimson foliage plants. 10c each, 75c per dozen.

Calla, White—The well-known variety. 1c.

Calla, Black—Dark purplish black. 25c.

Calla, Spotted—Leaves spotted white, flowers white. 10c.

Calla, "Little Gem"—The popular dwarf variety, which blooms nearly all the time. 25c.

Clematis, Jackmanii—The hardy violet colored variety. 35c.

Clematis, Ramona—Flowers sky blue. A magnificent Clematis. 50c.

Clematis, Henryi—The largest single with white. 40c.

Clematis, Paniculata—Blooms in clusters. Hardy, white. 25c.

Clematis, May's Gem—Light lavender, shading blue. 75c.

Cuphea—Beautiful flowers of scarlet, red, white, and purple. 10c.

Daisy Double Snowstorm—Large white. 10c each, 12 for 50c.

Dutchman's Pipe—A popular climber for the garden, with large, heart-shaped leaves and brown flowers, which resemble in shape a pipe. Hardy, and a desirable vine for the once ground. 25c.

Fistonica—Beautiful thick green leaves, handsomely marked with yellowish white. 25c.

Gloxinia—Good mixture of bulbs, 25c each.

Hardy Hydrangea—The hardy shrub. 25c.

Lemon Verbena—Foliage delightfully fragrant. 10c.

Moonflower—The white flowering clematis. Bulbs. 15c.

Olsander, Prince Albert—Best double white. 35c.

Oleander, La Rosaria—Finest double pink. 30c.

Orange, Hardy—Fragrant flowers. 25c.

Palm—A fine house variety. 35c.

Passion Flower, Fordii—Blue, growing rapidly. 25c.

Passion Flower, Egyptian Scarlet—A novelty with scarlet flowers. 35c.

Passion Flower, Constance Elliott—Large white blossoms. 20c.

Penny Plant—A choicest annual seed. 5c each, 12 for 50c. By express at your expense, $3.00 per dozen.

Piperomia—A charming basket plant with silvery, dark green foliage leaves. 25c.

Vergenana—Large flowering, mixed. 10c each, 75c per dozen.

Honeysuckle. FUCHSIA-FLOWERED.

Few of the new plants introduced within the past few years have had such a demand as this beautiful climber, and nothing is more desirable than this grand honeysuckle. The flowers are bright red, long, trumpet-shaped and borne in large clusters dropping like the flowers. It is a vigorous grower, with lovely foliage and long branches, which trail in an amazing manner. During the entire summer and early fall it is literally covered with the handsome red blossoms. We are indeed glad to state that we have a fine stock of this grand climber, and have made the price very low, so as to be within the reach of all. Price 35c each, 3 for 60c.

CHRYSANTHEMUMS.

We offer below the choicest collection of chrysanthemums that can be secured in America. More than 500 varieties follow in this class. The nearest approach to a purple that has ever been introduced. Price 30c.

Mrs. J. W. Morrissey—Full flowers, silvery pink. Price, 10c.

Mrs. M. C. Madeira—Beautiful globe-shaped orange yellow flowers. A fine grower. Price, 15c.

Miyana—Snow white. Price, 10c.

Portia—Clear pink, dwarf habit of growth. Price, 10c.

The Queen—Globe-shaped white blossoms of large size. Price, 15c.

Louis Bohmer, or Ostrich Plum—The well-known pink, with delicate feathered flowers. Price, 50c.

Hicks Arnold—Old gold, very showy. Has taken twelve prizes. Imperial—Showy, shaded with brown. Price, 15c.

Ada Leroy—Clear rose pink, extra fine for cutting. Price, 20c.

CHOICE PANSY PLANTS.

We make a specialty of pansy plants and our stock for this season is extra fine, being grown from the choicest strains of known and highly praised colors. Price, 5c each, 12 for 50c. By express at your expense, 100 for $2.00.

CLERODENDRON BALFOURI.

A superb house climber that has become very popular within the last two years, and is now in great demand, at a very low price. We must limit the supply, and may be trained in any desired shape. The flowers slightly resemble the blossoms of a fuchsia. Color, white and scarlet. It makes a beautiful display either trained on a trellis among the plants in a window garden. We strongly urge all our friends who want a fine house climber to order this clerodendron. Price, 15c each; 3 for 40c.

THE BEST CARNATIONS.

FOR FIFTY CENTS WE WILL SEND SIX CARNATIONS.

(OUR SELECTION.)

Windsor—A mallow flowering pink variety that is very highly perfumed. Price, 15c.

Pride of America—The largest white variety, exceedingly fine. Price, 25c each, 3 for 60c.

Daybreak—Acknowledged by all the most beautiful light pink carnation. Price, 35c each, 3 for 100c.

Silver Spray—One of the best whites. Price, 10c.

Germany—Bright shade of red, showy. Price 15c, 3 for 40c.

Nancy Hanks—The finest giant flowering pink. Price, 25c each, 3 for 50c.

Dorothy—Deep carmine, highly perfumed. Price, 25c each, 3 for 40c.

Marlotta—Probably the most beautiful of this class. Color, rich crimson. A fine grower and strong grower. Price, 40c each, 3 for 120c.

Gracie Wilder—A delicate shade of pink. Price, 10c.

Belle Rovere—White, large blossoms and perfectly double. Price, 50c.

Don't Fail to Secure the New Rose, "Stonewall Jackson."
Our claim is that we give more first-class roses and plants for a dollar than any other firm in America. A trial order will prove it.

Our cold system of growing Roses insures our patrons stronger and healthier plants than can be procured elsewhere at the same prices.

We have no cheap Roses, these are generally forced, and consequently utterly worthless.

Some varieties grow more rapidly than others, and on such sorts we have given our customers lowest prices.

Our plants and roses please our patrons.

Hyde Park, Mass.—Every time I have ordered from you, both last year and the present has your unsurpassed reputation. C. M. Joeris, Evansville, Ind.—I received the roses ordered from you in first-class condition. Mrs. M. B. Pleas.

Hamilton, Mont.—Have received roses in good condition. Mrs. W. Toole.

El Dorado, O.—The dozen Cranwell Tree Currant received in good order. They are very nice and all O. K. W. J. Shelley.

Schuyler, Neb.—The roses ordered of you were duly received in excellent condition. D. A. Long.

Baileyville, Ills.—I was both surprised and delighted to receive such fine healthy plants. For the past five years I've raised roseseeds and florists but will say that I never before received so much for my money nor such fine and valuable for all sections. Price, 20c.

Crimson Queen—Rich velvety crimson, shaded with fiery red in the center, and with maroon on the outer petals; very large, full, and of beautiful globular form; grow vigorous. Price, 20c.

Ulrich Brunner—One of the darkest of the H. P. roses, and one of the most beautiful by reputation. It was awarded a certificate by the Royal Botanic Society of London at one of their largest exhibitions of Roses. Being perfectly hardy, a strong grower, and free bloomer, it has become very popular in England. Price, 20c.

Halifax, Nova Scotia.—I beg to announce the safe arrival of the roses in beautiful condition. C. F. Langley.

Beaufort, S. C.—I take pleasure in stating that the plants arrived in perfect condition and are satisfactory in every way. R. E. Lefran, Mexia, Tex.—Received plants ordered of you in perfect condition, and they are looking splendid. Pearl Perdue.

Hill's Grove, R. I.—Bushes arrived in good condition. O. W. Pearce.

Selma, Ala.—Plants arrived safely and in beautiful condition, not a leaf verted. Mrs. L. K. K. Hogan.

Wolfsville, Nova Scotia.—Received seeds and roses in good condition. Thanks. Mrs. Geo. Patrign.

Meredith, N. H.—The plants came this morning in good condition. They are fine, healthy stock, and give great satisfaction. Mrs. A. E. Blount.

Glen Falls, N. Y.—The hardy roses you send out are larger, healthier and in a season grow to be twice the size of those sent out by other florists. Gertrude Ferguson.

L. L. May, Jr.—Flowers extra large, very double, full and highly perfumed. We desire to call particular attention to this rose as it is the grandest pink H. P. ever introduced. It is a constant profuse bloomer, perfectly hardy and valuable for all sections. Price, 20c.

Crimson Queen—Rich velvety crimson, shaded with fiery red in the center, and with maroon on the outer petals; very large, full, and of beautiful globular form; grow vigorous. Price, 20c.

Marchioness of Lorne—This lovely rose was introduced by Wm. Paul, of Cheshunt, Eng., and is a most beautiful rose, dedicated by special permission to her royal highness, the Princess Louise, Marchioness of Lorne, produces flowers of an exceedingly rich, velvety rose color, slightly shaded in the center with vivid carmine, they are large and very sweet, full and of finely cupped shape; petals large; and buds long and handsome. Price, 25c.

Mad. George Brunat—One of the loveliest roses ever introduced. The most popular and, of course, the only true flower with the finest bloom of the General Jacqueminot, and is a pure white. Begins to bloom very early, and the plants are literally covered with blossoms the entire summer. A decided acquisition. Price, 25c.

The standard Hardy Climbing roses.

Queen of the Prairie—Bright rose color, large, compact and globular; a very profuse bloomer. One of the best.

Tennessee Belle—A lovely pink climber, particularly desirable for middle and southern states.

Caroline Goodrich—A rich red climber, nearly as dark as Pride of Cheshire. Price, 25c.

Russell's Cottage—A desirable variety. Flowers very large and full, color crimson.

Mrs. Herse—Claimed by some to be an improvement on Seven Sisters. With us, however, it seems almost the same.

Note.—Any six of the above climbing roses (strong young plants), for only 25c.

THE STANDARD HARDY CLIMBING ROSES.

These are admirably adapted for covering walls, trellises, old trees, unsightly buildings, etc. Their rapid growth, perfect hardiness, luxuriant foliage, immense clusters of beautiful flowers, commend them at once to everyone.

Price—First size, 50c each; $1.00 per doz. Second size, 30c each; $3.00 per doz. Third size, 10c each; $1.00 per doz.

Gem collection of hardy roses.

The following varieties we have selected for their wonderful hardiness and free blooming qualities. They will stand the winter in almost any locality without protection.

Chesnut Hybrid—One of the most valuable English varieties. Rose large, cup-shaped, color, rich red shaded violet. Blooms freely and incessantly the entire season. Price, 20c.

Abeil Grand—A superb rose of large size. Blooms repeatedly through the season, and is one of our best pink roses. Price, 15c.

Jules Christien—Rich crimson with a slight tinge of violet on the outer petals. Strong habit and a rose that cannot be praised enough. Price, 30c.

Anna Alexioff—Mammoth double rose colored blossoms of the most perfect form. Distinct and one of our best. Price, 20c.

Eliza Boole—A free flowering white, with petals that are lightly tinged with pink. It is a distinct bloomer and a very fine rose. Price, 15c.

Henry Schultheis—Delicate pink, about the same shade as the La France; a charming rose either in bud or open bloom. Perfectly hardy and will grow and thrive in almost any locality. Price, 25c.

Blackberries—An old variety, but none in the least beautiful on this account. It is the same color as General Jacqueminot, and in our opinion a much more profuse bloomer. Price, 15c.

Note.—One each of the above (strong young plants) for $1.00.

Two year old stock, 50c each; or the entire collection for $2.50.

Six everbearing tree blackberry for $1.00, postpaid.
15 Fine Everblooming Roses for One Dollar.

Every Variety in this List of Teas is a Free and Constant Bloomer.

Sou de Clairvau—Although an entirely new rose we consider it one of the choicest in our list. The plant is a strong, vigorous grower and a profuse bloomer; flowers extra large, perfectly double and delightfully tea scented. Color a creamy yellow, the edges of each petal tinged with coppery rose, while the back is a lemon shade, making a most charming and novel flower, and one that will please all. A magnificent rose that should be in every collection. The true stock is exceedingly scarce. We have procured a large supply direct from the introducer, and whoever orders from us may depend on securing the Sou de Clairvau true to name.

Don't fail to include it in your order; you will make a great mistake if you leave it out. Price, 15c each.

Madame Horte—A beautiful cream yellow. It has the finest formed buds of any rose we know of. Price, 10c.

Snow Flake—A new and valuable prize white tea. We counted on one plant 143 buds and blossoms, and the plant was only nine months old. A perfect gem. Price, 20c.

Rose Cook—Creamy white, frequently tinged with yellow, a most beautiful rose. Price, 10c.

Duchesse de Brabant—Rich deep rose; exceedingly showy. Price, 10c.

Doctor Reymont—Brilliant vermilion color, the back of petals shaded crimson. Price, 15c.

Beauty of Stapleford—An English rose of great beauty. Flowers brilliant pink, shading to crimson. Price, 15c.

W. F. Bennett—About the color of Gen. Jacquemont. One of the most fragrant of roses. Price, 10c.

La France—The well known and popular silvery pink rose that is acknowledged the sweetest of all. Price, 10c.

Sunset—Very beautiful. Color deep golden yellow, shaded apricot. Price, 10c.

Duchess of Albany—This is frequently called "Red La France." Same shape as the La France, but a deeper red. Price, 15c.

Catherine Mornet—Bright deep color, with the same peculiar silvery lustre possessed by La France; large, fine, and of beautiful form. One of the most fashionable roses for cut flowers. Price, 15c.

Marie Van Houtte—Large creamy white flowers, sometimes tinged with pink. Price, 10c.

Pierre Guillot—Brilliant crimson, passing to carmine. A good bloomer and quite fragrant. Price, 10c.

NOTE—Sold singly at prices quoted, or the entire collection of 15 for $1.00, postpaid.

Beauty of Stapleford.

Don't Fail to Secure "Stonewall Jackson" Rose.

Six Fine Out-Door Hardy Roses.

FOR ONLY 85¢ we will send postpaid the following six splendid hardy roses, strong, thrifty young stock.

FOR $2.25 we will send postpaid extra large two year old plants, one each of the following, or furnish them singly at 40c. each.

Lady Helen Stewart—To England we owe this beautiful variety and we believe it to be one of the very finest hardy roses of recent years. The flowers are very large, highly perfumed, and varieties of perfect form. Color is crimson, shading to an intense scarlet, making one of the showiest flowers imaginable. It is a free and constant bloomer, a vigorous grower and a most valuable garden rose for all parts of the United States. Price, 16c.

Charlotte Corday—One of the handsomest roses we know of. The flowers are of an immense size, cup shaped, double and of a deep rosy purple color. It is a remarkably strong bloomer and produces its immense flowers in great profusion the summer through. Price, 20c.

Bel de Belge—Without doubt the nearest to a black rose that has ever been produced. In addition to its beautiful shade it is one of the most fragrant of all the hardy varieties. Price, 25c.

White Gem—A magnificent white variety of rapid growth and healthy habit. A charming rose either as a bed or open flower. Price, 20c.

Lord Bacon—An English rose of great beauty. Rich Carmine shaded with violet red. One of the most brilliant color combinations. Price, 50c.

FOUR NEW AND RARE EVERBLOOMING ROSES FOR 75c., POSTPAID.

No one should fail to secure these four roses as they are without exception the finest in our list of free blooming teas.

Belle—The largest flowering pink rose we have ever seen, many of the blossoms measuring over 4 inches in diameter. Color is a rose pink; very handsome, and a grand addition to our list of roses. Price, 50c.

Peerless—Pure white flowers of good size and substance. An exceedingly fine bloomer and a most desirable rose for house culture. Price, 50c.

Darkness—Color deep crimson; blossoms incessantly the year around, and is by far the most free blooming dark red rose we know of. Price, 20c.

Golden Wonder—The handsomest yellow rose we have ever seen. It is easily grown, and one of the most valuable varieties for either house or garden culture we have ever known. 20c.

Special—The above 4 Roses for 75c. postpaid.

THREE CHOICE CLIMBING ROSES.

American Rambler—This resembles somewhat the Queen of Prairie in habit of growth, but is entirely different in color, being of a lighter shade. It also flowers much more freely than the above named varieties, and the blossoms are of a larger size. It is a climber that will do well in any section, and is one of the hardest varieties we have ever seen. The Rambler and Baltimore Belle, when grown together with Pride of Cheshunt on a trellis or over a porch, make a most beautiful display.

Price, 50c each, 3 for $1.00.

Pride of Cheshunt—The Pride of Cheshunt is acknowledged to be the finest dark red climber rose ever sent to this country. It is of English origin, and has proven to be perfectly hardy, doing well in any section of the states.

We do not think there is another dark climbing rose that is worthy the attention of our customers, nearly all of them producing poor and inferior blossoms; such, however, is not the case with this lovely English rose; the flowers are extra large, double and produced in great abundance during the entire season. It might well be classed with the everlasting varieties, so freely does it flower. Price, 50c each, 3 for $1.00.

Baltimore Belle—As every lover of roses knows, this is one of the best white climbers ever offered. Many new white varieties have been introduced but they have either proven to be very inferior for blooming or not hardy enough to withstand the winters in the middle or northern states. The Baltimore Belle can be grown where anything in the line of white varieties are raised, and will bloom profusely through the entire season. It is a wonder to us that more of these splendid hardy climbing roses are not seen; they require but little attention, and there is certainly nothing that surpasses them for blooming in such a short time. Price, 20c each, 3 for 50c.

SPECIAL OFFER.

For 75c we will send, postpaid, one each of the above three Climbing Roses. Don't fail to take advantage of this offer.

Note—We can supply extra large plants of the above climbers at the following prices: American Rambler, 60c; Pride of Cheshunt, 70c; Baltimore Belle, 45c; or the three for $1.50, postpaid.

SIX EVERBEARING TREE BLACKBERRY FOR $1.00, POSTPAID.
Rainbow Collection for Fifty Cents.

The following four roses are fine for indoor blooming during the winter months, and also very desirable for the garden in the summer. They will flower profusely the year around and cannot be surpassed as "everbloomers."

Rainbow—At an enormous price we have procured stock of this wonderful rose from California. It comes to us highly recommended, and was awarded the highest premium by the California State Flower Society. The color is a coral pink, striped and mottled with bright crimson, making it the greatest novelty in roses ever introduced. It makes the most beautiful buds imaginable, and the flowers are remarkably solid and fragrant. Price, 15c.

Red "La France"—A most charming addition to this class of flowers. The roses are the same shape and size of the old "La France," but of a different color, being of a much darker shade. Exceedingly fragrant and extensively grown for its beautiful blossoms. Price, 15c.

Crown Princess "Victoria"—This rose has our highest commendation. It is a vigorous grower, with large, fine foliage, and is one of the loveliest of all roses. The color is a pure waxly snow-white, sometimes has a lemon tint. Price, 20c.

Paris Prize—With all of our experience in the growing of roses, we have never seen its equal for blooming, and it is by far the best variety for either pot or out-door culture we have ever grown. The color is a very light cream at the center shading to a clear white at the outer edges, making it one of the loveliest roses that can be imagined. The buds are solid, of fine shape, and open very quickly into a larger flower of perfect form. For fragrance it rivals the well-known "La France," the perfume being as delicate and sweet. The plant is of a strong, robust habit, as easily grown as a geranium, and certain to become the most popular of all the rare roses. The wonderful advantage this rose has over all others, lies in its free flowering qualities. Price, 20c.

NOTE—The above four roses will be sent postpaid for only 50c.

Three Rare Roses for Thirty-five Cents.

For 50c we will send the following three everblooming tea roses, postpaid:

Olga de Wurtzberg—This variety, as grown in the south of France, is simply indescribable. The people of the south would do well to employ this beautiful sort for covering verandas and trellises. Color rosy crimson, suffused with yellow. It blooms nearly the year round, and should be in every order. Price, 15c.

Archduchess Marie Immaculata—Its brilliantly colored flowers never fail to cause the greatest admiration. It is a strong, vigorous grower, with large double flowers of splendid form. The color is an intermingling of bronze, orange yellow, pink and crimson. An intensely brilliant flower of novel shades. Price, 20c.

Marion Dingee—A deep, brilliant crimson, and we think it ranks next to the Black Knight in richness of coloring; but the flowers are still more double, and do not keep quite so well after cutting. It makes up for these faults, however, in its profusion of bloom. Price, 15c.

FIVE BLACK ROSES.

By black roses we mean the very deepest shades of red, scarlet and crimson found in this wonderful class of flowers. The following five varieties are perfectly hardy.

Rol de Bolz—Without doubt the nearest to a black rose that has ever been produced. In addition to its beautiful shade it is one of the most fragrant of all the hardy varieties. Price, 25c.

T. W. Girdleton—This was awarded a first-class certificate by the Royal Horticultural Society of England. Flowers very large and a deep rich vermillion. Be sure to include it in your order. Price, 15c.

Prince Camille de Rohan—A splendid rose, rich, deep velvety red. Delightfully fragrant, perfectly hardy and a good bloomer. Price, 15c.

NOTE.

For 60 Cents we will send the above five roses postpaid.

NINE HARDY ROSES FOR $1.00.

The following varieties are particularly adapted for outdoor culture, as they are perfectly hardy.

Anna de Diesbach (Glory of Paris)—Brilliant crimson, sometimes shaded with bright maroon, pointed buds, and large double or semi-double, compact flowers, very full and sweet. One of the best. Price, 10c.

Coq des Alpes—The most popular white variety ever introduced. A most beautiful rose when fully opened. Price, 15c.

Mrs. Wm. Watson—An English rose of great merit. The blooms are full and globular in form; cerise pale pink. Price, 25c.

Jeanne Dickson—Color bright rosy pink, edged or shaded with silvery edges, making a handsome and showy appearance. Price, 15c.

Countess of Oxford—Rich shade of carmine; growth strong and vigorous. A magnificent rose either in the bud or open flower. Price, 15c.

Karl of Pombroke—A valuable English H. P. variety, with large velvety crimson flowers. Remarkable for its profusion of bloom. Price, 12c.

Madame Charles Wood—The flowers are extra large, very double and full, and quite fragrant. Color a bright fiery scarlet, passing to fine rosy crimson, elegantly shaded with maroon. Very showy and handsome. Price, 15c.

NOTE—The above nine roses for One Dollar.

Good Books Given Away. See Page 2.
The perfume of these roses is most delicate and agreeable; indeed they may be called the sweetest of all roses. The flowers are also very beautiful and delicately in their colors, such as white, straw and dish color and various tints of rose combined with them. They are more tender than any other flowers, requiring a house or pale in the pot culture. Price—First size, 50c. each, $5.00 per dozen. Second size, 30c. each, $3.00 per dozen. Third size, 10c. each, $1.00 per dozen, except where noted.

Verna Darrow—One of the most desirable roses of recent introduction. The flowers, which are produced in the greatest profusion, are of large size, a rich carmine, shading deeper towards the center. It is a strong healthy grower, with fine foliage, and will undoubtedly become popular both for bedding and for house culture. Price 25 Cents.

Waban—A grand new rose. Flowers are borne on strong stems, and resemble the Mermet in shape. Color, carmine pink, shaded light toward the edge of the petals. This is a gem in every sense of the word, and bound to become one of the most popular roses in cultivation.

Marie Guillot—Among the largest growers of roses this splendid variety is considered one of the best that can be raised, on account of the immense amount of bloom it produces. Flowers are very large, perfectly double, of a pure white color, sometimes shaded with pink.

Papa Gontier—It is a profuse and continual bloomer, and in color is a deep red, with carmine center. It is fragrant, has long stems and fine foliage, and is to take a leading place among the really valuable free-blooming Tea Roses. It has a charm peculiar to itself.

Bon Sileno—This splendid old variety still holds its own against many of the newer sorts, it is equally valuable for summer or winter blooming, average size and exquisite tea scent, color, brilliant carmine.

American Beauty—This grand rose is a scolding found in the garden of Mr. Bancroft, the historian, at Washington, D.C., who has, perhaps, the finest collection of roses in the country. In "American Beauty" we have for the first time a rose of large size having the everblooming qualities of the Tea Rose, with the delicious odor of the Damask or Moss Rose, consequently equally valuable for winter or summer blooming. It is double and of a very rich color, it is a deep brilliant pink, shaded toward the center with rich carmine.

Sunshine—A glorious light-pink rose that flowers the year around and seems to require no rest at all. Blossoms good size and delightfully tea scented. Price 15 Cents.

Niphotos—Long, graceful buds, of snowy white, remaining in perfect form a long time after being out. Plant is of dwarf growth, but for pot culture is unsurpassed, blooming freely and constantly, the flowers are beautiful in their formation and deliciously fragrant.

Sou, d'Un Ami—A lovely Tea Rose; extra large, globular flowers, very full and deliciously sweet, color, deep rose flesh, beautifully shaded with rich carmine, edges and reverse of petals silver rose, a strong, vigorous grower and profuse bloomer.

The Bride—The bride is a pure white rose of large size and a most perfect form. The buds are pointed and the ends of the petals are slightly curved back, giving it a most classic and elegant appearance.

La France—Delicate, all white shaded with cerise pink, often silvery pink, with many flowers blooming at once, very large and ofABundant formation. It flowers continuously throughout the season. None can surpass the delicacy of its colors. In fragrance it is incomparable, in form it is perfect, and it is the sweetest and most useful of all roses.

Coquette de Lyon—A lovely Tea Rose, exquisite canary yellow, clear, transparent, a little more transparent and delicious perfume, flowers large, fine form, very full and double.

Parle—This lovely rose still retains it position as the finest Rose of its color ever introduced. It constantly grows in favor as its merits become better known. Color, clear golden yellow, an indescribable rich and beautiful shade, quite distinct from any other rose; very full and highly perfumed.

Gloire de Dijon—A magnificent rose, one of the finest in every respect, large, perfectly double and teacolored; color, rich creamy white, beautifully tinted with red. Of a house or pale bush in the south a splendid climber or pillar rose.

Fursten Bismarck—A very popular colored rose, changing from a china blue to cherry red, the whole suffused with lemon. A strong, vigorous new variety from Germany. This is a very promising variety, one of the very best new roses, and one that every one should have, it is free flowering and always attracts attention wherever grown.

Saffano—Bright apricot yellow, changing to orange and fawn, sometimes tinted with rose. Valued highly for its red, with a fragrant and rampant grower. Exceedingly profuse, one rose in the pot or pale bush.

Mad Cajun—This is one of the greatest forced flowering varieties and on account of its peculiar fancy coloring commands an extra price. The flowers are of good size, very double and perfect in shape, either as buds or when fully opened. A splendid form for pot culture, and the best of all the hybrid teas as a bedding variety for summer cut flowers.

Sombreuil—Desirable in every way being an everblooming rose, with the finest of the modern tea roses. Color, beautiful creamy white, lighted tinged with deep carmine. Price, $1.00.

POLYANTHA ROSES

The flowers are produced in numerous clusters, the single ones being about one and a half inches across. The clusters produce from 25 to 100 flowers, the flowers being mostly used in the Middle and Southern states.

Price—First size, 50c. each, $5.00 per dz. Second size, 30c. each, $3.00 per dz. Third size, 10c. each, $1.00 per dz.

Mignonette—One of the most lovely and beautiful miniature roses imaginable. Color, perfect double and delicately perfumed, color clear pink, passing to white, tinged with pale rose.

Madame Cecile Brunner—Larger flowers than any of the others, very full and round, perfectly double and delightfully fragrant; color, rose pink on rich creamy white ground.

Paquerette—An elegant little rose, the smallest of the lot, full regular flowers, pure snow white, a profusely blooming, well scented, with pale rose.

Little White Pet—A lovely variety, flowers of perfect form, very double and full, pure creamy white, sometimes delicately tinged with rose.

Pele d'Or—Yellow and buff tipped white, changing to buff tinged with rose.

TWENTY LOVELY EVERBLOOMING ROSES FOR ONE DOLLAR POSTPAID

Strong, thriving plants that are sure to please you. Each year we are obliged to grow a much larger stock of roses than we usually need for our regular customers. This is done in order to be able to supply any extra demand that may be made upon us from our mammoth wholesale trade. As a result we have a large quantity of many varieties on hand. This season we have decided to offer them to our catalogue customers at less than wholesale rates, and will send, postpaid, twenty everblooming Tea Roses (our selection) for $1.00.
SIX IMPORTED ROSES FOR ONLY 75 CENTS.

ALL NEW AND CHOICE.

**Rosa Bonheur.**—Pure white, and almost as free a bloomer as the famous everblooming 'Kathleen.' The flowers are large, very double and delightfully sweet. We heartily recommend this to all who desire a superb white rose. **Price 25c.**

**Prof. Maxim.**—A distinct, vigorous, double white rose, with a strong, sweet fragrance. **Price 50c.**

**Sappho.**—A beautiful single white rose, produced by Prof. Maxim. The flowers are large and fragrant. **Price 25c.**

**Pink Raven.**—Another English rose that is attracting considerable attention. The flowers are large and handsome, of a delicate pink color; they open with the outer petals white, the inner ones pink. **Price 25c.**

**Golden Perfection.**—A grand golden-yellow variety of easy culture, and for either house or outdoor growing is exceedingly valuable. It is bound to become one of the most popular of the yellow roses. **Price 50c.**

**White Tea Rose.**—Rosa Bonheur.

**SIX RARE ROSES FOR ONLY $1.00, POSTPAID.**

The following six are a choice selection from new roses of late introduction and to all who desire something new and really valuable, we heartily recommend them. They are truly "everblooming" in every sense of the word.

**Mrs. James Wilson.**—This superb novelty resembles that most beautiful rose, ''Catherine Mermet,' in shape, but is in every way different in color, being of a deep lemon yellow; the border of the petals is margined with rose, very large, of perfect form and highly perfumed. **Price 20c.**

**Silver Queen.**—The lovely white rose that is creating such a sensation in the large rose gardens of the country. Remarkably free flowering, very fragrant, and a strong, healthy grower. **Price 15c.**

**Primrose Dame.**—This rose has quite astonished us with its great freedom of bloom, even small plants being covered with buds, after the fashion of the Polyanthas. The buds are of good size and pointed. The color is perfect, outer petals a delicate cream, with glowing carmine center, the earliest stage of opening; it produces immense buds on a strong plant that are certain to be Captivating. **Price 25c.**

**Blanche Primrose.**—A beautiful white, with extra large flowers delightfully tea scented. It is as free to bloom as the old Hermosa, and decidedly a much handsomer rose. **Price 25c.**

**Elborn Gem.**—Strong and vigorous growth, flowers large and freely produced. Color, bright pink. One of the most prolific bloomers we have ever grown. **Price 25c.**

**Madam Cochard.**—A most charming and beautiful tea rose of moderate size and usual merit. Color, soft primrose yellow, shading to rose or pink. Decidedly scented and buds of very fine form. One of the best of the new everblooming varieties. **Price 25c.**

**Note.—**Sold singly at above prices or the collection of six for $1.00.

ALL STRONG PLANTS.
Standard List of Hardy Outdoor Roses.

STRONG YOUNG STOCK. PRICE 10c each, 6 for 50c, 13 for $1.00, unless noted otherwise.

Second Size, 30c each; $3.00 per dozen. First Size (two year old) 40c each; $4.00 per dozen.

There is something about perpetual roses that enthralls every gardener. When once planted they require but little attention, and continue to improve year by year. The flowers are of an immense size, very fragrant, and born in profusion through the entire summer. In making this list of perpetuals we have carefully considered all the qualifications of each variety, and think no finer selection of hardy roses can be found anywhere. Out of the large collection we decided to list only a few, and such as we considered the cream of the crop, so that only the very best and most permanent varieties should be chosen. We have endeavored to secure only the very best, and have no fear about ordering any of the following varieties, as we know they will prove perfectly satisfactory.

Adolphe Colombe—A bright carmine red, clear color, large, deep-built form; exceedingly fine.

Anna de Dusseldorf—A beautiful shade, moderately full and very large.

Baron de Bonstedt—Rich velvety maroon, large, full. A splendid sort, thought by bloomers in autumn.

Baron de Maynard—Pure white, medium size flowers; good form, very double, and one of the most persistent bloomers.

Baroness Rothschild—A beautiful, clear, pale rose, shaded with white; very large and double. One of the finest.

Baron Prevost—Deep rose, very large and full; a victories grower and abundant bloomer, one of the oldest and finest of this class.

Beauty of Waltham—A bright rose carmine, large and full, very hardy.

Clémence Raux—Clear pink, very handsome.

Chas. LeFebvre—Fine bright red, center and petals shaded, large and globular. One of the grandest roses.

Caroline de Sansau—Flesh color, with blush edges. A most beautiful rose.

Coquette des Blanches—A pure white rose of a globular form. Very fine blooming.

Caroline de Arden—A pure soft rose color; very large, full, perfectly formed and of the most delightful fragrance.

Captain Christy—A beautiful rose of large size, delicate flesh color, deepenings toward the center; very desirable variety.

Duke of Teck—Bright crimson scarlet, clear and distinct in its vividness of color, beyond anything else, a real march toward a true scarlet rose.

Dr. Andy—Dark bright red, very large, full and of fine form.

Dinsmore—Rich crimson, highly perfumed.

Francois Michelon—Deep rose, the reverse of the petals silvery, large, full, and one of the best.

General Gordon—One of the best flowering large roses we have ever seen; the most sought after and perfectly hardy. Price, 20c.

Dr. Hogg—Violet red, exceedingly deep in color and wonderfully fragrant.

Louise Odier—Brilliant rose color. Very bright and wonderfully fragrant.

M. Hippolyte Jamain—A first class hardy white. Flowers freely the entire season. Price, 15c.

Mad. La Charme—A charming white rose, lightly tinged with pink. One of the most popular with large growers.

Pierre Notting—Deep crimson, shaded violet.

Susanna de Rodocanachi—Mammoth rose-colored flowers of a most delicate tint.

THE HARDY PINK ROSE, GENERAL GORDON.

Triomph de l’Exposition—Bright crimson, very fragrant, but not a very free bloomer.

Jules Le Verrier—A very beautiful rose, soft China pink, delicately shaded carmine and blush.

Giant of Battles—Brilliant crimson; flowers large and of fine shape. One of the best.

General Jacqueminot—Magnificent rich deep red.

John Hopper Rose, with a lighter center; splendid form.

Julia Magnolia—Large flowers, very hardy.

Jean Liabaud—Bright crimson shading dark toward the center; flowers very large and double.

Louis Van Houte—Beautiful maroon, medium size, full, of finest color; delicately perfumed.

Lady Arthur Hill—Color a rose, the blooms are of large size, fine form.

La Reine—Bright rose carmine; very large, choice and sweet, one of the best.

M. de Rougemont—A grand rose; lovely light blossoms, slightly tinged with plum.

M. Eugenie Verdier—Delicate silvery pink, tinted with fawn; large fine-formed flowers. A most beautiful rose.

M. P. Wilder—Cherry carmine, large, and continuous in bloom long after all other flowers are out of flower.

Mervellio de Lyon—Pure white sometimes turning to a satin rose as the season advances.

Paul Neyron—Color, clear rose.

Piaonia—Cherry red, brilliant, extra fine form; a beautiful rose.

Victor Verdier—Rose carmine, purplish edges; a large free growing variety and very showy.

Moss Roses.

Valuable for their hardiness, exquisite fragrance, and the beautiful effect of the delicate, moss-covered buds. Excellent for cemetery plants.

Price—First size, 50c each; $5.00 per dozen. Second size, 70c each; $7.00 per dozen. Third size, 90c each; $5.00 per dozen, except where noted.

Elena—Bright crimson; very double.

Blanche Moreau—Pure white, large, full, and of perfect form.

Catherine—Rose, beautiful and curious mossy fringed calyx. Finest of all this class for its buds.

Countess de Murinais—White, slightly tinged with flesh. The best white moss.

Glory of Moses—Pale rose; very large, full and beautiful.

Princess Adelaide—Pink, blooming in clusters; often called Climbing Moss. A very rapid grower.

Perpetual White—White, blooming in clusters.

Perpetual Red—Red, blossoms large, buds beautiful.

Sailor—Clear rose color and very double.

FOR 50 CENTS We will send each plant one

Brazilian Melon Fruit

Brucmansia

AN AGRICULTURAL WONDER. THE ALGOMA POTATO.
A WONDERFUL ROSE

It Blooms Profusely the Year Round.

Hardy South of the Ohio River. Valuable for Either House or Garden Culture.

WE CONTROL THE ENTIRE STOCK FOR 1896.

DESCRIPTION OF THE NEW EVERBLOOMING TEA ROSE "STONewALL JACKSON"—This magnificent variety, named after one of the bravest and most daring generals the world has ever known, is certain to become the leading everblooming pink tea rose of America. Its Adaptability to any soil and location, strong growth and freedom of bloom, places it in the front rank of this class of roses, while its lovely color and beautifully shaped buds and open flowers will be hailed with delight by both the amateur and duchess. The color is one not found in any other variety, being about half way between the LaFrance and General Jacqueminot, having all the rich tea perfume of the former, but partaking strongly of the color of the latter, which gives it a rich, deep crimson pink shade, making it the most attractive and sweetest of roses. As a Pot Rose it is unequalled by any other kind, growing and blooming incessantly almost the entire year, and thriving in any location it may be given. It begins to flower when only a few inches high, and we have seen over thirty buds and blossoms on a plant only six months old. For the Garden we know it cannot be surpassed. In all parts of the South, even along the Ohio river, it has proven perfectly hardy and furnished an endless amount of bloom the entire season, the plants being literally covered with its lovely buds or beautiful open flowers for months at a time. At the North it may be grown in the open ground until late in the fall, but then should be taken up and either potted or placed in sand in a dry place in the cellar, although we believe with good covering it will winter all right as far north as southern Wisconsin. We control the entire stock and it cannot be purchased from any other firm this season, as we have not until now offered for sale a single plant. Price for strong young plants that will bloom this season, 50c each, 3 for $1.25.

THE EVERBLOOMING ROSE "STONewALL JACKSON"  

GROWN AS A POT PLANT

STARLIGHT.

Free flowering, handsome in bud and blossom, and a strong vigorous grower, this describes the beautiful copper colored rose which is certainly one of the best ever introduced for house culture. Price, 80c.

LA PURITE.

Few roses will give better satisfaction than this. It is admirably adapted for house culture and thrives well in the open ground, blooming freely and incessantly in either location. The flowers are very beautiful, the petals are large and of good substance. It is one of the sweetest tea scented roses that can be grown. Price, 85c.

FOR 65 CTS.

We will send:

Starlight Jackson Rose, America Penunia, Datura Crocincopia.

WE HAVE A NEW ROSE.

VOTE FOR A NAME.

The Leader of its Class  

Our Customers can Name it  

Name it After a leading General.

A FRIENDLY CONTEST.

We have a most valuable new hardy rose which as yet is not named, and we decided to allow our customers to name this unknown beauty by their votes. Every person sending an order this season is entitled to one vote. A space being left on the order sheet for the name you think most desirable. Our idea is to name it for one of the leading generals, and the rose will be named for the one receiving the most votes.

Below we give the names of some of the most popular generals of the North and South:

- Gen. U. S. Grant
- Gen. P. T. G. Beauregard
- Gen. Geo. B. McClellan
- Gen. Robt. E. Lee
- Gen. W. T. Sherman
- Gen. A. S. Johnson
- Gen. Winfield Scott
- Gen. Bragg
- Gen. Ben. Butler

Descriptive of "Unknown Beauty"—Hardy as an oak. A strong, vigorous grower and the most free flowering perfectly hardy outdoor rose we know of. Can be grown in any part of the U. S. Color, deep carmine, often coming a crimson in good bright weather. Price for $3.00, 75c each.

THIS ROSE FREE.

To every one of our customers suggesting a name for this rose and sending an order for plants amounting to $1.00 or over, we will send one strong young plant of "Unknown Beauty" Rose of Championship. We want our kind patrons to have this marvelous rose before we offer it to any firm, and therefore take this method of distributing it.
The Everbearing Black Hills Red Raspberry.

Perfectly Hardy.

The grandest and most beautiful berry that we have ever seen. It originated in Dakota and is almost as hardy as an oak. The fruit is of a rich red color, extra large and of the most delicious quality. One of its best points is the wonderful yields and great length of time it will bear during the summer. The plants are vigorous in growth and so hardy that they have, for seasons stood our severe winters in the northwest, without any protection at all, always bearing heavily and surpassing any other sort in both yield and flavor.

A Few Words From One Who Has Grown This Berry.

L. L. May & Co., St. Paul, Minn.

Gentlemen—I have for years tried different Raspberries that I obtained from the East but never found a single variety that would stand our severe winters without heavy covering, until I tried the Black Hills Red Raspberry. This one is perfectly hardy, standing the winters without any protection. Fruit is very firm, larger than the Black varieties and of a finer quality. It is a heavy bearer and a most valuable variety.

J. V. DeWittz, Creston, Dak.

Price 30c each, 4 for $1.00, 12 for $2.50, postpaid.

Rocky Mountain Dwarf Cherry.

A Fruit for all People and all Sections.

Certainly the greatest novelty in the fruit line ever introduced. At an enormous expense we have secured the true stock of this marvelous fruit direct from the introducers, and are headquarters for it. One of the largest fruit growers in the west, who has grown the Rocky Mountain Dwarf Cherry for several years, says: "It is the most productive fruit of which I have any knowledge. I have picked sixteen quarts of fruit off a three-year-old tree. I have picked eighty cherries off a branch twelve inches long of a two-year-old tree. The fruit is a rich red and changes to almost black when ripe, and in size averages somewhat larger than the English Morello; season of ripening being after all others are gone. In flavor it is akin to the sweet cherries, and when fully ripe, for preserves or to eat out of hand, it has no equal in the line of pitted fruits, and is conceded superior to any fruit grown in this section. It has the best system of roots of any shrub or tree I have ever planted, which accounts for the wonderful productiveness of plants at such an early age. It bears every year, and is as prolific as a currant bush. Grows to a height of four feet, and has never been affected by insects, black knot or other disease." Price 35c each, 3 for $1.00.
THE CRANDALL GREAT TREE CURRANT
A MOST VALUABLE VARIETY.

It grows to a height of seven or eight feet and forms a handsome tree-like bush, such as shown in our illustration, in addition to being enormously productive it is absolutely proof against the currant worm and all other insects. The fruit which is of a purplish black color, is very fine for all cooking purposes, and unpreserved for pies, jams, jellies, etc. The U. S. Agricultural Report says: "It is an enormous bearer, the fruit large, fully one-half inch in diameter. It is well adapted for sauces, pies, jellies, etc., and is perfectly hardy." We think this is about all that is desirable in a currant, and heartily recommend it to our customers.

A Warning.—We are headquarters for this currant and all who desire it true to name should send their orders direct to us. Price 25¢ each, 3 for 60¢, 7 for $1.00, 15 for $2.00.

THE GRAPE NEW
"CAMBRIDGE"

A magnificent grape that will prove to be the finest of the black varieties. It is a seedling of the Concord, and far superior to this well known grape, both in quality and yield, and being equally as hardy and earlier, it will become more popular as soon as once known. We do not believe there is a black grape superior to the Cambridge in quality, or one that is more desirable for either private or market use. Price 40¢ each, 3 for $1.00, 7 for $2.00.

NEW BLACK ... RASPBERRY
"PRIDE OF THE MARKET"

Raspberries are numerous, but like every thing else there are many varieties that are worthless for general cultivation. "Pride of the Market" is the largest, finest and most productive of the black raspberries. It might be correctly termed an "everbearer," as it begins to fruit early in the season and yields abundantly until late in the summer or early fall. We highly recommend it to all who desire an extra fine berry for either private or market use. Price 15¢ each, 12 for $1.50, postpaid.

THE EVERBEARING TREE BLACKBERRY.
No One Who Has a Garden Can Afford to be Without it. Over 30,000 Sold Last Year. Everyone Wants it.

Unlike others it requires no stakes, and is by far the most productive, hardiest, finest flavored and handsomest blackberry we have ever grown. It grows in upright tree form to a height of six or seven feet, and produces its large delicious berries in the greatest abundance for several weeks during the summer. No person who has a few feet in their yard to spare can afford to be without this splendid fruit. It is ornamental as well as useful, and its habit of growth, hardiness and enormous yield makes it a most desirable variety. A few of these trees will keep a family supplied with delicious berries the entire season. The immense sale of this grand fruit has compelled us to grow an enormous stock this past season, and this also enables us to offer them at a lower price, so that they are now within the reach of all our friends. Our stock is extra strong and will generally fruit heavily the first year, and is always certain to bear abundantly of its mammoth delicious berries the second season. Don't fail to order the Everbearing Tree Blackberry. Price 25¢ each, 6 for $1.00, 15 for $2.00, postpaid.

COLOSSAL DEWBERRY.

A mammoth blackberry of the most delicious quality. One of the most desirable fruits we have for general cultivation. Price 25¢ each, 4 for 50¢, 9 for $1.00.

WHINHAM’S TREE GOOSEBERRY
A WONDERFUL FRUIT.

Demand Greater than the Supply Last Year—Send in Your Orders Early.

DESCRIPTION.
The magnificent variety which has created a greater sensation than anything in the fruit line that has ever been introduced.

It grows in upright tree form throwing its branches straight out or upright, holding the mammath berries far above the ground. The fruit is of immense size, often measuring 1 1/2 to 2 inches in length, a rich deep red in color, and resembles more a peach or red plum than a gooseberry. In flavor and quality it is unequalled, being entirely free from the coarseness so often found in the smaller sorts.

Another and most valuable feature of this splendid berry is its hardiness. It has been thoroughly tested in all sections of America and proven to be perfectly hardy, standing the severe winters of the North without any protection. In addition to it this is mildew proof, never showing the least sign of mildew, rot, blight or any other disease so common to this fruit. It attains a marketable size quite 3 weeks earlier than any other gooseberry, consequently commands the highest price, and is now generally admitted to be the heaviest cropping variety in cultivation, and is much prized in the green state.

It has never been known to fail in producing a splendid crop, even in seasons when other varieties were blank. This gooseberry has a peculiar advantage over others by coming into leaf some time before it flowers, consequently the foliage protects the bloom from destructive spring frosts. Indeed, taking everything into consideration, it is a gooseberry in the highest state of perfection and a variety that every gardener, farmer and fruit grower in America should have.

CAUTION—We are headquarters for this variety and have not sold a single tree to any firm in the United States. Send all orders direct to us for the true Stock. Price for 1500, strong stock, 30c each, 6 for $1.50, 12 for $3.00, postpaid.

AN ORNAMENTAL FRUIT BEARING PLANT
THAT NO ONE SHOULD FAIL TO SECURE

At an unheard price we have secured for our many friends this season, the greatest plant novelty that has ever been offered the American trade. This magnificent addition is a native of Southern Brazil. It is not only an excellent and valuable ornamental plant with rich green leaves that at once gives it a foremost place in the list of handsome foliage plants, but it also furnishes us with a most desirable egg-shaped yellowish orange-colored fruit which hangs pendant in clusters, just below the beautiful foliage. This fruit is of the most delightful flavor imaginable, having a slightly sub-acid taste, entirely different from any other fruit we are acquainted with. For eating out of hand, slicing, or making into preserves, it is simply delicious, and its lovely appearance in a dish on a table can only be equaled by the finest of tropical fruits. As an ornamental plant it has few equals. Its splendid bushy habit, healthy growth and charming foliage, giving it the preference over many of the weaker and more delicate plants of the ornamental class.

Mrs. T. B. Shepard, Ventura, California, writes:—"It is a fine shrub, the foliage is large and handsome and the fruit of a beautiful orange salmon color when ripe, and has a delicious sub-acid taste."

NOTE.—It is desirable only for house culture and the open doors during the summer months, but must be taken into the house at the approach of cold weather. Price, 50c. each, 3 for $1.00, postpaid.

THE SEED.—We can supply the seeds of this valuable plant and on each packet will be given full and complete cultural directions. This is very costly and consequently the packets will contain only about a dozen seeds each. Per Packet, 50c.
